Industrial Home Notes

(By an Inmate)

Archie Lockhart, who, at his own request was discharged in the latter part of September last was readmitted on Saturday last and he says there is no place like home. It is no wonder, when there are people to be found that are unscrupulous enough to take all they can out of a homeless and friendless old man, and when they are done with him turn him adrift without any recompense for what he has done. Such appears to have been the case with Archie. On leaving the Home he engaged himself to a farmer in the neighborhood of Chatsworth to attend stock, and as we understand, the man was to pay him according to his work. The stock was large and the old fellow was kept hard at work from 7 a. m. until 9 or 10 p. m., and when the man thinks he can dispense with his services he turns him adrift, and instead of paying him, keeps the old fellow's watch and some other articles, and has the audacity to write an anonimous letter to the Superintendent of the Home, begging him to be good to the poor. The old fellow was badly treated all the time he was employed there and he showed it when he returned, and it is to be hoped that steps will be taken to make the man do what is right. We may add in justice to Archie, that although he is well advanced in years, he is still rugged and able to take a fairly good man's place in the field or in the barnyard and stables, his greatest infirmity being extreme deafness. He was the first inmate admitted to this institution, was one of the outside workers, and always kept himself busy at some chores, either inside or outdoors.

The first burst of the season of the water pipes from frost occurred on Thursday night last, but Mr. Harness was equal to the occasion and in a neat manner soon repaired the breach.

Mr. Harry Harness of Owen Sound, is spending a few days with his parents and sister at the home.

Miss Mabel McArthur, Miss McPhail and Miss —— from Stones Settlement visited the institution on Thursday last.

Your scribe received the other day half a dozen copies of the Edmonton daily Bulletin. It is a six column, eight page paper and contains about 90 per cent advertisements. The inhabitants are jubilant over the completion of the C.N. R. to that city. The last spike was driven on Thursday last.

Our sabbath meetings are losing none of their former interest and attractiveness Large numbers continue to attend. Yesterday (Sunday) Mr. Harness in his usual able manner delivered a discourse from 2 Chronicles, 1—10. Some very fine vocalists being present, the singing was very effective. In the evening Mr. Harness filled the appointment at Ebenezer.

No Poison in Chamberlain's Cough Remedy

From Napier, New Zealand, Herald: Two years ago the Pharmacy board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in the market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by it's makers for for coughs, colds, croup and whooping cough. This remedy is for sale by W. E. Richardson.

Pain About the Hips

It is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain immediately. Nerviline warms and soothes the affected parts, draws out the irritation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! Nerviline must be good.

H. STAFFORD

The statement is made by those closely identified with the Seldon House that in order to meet the demand for additional rooms that the directors will consider at the next meeting the advisability of tearing down the brick stable to make room for a three storey addition in which to locate more sample rooms on the ground floor which are greatly needed, while upstairs would be devoted to a better class of sleeping apartments than now exist, to which would be added baths. The two men has results are regarded as most satisfactory and demonstrate that a first class hotel without a bar adjunct can be made a paying concern.—Times.

Do You Get Bilious?

No remedy could be more prompt and agreeable than Dr. Hamilton's Pills. No matter where you go you'll hear of the grand cures they make. Writing from Ottawa Mrs. M. E. Legere says: "For people inclined to biliousness and sick headache I don't think there is a remedy to compare with Dr. Hamilton's Pills. I formerly had bilious attacks about once a month—used Dr. Hamilton's Pills and obtained grand results. My stomach has been put in good order and my health greatly improved." No medicine better for men, women or children. Try Dr. Hamilton's Pills,—25c. per box or five boxes for $1 00 at all druggists.

The statement is made that in upper Michigan and northern Wisconsin during the past hunting season 28 persons were killed and 55 wounded. One for the season in Ontario was horrifying, but what shall we say for the above record?
