East Grey Fair

The most successful in the history of the society goes on record for East Grey fall fair this year. For this the beautiful weather is alone to be thanked. As for the fair itself it was about on a par with other years although in some departments the exhibits were considerably short—notably in ladies work. In this department the new blood on the directorate appear to have made a blunder by cutting down the prizes. This will have to be remedied. Nor is the horse racing alone going to prove the drawing card in the future which the directors appear to think it. There are a large proportion of people who do not care if they never saw a horse race, and others who would go a long distance to keep away from such a sight as was afforded on Thursday last when one horse was forced around the track with blood dripping from its mouth. The directors were certainly derelict in their duty that they did not have the owner of that horse fined for his cruelty.

The stock exhibit was good. Among exhibitors of fine stock, were: Jacob Loughead of Wodehouse showed a pen of 17 Oxford Down sheep, including an imported ram and ewe. A. Muir of Ceylon exhibibited a pen of 12 Leicester and another of 12 Cotswolds. Mr. Kernahan of Feversham showed his choice Shopshires, including an imported ram. Exhibitors in other classes will be found in the prize list as given below.

The attendance was fully 2000 and the straight gate receipts amouted to $365,75.

A Judicious Inquiry

A well known travelling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unexcelled. For sale by W. E. Richardson.
