RAILWAY MATTERS.

An item of railway news of considerable significance to people here appeared in the current issue of The Railway News. It will be remembered that some time ago a deputation went from here to Ottawa to assist in securing the passage of a railway charter and subsidy to the T. L. E. & P. railway from Ingersol to Collingwood. The subsidy was granted for some 70 miles and since then, no definite statement regarding the building of the line has been forthcoming until the present. It was understood but not stated that the C. P. R. was at the back of this enterprise. Now there are statements of fact that are considered as very cheering news to those who hoped to see the line built through. The item from the Railway News, referred to above, reads as follows: The T., L. E & P. Railway was taken over by the C. P. R. on Nov. 23, and will now be operated in connection with the lines of District No. 2 of the Ontario division. About twenty of the head officials of the C. P. R. were in Tillsonburg and C. Murphy, divisional superintendent, spent Tuesday and Wednesday looking over the road. No change will be made at present in operating the road. A. L. Baker will remain at the Tilsonburg station as despatcher and head station agent, and will have N. A. Dorland as assistant, and other agents and trainmen retain their positions. J. H. Teall, general manager, has given up connection with the road, though the C. P. R. desired to retain his services. The extension to Collingwood will be pushed as rapidly as possible.
