Local Option

(Concluded from last week.)

Every officer appointed under this Act, every policeman or constable, or inspector shall be deemed to be within the provisions of this Act and when there is any violation it shall be his duty to search thoroughly into the truth of such complaint and enter complaint of such violation before the proper court without disclosing the name of the informant, and it shall be the duty of the crown attorney to attend the prosecution of such cases. Any such officer can demand the name of any person found in the violating premises. The refusal of name or address is punishable. Officers who are neglectful of their duty are under severe penalty Any books, paper or documents must be given up if asked for on such premises. The name and address of the informant must be strictly kept from disclosure. Witnesses, other than the informant must testify when summoned so to do.

Vote for and support local option. The Christian Church and institutions imbued with the spirit of Christian religion and the Creator condemn and oppose it. It is the greatest curse that nations and churches can experience. A liquor seller said, "It's a damnable bussness, but there is money in it." It tends to make the sellers of it cruel and unfeeling and to hurl their victims to the cold world Liquor causes almost all the murders and crimes. Liquor selling lowers the standard of the families engaging in the business. The liquor journals have lamented the censure by public society and fraternal societies. Local Option is now in 192 municipalities in Ontario. Over 60 more are looking for it next January. The 5000 drunkards that annually go down to graves in Canada cry against the "damnable business." Then 5000 recruits, boys and girls, are wanted yearly to fill their places. We want to close the bars, not the hotels, to have better houses of accommodation and not the smell of liquor to disgust abstainers or tempt the slaves of drink or entrap pure boys. The whiskey party oppose local option because they know it is efficient to check their business. Abstainers live on an average about 63 years, drunkards about 37, moderate drinkers have their life proportionately shortened as insurance companies show. No drunkard or liquor seller can enter the kingdom of heaven, we want them freed from such a fate. Liquor degrades families and people, we want to lift them up. When people go to market for trade they seldom go for drink. Farmers with few exceptions dislike the liquor hotel sheds and prefer the temperance hotel and store sheds. Toronto Junction has improved in wealth and morals by local option. The liquor traffic of Canada hands $7,000,000 annually as revenue to the government and pockets $33,000,000. The traffic costs Canada $150,000,000 annually, directly and indirectly, nearly $40.00 per capita of population. The liquor bars and dealers cost Canada the value of all its farms in four years. It causes 65 % of the crime and more as given by the statements of judges and statesmen. Neepawa has had local option 18 years and still carries it. Every person who votes against local option votes for the bars and their consequent misery, crime, poverty and the luring of 5000 or more fresh recruits from boyhood and girlhood every year. Some of your boys must suffer. The more bars and liquor the more immorality, degradation, poverty and hostility to churches The liquor traffic deteriorates people physically, morally, mentally, and spiritually.

—Rev. Dr. Caldwell.

No Poison in Chamberlain's Cough Remedy

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in the market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlin Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds croup, and whooping cough. This remedy is for sale by W. E Richardson.

Citizens Resolve to Fight

A largely attended meeting of representatives from all parts of the township was held in the basement of he Methodist church on Monday evening last to discuss local option matters. The meeting had been called as a committee meeting but resolved itself into a gathering of much larger dimensions. The basement was crowded with ratepayers whose temperance sentiment has been aroused by the action of the reeve and two councillors in refusing to submit a local option bylaw. The gathering was presided over by Mr. M. K. Richardson, and a large number of speakers gave ten-minute addresses, after which the following resolution was submitted and carried unanimously:

Whereas, the petitions of the temperance people of Artemesia have not been granted by the Council of the said township, and whereas we believe the time has come for the adoption of local option in the said township, as indicated by the petitions of over 500 ratepayers,

Resolved, That the electors of Artemesia who favor local option meet in convention in the Township Hall on Monday, Nov. 27th, at 2 p.m. for the purpose of selecting candidates for the ensuing municipal nomination, and that the committee now in existence representing various organizations in the township, be authorized to make recommendations at said convention, also to prepare a program for the same.

"Stomach Catarrh"

—— It is a fatal waste of time to trifle with snuffs, powders, inhalers, or other dangerous nostrums, with the idea of curing Catarrh of the Stomach. Once Catarrh has reached the stomach it can only be eradicated by creating pure, rich blood. Catarrh is a germ disease. The stomach and intestines become nests for myriads of these tiny germs. Local applications have no effect on them. They must be driven out —the stomach cleansed, the blood purified, the system toned up. "PSYCHINE" will positively cure the worst form of Stomach Catarrh, by purifying the blood, cleansing the stomach, and destroying germ life. Thousands have been cured of the prevalent malady, through this remarkable discovery, "PSYCHINE." Druggists recommend it.
