*Assurances may either be effected by Parties on their own Lives, or by Parties interested therein on the Lives of others.*
The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated.
The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured.
The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.
A Party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an *immediate Bonus* by not paying more than is absolutely required to provide for the risk.
The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to
