IMPORTANT CAUTION TO THE DEAF.

DR. HARTLEY, Aurist, 51 Sansom Street, Philadelphia, the only institution in America exclusively and successfully devoted to the treatment of ear diseases, and the only acknowledged aurist in the United States, generously offers to attend all persons suffering from affections of the ear without charge until cured, thereby proving his success unequalled, and protecting the deaf from being swindled by paring self styled aurists exorbitant fees in advance, and the infliction of yet more serious evil, by permitting the application of dangerous remedies by inexperienced and unskilful hands. Dr. H. may here state that he has no connection whatever with any persons advertising to cure deafness. Neither has he given permission for the publication of a "certificate," purporting to emanate from him, and cannot, therefore, be responsible for any alarming consequences resulting from rashness and desperation. The loss of money may not be material to some persons, but the deprivation of one of the most important of the senses, ought to be regarded and treated with more than ordinary solicitude.

ENGLISH AND AMERICAN
Garden, Field and Flower Seeds.

E. W. PALMER respectfully intimates to Farmers, Gardeners and others that he has for sale at his Drug Store, Market Square, Kingston, an assortment of the *best, purest* and *freshest* variety of Field, Garden and Flower Seeds that could be procured in the English and American Markets.

The English Seeds were imported in December, direct from the most celebrated Seedsmen in London and those from the United States were purchased from a Seedsman of twenty years' standing at Flushing, N. Y.

The importation of last year (though much larger than that of the previous one) having been found too limited to supply the greatly increased demand, last Fall's orders were much extended; several new and improved kinds of Cabbage and Turnip Seeds, Peas, &c., added, so that this year it is hoped that all orders may be filled. To secure supplies, however, early application should be made.

The Advertiser, by his seed importations, has greatly contributed to the improvement of Garden Vegetables and Field Root Crops and he is determined that no exertions will be wanting on his part to extend that improvement.

Country Merchants supplied on the usual liberal terms.

Catalogue furnished on application.
