Priceville

The result of the election on the 6th is like some of the Japanese victories—even greater than the most sanguine expected.

People hundreds of miles distant are already turning their eyes toward our village and making inquiries about property, with a view to purchasing, as they consider a local option town a desirable place to live in.

We are sorry to learn that Miss M Riley is very ill this week, a complication of diseases having set in.

The Agricultural Society held a meeting on the 7th. The attendance was better than for years past and the balance on hand is perhaps the largest of any society in the county.

Mr. Carmichael opened school again last week, but was unable to continue the work, his eyes being too weak yet. His brother takes the school for a few days.

D. T. Hincks sold four head of fat cattle last week for $285.

Commissioner McCannel had a successful sale last week. The proceeds mounted to $1700. He has sold his farm and will reside in Durham.

We notice in the "Gazette Review" the following resolution passed at the annual meeting of S. S. No. 10, West Williams, in the vicinity of London Ont., where a Priceville girl has become a very popular teacher and receives a salary of $460. Moved by Mr. Oscar Loomis, seconded by J. M. MacKay and resolved that we the ratepayers of this section desire to express our unbounded satisfaction in our teacher, Miss M. McLachlan. We are highly gratified with the high standing of our school as shown by the inspector's reports, the perfect order observed during school hours, the rapid progress made by the scholars, their marked good behavior when out of school is alike gratifying to parents and all with whom they come in contact, while her conduct and deportment in general is an inspiration to better aspirations and better deeds. That a copy of this resolutiton be handed to Miss M. McLachlan and copies sent to the Parkville press for publication.—S. Nicholson, Sec. board of trustees.
