I Am Now A Different Man

So says retired Salvation Army Officer, who regains health after ten years suffering—Claims Dreco wonderful remedy.

"For the past ten years I have suffered from neuritis and a general run-down condition of the system," states Mr. Philip Lewis, former Salvation Army Major of the Junior Sunday sthool, Maidstone. Kent, England, and now a well known resident of Toronto, residing at 493 Keele street.

"After my arrival in Canada 12 years ago, I was taken ill with pneumonia, which resulted in a nervous, weakened condition of my system. Finally neuritis set in and the following four years I was ill most of the time, gradually becoming worse, until it was almost impossible for me to drag one foot in front of the other. This necessitates the use of a cane when trying to walk.

"I tried many medicines and spent hundreds of dollars without getting results. Since June 1922 I had been unable to do any work, my entire system being so very weak. I had just about given up all hope of recovering, when I happened to read how much Dreco was doing for others, so I decided to try it.

After taking Dreco only one week, the results were so surprising that I decided to cantinue the complete treatment, which I have done and I am now a different man.

"Dreco is a godsend and I gladly recommend it to anyone. I am 100 per cent. better in every way and have started working again.

"I have no more terrible pains and aches through my limbs and back and the use of a cane is no longer necessary. This improvement I feel is really wonderful for a man of 60 years of age to receive in so short a time. My health in general is greatly improved and I feel much stronger."

Dreco is a natural remedy prepared from roots, herbs, bark and leaves, and tones and regulates all the organs of digestion, upbuilding the general health. It contains no mercury, potash or habit-forming drugs. Long standing, obstinate digestive complaints yield readily to this reliable corrective.

Dreco is being specially introduced in Flesherton by C. N. Richardson and is sold by a good druggist everywhere.

SIX HILL STORES

We buy together in order that our customers in the six communities may materially benefit individually.

Distinguished Visitors

A party of distinguished visitors arrived here on Saturday and remained over until Sunday afternoon. The party included Prof. Thomas S Cullen of Johns Hopkins university, Baltimore, Maryland, who came to visit his uncle, Mr. Johnston Cullen.

Prof. Cullen is Professor of Gynecology in Johns Hopkins. He is a grandson of the late Stephen Cullen and a nephew of Mr. Johnston Cullen of Flesherton. His father was a well known Canadian Methodist minister, the late Rev. Thomas Cullen. He was accompanied by Mr. Max Broedel, Director of the Department of Art in Medicine in Johns Hopkins Medical School, and is recognized as the world's best medical artist, he having illustrated many medical books published by professors in the Johns Hopkins Hospital. He is training medical artist for the leading medical schools in the United States and Canada.

Also attached to the party were Mr. Alfred Rasflaub, a business man of Pembroke, and a sister of Mr. Johnson Cullen, Mrs. William Lewis of Mono Mills.

The gentlemen were on their way to their Canadian camps on the Magnetawan river.

A Sunnidale Round-Up

Prov. Constables Gardner and Rich, and License Inspector Reid, had a lively time on Saturday last at the township line between Sunnidale and Tossoronto. The three were holding an observation camp when a Ford car loomed up and was stopped. In the car were Cornelius Barker, Edgar Barker and Ernest Allen, and a lively scrap ensued, but the trio were finally arrested, Cornelius carried a loaded revolver and the car was lightly loaded with whiskey. Allen broke his bottle on a stump before he could be stopped and started across the field, but was arrested by County Constable Cutcheon. Cornelius Barker is supposed to be the leader of the swamp whiskey gang and is wanted at Orillia, Orangeville and Bradford. The three were taken to Barrie gaol and came up for trial on Monday morning. C. Barker was fined $600 and costs or 6 months for having liquor in other than a private dwelling and remanded for a week on a charge of carrying concealed weapons. Earnest Allen was fined $500 and costs or 6 months for having liquor and Edgar Barker was dismissed. The Provincial Police are to be congratulated upon rounding up a notorious gang.—Collingwood Enterprise

No Sports At Feversham On Dominion Day

Owing to a number of clubs in the immediate vicinity celebrating the First of July, the Feversham Football Club has decided to postpone their Sports Day to a later date. The Club motored to Maple Grove Baptist church on Sunday and attended divine service. Mr Cameron, one of the boys, expressed his appreciation of so large a turnout and preached an appropriate sermon which was well received by all.

Personals

Collingwood is asking the C N R to build an elevator there.

Messrs. Ellwyn and Chas. Jamieson and families spent Sunday with their mother here.

Mr. Dave Adams visited in Tottenham last week and was accompanied home by his wife and children and Mrs. Emerson Adams and daughter, Jean.

Victoria Corners

Mrs Hodgins of Toronto visited her niece, Mrs Robert Lee, last Thursday.

Mrs Arnold of Mount Albert is visiting her sister, and Wm Little of Owen Sound is visiting his sister-in-law, Mrs George Moore.

Albert Stevens and wife had a family reunion over the week end, those being present from a distance being Mrs Bragg of London, Mr Stevens' sister; Miss Violet of Toronto, lately a graduate of a New York hospital; Mr Brewster, wife and family, of Maple Grove, as well af those who live nearer home.

Rationing the Sow.

Rationing the sow is the surest way to forestall trouble. Overfeeding at farrowing time makes her feverish and nervous; more likely to trample her offspring and less able, often, to secrete milk properly.

Don't feed the sow at all during the twenty-four hours before farrowing, and during the week prior to that keep corn out of the ration. Corn is an especially heating feed. Instead, feed ground oats, barley or bran, any one or two of these, or all three if you like.

And don't feed the sow at all for from twelve to eighteen hours after farrowing. After that, even, go slow, taking from a week to ten days to get the animal back on full feed.

Scours in young pigs is one of the troublesome conditions which arise from faulty feeding of the mother. Next in importance to rationing comes condition of the pen. Clean, dry pens do much to prevent digestive disorders and rheumatism in both the sow and the pigs.
