The Late Mrs. Henderson.

The funeral of the late Mrs. Robert Henderson, whose decease was mentioned last week, took place to Mt. Zion cemetery on Thursday and was largely attended. The Herald in speaking of the deceased lady's life, says: Deceased had been ailing from time to time for a year or more, but pneumonia, which attacked her two weeks ago was the immediate cause of her death, which occurred at the home of her daughter, Mrs. John Johnston, Main street east.

Deceased was born in the County of Armah, Ireland, and with her parents came to Canada when quite young, settling in the township of Vaughan. About sixty-one years ago she met the man who was destined to become her husband and they were married in Toronto, then Little York. Ten years later they moved up into the wilds of Artemesia, taking up their abode on lots 179 and 180, 2nd con. E. T. & S. Road. The following years were spent in a manner similar to that of their few neighbors who were scattered throughout those endless, yet magnificent forests. Hardship was their daily portion, but like others they struggled on until great patches of daylight were let into the darkness of the undergrowth and cleared fields commenced to make their appearance.

Thus they continued until the year 1861 when the family suffered the first great bereavement. Barn raisings were a common thing then, not such as we have today, but structures made of great logs that required skill and strength such as the men of those days possessed. Some of our readers will remember the accident at the raising on Mr. Ab. McMaster's farm in that year. In an accidental way a great log struck him and he only lived two hours. With her family of nine, however, she continued on the farm until 23 years ago, since which time she resided with her daughter, Mrs. Johnston, at Wareham and Dundalk.

The children born to them were: J. W., Mrs. Robt. Carson, Proton; W. J., Wareham; Joseph, Rob Roy; Dr. Thos., Samuel and Dr. Robt. H., Toronto; Mrs. John Paul, Feversham; Mrs. John Johnston, Dundalk, All are living except the first named, who died in Toronto some years ago. He was inspector for the North of Scotland Insurance Co. Seven years ago there appeared a picture of six sisters in the Toronto Globe whose ages averaged over seventy years. The deceased was one of the sisters.

Caught Cold while hunting a Burglar

Mr. Wm. Lanorgan, provincial constable at Chapleau, Ontario says: I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it and after using two small bottles was completely cured". This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by W.E. Richardson and H.L. Douglass.

A lamentable affair took place at lot 21, con. 1, Chinguacousy, on Sunday afternoon last, when Mrs. Frank Ruston ended her life with a shot gun. Mrs. Ruston had been in poor health for some time and her illness had unsettled her mind. Securing the gun while her husband was at the barn getting a team ready to take her to consult a doctor, she placed the weapon to her head and pulled the trigger. Death was instantaneous. Deceased was thirty-two years of age and leaves one child.—Bolton Enterpise.

On Friday last the fourteen-year-old son of Mr. Wm. Nurse, of Amaranth, touched off a pound of gun powder, causing painful injuries to himself, and almost burning the house. The young lad secured the can, holding a pound, and poured out some on a paper holding it in his hand. This he touched off to see the effect, but some of the sparks fell to the floor, exploding the can. The flame from the burning powder shot up around the head and face of the lad, completely burning the hair off part of his head, and lifting the skin off part of his face. His escape is marvellous. The room caught fire, but it was extinguished speedily. The doctor in attendance hopes for a speedy recovery, and no permanent injury other than a slight disfigurement.—Grand Valley Star.

The danger of spreading contagious diseases by negligent people is great, and Dr Cameron, medical health officer, wishing to make an example of some of these, had John and Mary Cords and Mr. and Mrs. Henry Lumley in the police court on Tuesday. The first case which came up was that of the Cords'. Dr Cameron had visited them when the smallpox broke out on the hill and had told them if they heard of any one being sick to notify him. Not long after a rash broke out on all the family but they kept on working and never notified the doctor. Some time afterward a complaint was sent to Dr. Cameron. He visited the Cords and found them with a light attack of small pox. For not notifying the health officer Cords was fined $3 and costs. The next case was that of Henry Lumley and wife whose child had diptheria. They were charged with having exposed carpets, rugs, etc., so as to endanger the public health and also for allowing a dog to run at large after having been with the sick child. They were fined $5 without costs. —Sun.

STRICTURE AND KIDNEY DISEASE CURED.

G. E. WRIGHT.

"I had stricture for eleven years. It finally brought on Bright's Disease of the Kidneys. I had an uncomfortable shooting pain in the groin and feeling as though something was in the urethra. My back was weak and I could scarcely stoop over. Urine was full of sediment. Had a desire to urinate frequently. Family doctors, so-called specialists, patent medicines, electric belts, all failed. I was discouraged. I had spent hundreds of dollars in vain. Finally I consulted Drs. Kennedy & Kergan as the last resort. I had heard a great deal about them and concluded from the fact that they had been established over 25 years that they understood their business. I am delighted with the results. In one week I felt better and in a few weeks was entirely cured. Have gained sixteen pounds in weight."

FROST FENCE is the cheapest you can buy

The first cost may be more—but the first cost is the only cost.
Suppose one fence costs $40, and lasts, say, for 8 years. That fence costs you $5 a year.
Suppose the same length of Frost Fence costs $65. But the Frost Fence—made of High Carbon Steel Wire and locked with the Frost Lock—lasts for 25 years—at a cost of only $2 a year.
Isn't the Frost the cheapest you can buy? Frost Fences are for sale by
