Mr. J. I. Graham of Vandeleur received last winter a bundle of apple scions from England, and at the proper time last spring the grafts were put in. One—a Bismarck—grew rapidly and ripened an apple this fall, about six months after it was put in. This is considered to be very remarkable, as two to three years generally elapse before grafts come into bearing.

The school of telegraphy is rapidly filling up. Only a few vacancies left, enter now. H. A. Willett.

He will also be in Durham on Monday next, 4th Dec.

The Executive of Artemesia Temperance Association met on Monday evening after the general meeting and decided that in the event of the council for 1906 granting a vote on Local Option, the executive would pay all the costs of such vote, thus making futile any protests on the score of costs to the township. This is generous, to say the least, as a vote in this township costs in the neighborhood of $84.

Editor Advance:—A report is in circulation to the effect that I inspected and paid Thos. Lever for the building of a bridge at Ellict's cheese factory near Markdale, and that the job was left in an unfinished condition. This report is entirely incorrect. There has not been one dollar paid on account of the building of this bridge, and will not be until the job is completed according to contract. —John Boyd, reeve.

Teacher Reid and the pupils of school section No. 3 desire to thank Rev. and Mrs. L. W. Thom for a welcome visit to the school on Friday last. Mr. Thom gave an interesting address to the pupils and Mrs. Thom treated them to candies. Teacher Reid is now comfortably domiciled in the new schoolhouse and is much pleased with the accomodation now afforded. Mr. Reid says visits from public men and women are appreciated.

Someone entered Mr. John Buchanan's house on the Meaford road on Saturday afternoon last in the owner's absence and extracted a five dollar bill and a dollar in silver from the bureau drawer. A suspicious character seen in the vicinity has disappeared and suspicion rests against him. He is a short, thickset man, dark complexion, about 5 foot 6 inches, wears rough clothes and has no regular place of abode. Our readers would do well to beware of a possible visitor answering this description.

The two Durham papers are afraid that an attempt is about to be made to remove the cement plant from that town, notwithstanding that the concern is now on a paying basis. The company claims that the marl is running out but Durham town council has demonstrated that there is enough marl in the immediate vicinity of Durham to last for fifty years. We have a scheme by which our two Durham confrers can get over the difficulty and retain their mill. The stock is now selling away down at 16, isn't it. Buy it up, boys; buy it up and secure a controlling interest so that when the annual meeting comes there will be no danger of being outvoted. Think of the pot of money you would make when the stock goes up to 125!

R. J. Sproule, the local director of the Huron and Ontario Electric Railway, received a call on Monday from the chief Engineer of the road; McK. Cameron, Esq. of Meaford, who is also a director, and J. McAdam, who is interested in the building of the line. They were taking a run over the proposed route of the road, and called on their director here for purpose of getting what information he was able to give, respecting the proposed location into and out of Flesherton. After having been shown over the natural route from Flesherton into the Valley, and the proposed route westward, the engineer appeared quite pleased with the feasibility of the route and the reasonableness of the grades of the line into and out of Flesherton.

For sale cheap and on easy terms, 1 6 stop organ, 1 240 lb platform scale, 1 dining table. Apply to R. J. Sproule, Flesherton.

J. B. Egan, Ceylon, has sold his general store, stock and contents, also his real estate, to Mr. James Patterson of Swinton Park. We believe Mr. Patterson takes possession in February.

Markdale council met on Monday evening and followed the precedent set by Artemesia Council refusing to submit a local option bylaw by the same vote that Artemesia council gave—3 to 2—the reeve of Markdale voting against the measure.

Sim, Box 144, Leamington, Ontario.

Mr. Lorenzo Norris and Miss Minnie Bellamy, daughter of Mr. and Mrs. John Bellamy of Flesherton, were united in marriage at the manse, Dundalk, by Rev. J Buchanan, on Monday last. The young people will take up their abode in St. Thomas. Our congratulations follow them.

The Baptist Church at Rockvale is progressing rapidly now. The opening services will (D. V) be held on Dec. 10, when Rev. W. E. Norton, Superintendent of Home Missions, will be present and will preach at 10.30 a. m. and at 7 30 p. The rev. m. gentleman will also visit Kimberley and conduct a service in the afternoon at 3 o'clock on the same date.

Heifer Strayed—yearling heifer came to my premises about the middle of October. Owner please prove property, pay expenses and take away. John Williams, lot 24, Old Durham Road.

The Blackstone hunt club of Colling wood, consisting of eighteen members, only succeeded in securing four deer this season, less than a quarter apiece. The Flesherton parties were extremely fortunate compared with many others.

### Story of a Walking Stick

Mr. Thompson Wilson of this place a couple of month's ago lost a walking stick which he valued for its associations. He advertised for the stick and offered five dollars reward for the return of the same. A party living near Markdale found the stick but refused to give it up, notwithstanding that the five dollars was offered him. Mr. Wilson then sued the finder for $25.00 and this brought him to time. On Thursday last the stick handed over and proceeding dropped on payment of all costs. Of course the finder also forfeited his reward.
