The sad news was received here Monday morning of the death of Mr. Will Ritchie, merchant, of Dundalk. The event occurred at 1 a. m. Monday morning and was caused by quinsy, to which he was subject. The remains were taken to Orangeville on Monday evening train. Mr. Ritchie was a clerk in M. K. Richardson's store here a few years ago and was admired by a large circle of acquaintances for his many sterling qualities. He was a young man of most estimable character, unmarried, and his early demise is a sad shock to the friends here and in Dundalk. In church circles, where he was a willing worker, his loss will be most keenly felt.

One day last week a freight engine ran off the track through an open switch at the station, striking the station platform and demolishing it for a distance of some fifteen or twenty feet. Otherwise not much damage was done. Agent Holman while sitting in his office saw the accident and thought the engine was going to clean out the whole station. It is said he tried to climb up the wall to get out of the way, but soon found his efforts unneccessary.

While The Advance man was in Parry Sound district Mr. George Graham, who is up there, suffered an accident which came as near ending his life as it is possible for a man to come and still survive. While driving over the rough roads in a cart he was pitched violently forward, the cart upturned and a shaft broken. His legs were so caught in the wheel that he could not move. In pitching forward a small forked stick penetrated above his eyeball and in the eye socket to a distance of half an inch, making two perforations. In this position he was held completely fast. Fortunately the horse was a quiet one and remained still or Mr. Graham's legs would have been broken. Also fortunately Mr. Graham's cries attracted the attention of his two companions who were travelling some distance ahead, and they lost no time in coming to his rescue. The injury to Mr. Graham's eye gave most concern, but it had healed nicely when we came away. He was only off work for a couple of days, but it was a close approach to permanent injury or death.

Local Option Defeated.

Notwithstanding the fact that about one half of the available electors petitioned Artemesia Council to grant them the privilege of voting on local option, the council refused this petition on Saturday last by a vote of three to two. Those who voted for the measure were Best and McKenzie; those against, Boyd, Purvis, Carson. The hall was crowded with people when the petition was presented by Mr. J. I. Graham of Vandeleur. Those who spoke in favor of the measure were: Mr. Graham, Revs Hurlburt, Caldwell, Thom and J.S. I. Wilson; also Mr J. R. Hogg of Eugenia and Ex-Reeve A. Muir.

A counter petition signed by 400 ratepayers was presented by Mr. Haverson, a solicitor from Toronto, praying that the vote be not submitted. Mr. Haverson and Warden McArthur spoke to this petition. In face of a strong protest from the audience present the reeve cleared the hall while council discussed and voted on the question with the result as above stated. Thus the matter was shelved for a time, but we mistake the feeling of the ratepayers if the matter is allowed to remain in that condition any length of time. No council can balk the will of the ratepayers in the way our council has done, if the people care to assert their rights.

Salmon trout and fresh water herrings. The first of the season at Bentham Bros.

Not Sleeping Well.

Without sleep there can be no bodily or mental vigor, consequently sleeplessness is a dangerous condition. Nothing so surely restores sleep as Ferrozone; it's harmless - just a nourishing, strengthening tonic. Ferrozone vitalizes every part of the body, makes the nerves hardy, completely rebuilds the system. The cause of sleeplessness ig removed—health is restored—you can work, eat, sleep—feel like new after using Ferrozone. Don't put off—Ferrozone costs 50c. per box at all dealers; get it to-day.

Local Option.

The action of the council on Saturday in refusing the prayer of one half the ratepayers to grant a vote on local option is difficult to understand. The petition was, without doubt, the largest ever presented to the council and was certainly deserving of more attention than it received at the hands of our representatives at the council board. We have heard no reason advanced for the refusal, but the time will come within a few weeks when an opportunity will be given these gentlemen to justify their conduct and explain to an inquisitive public just what their motives were. The indignation meeting held in town on Monday evening made it evident that the petitioners will not patiently submit to the snub which was offered them and that opponents of the by-law will find strong opposition against them at next municipal election. No municipal council can override the wishes of the electorate if that electorate is sufficiently insistent on securing its rights. In this case the people certainly had a right to vote. As for the carrying of a local option bylaw in this township, that is another question foreign to the one under consideration, and every citizen has a right to his opinion as to the benefit or otherwise to be derived from such a law, but there are no two opinions as to the injustice of our representatives at the council board refusing the request of so large a number of electors as was represented on that petition
