Mr. T. Quigg has recently purchased a 16-months Shorthorn bull from Mr. Calder, M. P., of Brooklyn, Ont,, also a Yorkshire hog from R. F. Duck & Son, of Port Credit. These animals are the best of the kind. Mr. Quigg has placed his advertisement in The Advance.

Mr. W. B. Huntsman, agent of the Upper Canada Tract Society, occupied the three pulpits here on Sunday last--morning in the Baptist, afternoon in the Presbyterian and the Methodist in the evening. The speaker gave quite an interesting account of his work among sailors, lumbermen and miners around the lakes and in New Ontario.

Messrs. Blakely and Boyd of the sash and door factory are doing a great rush order business on stock for the Northwest including complete outfits for four houses. Some has already been shipped and some is now under way. This together with the usual jobbing work, has kept the firm moving fast, and with home orders now in they will be busily engaged for some time to come, and will doubtless have to enlarge their staff.

A full stock of flour and feed always on hand at Bentham Bros.

On Friday evening last the senior hockey team played a match with a scrub team (the Argonauts.) The score was 17-13 in favor of the seniors who received the trophy, a silver cup. The game was not a fast one by any means. Mr. J. Bowler, the referee, endeavored to give entire satisfaction, having at least one man on the fence nearly all the time. He wore rubbers in order to move around with greater ease and speed The penalized ones were mostly seniors.

A party of seven or eight jolly travellers left here on Monday for Edmonton. The crowd consisted of W. Caswell, who acted as chaperone, T. Bulmer, Charley Ottewell, the Kinnear boys and young Glassford, and another young man from Maxwell; and Garnet McGee, Ed and Geo Jamieson of Eugenia. Most of these will remain in the west for the summer. Mr. Caswell intends to see the Peace river district before returning and will probably be away about two mouths.

The greatest hockey match of the season was played Monday evening on the Markdale rink, between the Owen Sound and Markdale clubs, resulting in a victory for the latter by one goal, the score being 3-2. A train load of Owen Sounders came down to witness the defeat of their club. The game was played in about two inches of water, in which the players were sprawling around like frogs. By this game Meaford wins the cup, Two hundred dollars were taken at the door. A number of Flesherton sports went up to see the game.

The Flesherton I. O. F. held an entertainment and banquet in the town hall on Wednesday evening of last week when some 95 people, including members, wives and friends enjoyed the evening with oysters as the piece de resistance. The Chief Ranger, Dr. Murray, was unavoidably absent and the chair was occupied by District Representative Wesley Buskin A choice program, lasting about two hours was rendered before the banquet, and consisted of songs, recitations and musical selections on piano, violin and gramophone. The program was so extensive that it is impossible to individualize, but we might mention a recitation by Miss Gladys Cornfield, "When Father Joined the Lodge," and a duet by Lilian and Laura Armstrong. Mr. John Bellamy was a most satisfactory caterer. This lodge appears to be in a most flourishing condition.

Durham Now Wants to Bet.

The following from the Durham Chronicle of last week is too funny to let slip through without publication in this influential and widely read journal. As a specimen of sugarly sour grapes it discounts anything we have read. Here is the item in its entirety :

For one thing we may say Durham gives employment to every one of her population that wants it, and it's steady, too. We have no time in this hamlet to go to the station at 9.30 a. m. and wait for the 3.15 p. m. train. Neither have we time to tear off to Markdale or any other place to 2x4 hockey exhibitions. For another thing, when the Ladytown club gets a challenge from this place to come over and play, we'll pay for all the music and endeavor to show them as good a time as the place affords. We haven't any prizes or trophies to play for, and when an outside team comes in here we simply pay all expenses and let it go at that. An ordinary glass or tin cup is good enough for our modest citizens to drink out of, and we're too busy to appreciate the value of a silver water tankard for ornamental purposes only. To be decent, however, when some of our hockeyists heard that Flesherton had gone to the enormous expense of getting bills printed, scraped up a team and went over. Up till half time they received a little consideration, and the score was 4-1 in favor of Durham. At full time Flesherton was ahead 6—5. We certainly won't kick on the referee, and will allow the "Ladies" all the glory of a grand victory, but if they have any good cash to put up—enough to make a game worth while—we're here with the long green—and Durham doesn't lay any great claim to having the best puck chasers in the country, either.

The Chronicle is refreshingly Frank in defining the greatness of Durham and its ability to look after its own youngsters as they grow up, but we don't believe what it says. It can't keep its own girls at home any more than some other towns. They have to move out as soon as they get big enough. The young men over there are no good. They spend all their money betting on hockey and horse races and never think of getting married. No, you won't get any bets on with Flesherton, Mr. Chronicle. Our young men are saving their money for matrimonial purposes, and can't be called off with any wild-goose "honking." They say nothing, but play hockey and win silver coffee pitchers, cups and other nice things, wherewith to begin housekeeping. Another thought has just hit us too. It is so late in the season now that The Chronicle knew there was no danger of the challenge being taken up when it was made. "Nuff sed."

A distressing accident occurred on the Grand Trunk at South river recently, which resulted in the death of Ernest Thurston of Honeywood. The Stayner Sun says : He left here with a car load of horses, etc., belonging to J. H. Johnston for Yellow Grass, and while the train was waiting at South River a rear-end collision occurred, smashing several cars, killing Mr. Thurston and seriously injuring Mr. C. Sled of Batteau. A number of horses and cattle were also killed and injured. The funeral took place on Sunday to the Honeywood cemetery. The deceased was in his 25th year. Mr. Chas. Sled of Batteau had a narrow escape from death. He was thrown several feet but escaped with a wrenched back and a severe shaking up. He also lost three good horses. Mr. Johnston lost four horses. L. L Currie of Nottawasaga and Charles Leach of Duntroon had several head of horses and cattle killed and injured.

Chris Stong of Woodbridge, who was recently killed by falling from a tree, had, it is estimated, during his 20 years of life killed something like 2500 racoons.

W. C. Davis, Flesherton, painter, decorator and paper hanger, keeps on hand a stock of wall paper for sale. Samples shown on request. All kinds of decorating, painting and paperhanging done on shortest notice. ylma

PAGE FENCING
THE BEST IS THE CHEAPEST

When you buy a knife for instance, you consider the **quality** of the steel in the blade. The biggest and heaviest knife is not necessarily the best. Now there is just as much difference in the quality and strength of steel in fence wire as there is in a knife blade or razor. The Page Co. use a **high carbon steel wire,** which though it costs you but little more, is fifty per cent. (50%) stronger than wire in other fences. The lightest PAGE fence is as strong as the heaviest of other makes.

Notice the lock in PAGE "EMPIRE" FENCE. You may have noticed also that **others are imitating it.** That is a good recommend for it. Where we lead others follow.

All PAGE wire is **"COILED,"** not crimped.

THE LOCK IN PAGE "EMPIRE" FENCES.

Besides the extra strength and superior workmanship, PAGE FENCES are **dipped in a special white paint,** which on top of the best of galvanizing, will lengthen the life of wire for years. And, also, this white coating makes wire much more sightly.

Owing to the great strength and elasticity of PAGE fencing, **one-third less posts** are required, thus reducing the cost of the fencing.

As you get in PAGE FENCES **one-half more fence strength,** greater protection against rust, better workmanship, better appearance, use less posts, can you afford to use other fences, even though you could buy them for one-half the price of the PAGE? But, really **ours cost you little, if any more.** 408
