Passes Away At The Age Of Fifteen Years

Sad, indeed, was the news of the death of Lawrence E. Croft, youngest son of Sarah Ann and the late Chas. Croft, 4th Line, Artemesia, at the age of fifteen years and five months. Rev. Mr. Shannon officiated at the funeral service, which took place on Nov. 16, when a large cortege followed the remains to Maxwell cemetery. The deceased was sick but a short time, pneumonia having caused his death. The young boy was well liked by all who knew him. He leaves to mourn his loss, besides his mother, four brothers and two sisters—Robt. of Rock Mills, Walter, Dundalk, Russell and Earl at home, Mrs. M. Douglas of Feversham and Mrs. Jos. Twigger of Collingwood. His father departed this world fourteen years ago. "In the midst of life we are in death."

THE COW THE MOTHER OF PROSPERITY

Valuable Illustrated Treatise On Dairy Farming Being Distributed by Bank of Montreal.

"Where the cow is kept and cared for, civilization advances, lands grow richer, homes grow better and debts grow fewer."

The above is an extract from the preface of a book entitled "The Cow, the Mother of Prosperity," copies of which are being distributed by the Bank of Montreal.

This book is probably the best popular treatise on dairy farming which has ever been published. It has been written with a view not only to guiding the farmer in the selection and breeding the best types of dairy cows, but also to guiding him in the care and feeding of dairy cows in very condition of climate and soil throughout the continent of North America. The author, Mr. Ralph A. Hayne, of the Agricultural Extension Department, International Harvester Company, in his foreward, describes th cow as one of the greatest blessings to the human race. "No nation or people," he says, "has become highly civilized without her. She produces the best human food on earth. She makes this health-building, strength-giving food from grass and coarse plants. Without her agriculture is not permanent or prosperous, people are not healthy or happy. Wherever the cow has taken her rightful place, and man has done his part, we find farms furnishing an income every week of the year. We find homes with conveniences. We find intelligent, thrifty, debt-free people with minds and hearts alert from steady employment. We find a good citizenship, a good agriculture. Truly, the cow is the mother of prosperity."

He proceeds to describe typical localities to which the cow would bring prosperity. Then he tells how to select right kind of cows, describing in detail the good and bad points of cows from head to tail. The breeding, care and feding of cows, the best kind of feed in various localities, the construction of barns, the making of silage, the testing of cows and their milk, methods of milking and the type and care of dairy utensils, the best methods of marketing milk, the care of calves, either for rearing or for production of veal the use of manure, the best breeds for varying conditions and the treatment of diseases, are all dealt with fully and in plain language that anyone can understand.

A valuable feature of the book is the fact that every point dealt with is illustrated by photographs specially taken for the purpose or by diagrams. Over 250 photographs are reproduced.

The Bank of Montreal is doing a splendid work for famers by having a special edition of many thousands of this valuable book printed for free distribution throughout farming districts in Canada. We understand that the demand for the book has exceeded all expectations, but that a reserve supply has been secured, so that a limited number is still available free of cost. Application for the book should be made to the local branch of the Bank of Montreal.

RE-DECORATING OF CHURCH FINISHED

For the past few weeks the Presbyterian church has been undergoing extensive improvement by being redecorated, under the direction of Mr. Jas. Hiller, the new color scheme is of cream and brown and gives a pleasing sensation to the eye. On Sunday the church was re-dedicated by Mr. J. Harrower, the new minister. The choir furnished special music for he occasion and the mnister gave a fine sermon on the parable of the sower. On Tuesday evening a fowl supper was given in the church by the Ladies' Aid, under whose direction the decorating was done, and a sumptuous tea was served. A large crowd was present and the proceeds amounted to over $135. A concert was given at the close of the supper by local talent.
