WHAT OR WHICH IS THE BEST

Vermifuge or Worm Destroyer?

Is a question daily and hourly asked by parents, anxious for the health of their children. All who are at all acquainted with the article, will immediately answer,

Dr. M'Lane's Celebrated Vermifuge.

It has never been known to fail, and is one of the safest remedies that can be used. A friend of ours lately handed us the following statement in reference to this Vermifuge:

NEW YORK, Sept. 25th, 1852.

GENTLEMEN—A young lady of my acquaintance had been for a long time very much troubled with worms. I advised her to try DR. M'LANE'S CELEBRATED VERMIFUGE. She accordingly purchased and took one vial, which caused her to discharge an unusually large quantity of worms. She was immediately relieved of all the dreadful symptoms accompanying this disease, and rapidly recovered her usual health. The young lady does not wish her name mentioned; her residence, however, is 320 Fifth Street, and she refers to Mrs. Hardie, No. 3 Manhattan Place.

P. S.—DR. M'LANE'S CELEBRATED VERMIFUGE, also his LIVER PILLS, can now be had at all respectable Drug Stores in this City.

☞ Purchasers will please be careful to ask for, and take none but DR. M'LANE'S VERMIFUGE. All others, in comparison, are worthless.

HOLLOWAY'S PILLS.—Among all the idle medicaments of the day, the name of which fill the common ear to nausea, we would not include Holloway's Pills, celebrated both here and in Europe, for their wonderful curative properties. A sound discrimination has taught us that their reputation is not ephemeral, but a solid substantial one, based upon a long and useful existence among the intelligent, the refined, and the discerning.—They are to be met with in every portion of the civilized Globe, and in every spot their virtues are alluded to with grateful enthusiasm, that well endorses their capacity and virtues. They are no merely designed for a special complaint, but are depuratives and cure, by removing from the system elements of disease thus operating in an extraordinary manner in most all disorders to which human nature is subject.—*New York True National Democrat.*

We see by the Court Records, that the two counterfeiters, White, of Buffalo, and Lawrence, of Epping, N. H., have been placed under ten thousand dollar bonds, each, for making and selling imitations of AYER'S CHERRY PECTORAL. This is right. If the Law should protect men from imposition at all, it should certainly protect them from being imposed upon by a worthless counterfeit of such a medicine as Ayer's Cherry Pectoral. We can only complain that the punishment is not half enough. The villain, who would for paltry gain, deliberately trifle with the health of his fellow man, by taking from their lips, the cup of hope, when they are sinking, and substituting a falsehood—an utter delusion, should be punished at least as severely as he who counterfeits the coin of the country.—[Green Co. NOTICE.

THE Executive Committee for the Paris Exibition have deemed it important to disseminate through Europe fuller information than is generally to be found in published Works upon the industrial condition and capabilities of the Province, and have therefore decided upon offering for public competition three prizes of £160, £60 and £40 for the three best essays on Canada and its resources, its Geological Structure, Geographical features, Natural Products, Manufactures, Commerce, Social, Educational, and Political Institutions, and general statistics.

In the treatment of the subject regard is to be had to the facilities for transport both of goods and passengers between the mouth of the St. Lawrence and the regions of the West, and to a comparison of these facilities as to cost and distance with those offered by other routes.

Persons desirous of competing for the above prizes must send in their essays either in the French or English languages, to the undersigned on or before the 15th February next. Each essay to have a motto, a duplicate of which must be inscribed on a Sealed Envelope, containing the name of the author, and must accompany the essay.

The copy right of Prize Essays will be considered the property of the Committee.

Practical utility, and comprehensiveness combined with conciseness, will be among the chief considerations on which the awards of the Judges will be based,

BY-LAW NO. 1.

For regulating the Annual Election of Five Directors for managing and conducting the Affairs, Stock, Property and Concerns of the Kingston, Pittsburgh and Gananoque Joint Stock Road Company.

Passed the 4th day of November, 1854.

WHEREAS, by an Act passed by the Parliament of this Province, in the sixteenth year of the reign of Her Majesty Queen Victoria, intituled "An Act to amend and consolidate the several Acts for the formation of Joint Stock Companies for the construction of Roads and other works in Upper Canada," it is enacted, after repealing certain Acts therein mentioned, that the affairs, stock, property and concerns of every such Company which should or might be formed under the provisions of the said act, or which should have been formed under the provisions of the said acts mentioned in the preamble of the said act, and thereby amended or repealed, should for the first year be managed and conducted by Five Directors, to be named in the instrument to be executed and registered, as in said act directed, and thereafter to be annually elected by the Stockholders on the second Monday in December in each and every year, according to the provisions of a By-Law to be passed by the Directors for that purpose.

And whereas it is expedient and necessary that such By-Law as aforesaid should be passed as required—

Be it therefore enacted by the President and Directors of the Kingston, Pittsburgh and Gananoque Joint Stock Road Company, that the Annual Election of Five Directors as aforesaid, by the Stockholders of the said Company, shall be held on the Second Monday in December in each and every year, as provided by the said Act.

Secondly—That the Secretary of the said Company, or in his absence, such person as may be appointed, shall enter and take down the votes at such election in a poll book, in which the names of the several candidates proposed at such election shall be entered and written over different columns therein, and the name of each voter and the number of shares he holds shall be entered in the said poll book, and opposite to this the person taking down and entering the votes shall enter in the columns of the candidates for whom such voter shall vote, the number of his votes for each of such proposed candidates for whom he may vote; and at the close of the poll or election, the Secretary, or other person as as a foresaid, shall sum up the number of votes given to each candidate, and the five candidates who shall have received (in their respective columns) the greatest number of votes shall then be declared elected as directors for managing and conducting the affairs, stock, property and concerns of the said Company for the year ending the Second Monday of December, following their said election.

Thirdly—That such election of Directors shall be held at the Village of Barrifield, at such place in said village as may be intimated in a notice thereof to be published.

Fourthly—That the hour for holding such election shall be two of the clock in the afternoon of the day upon which such election shall be held, and that such election shall continue until four of the clock in the afternoon of the same day, unless a period of one half hour shall have at any time elapsed without a vote being taken, in which case the said election may be closed, and the result declared.

Fifthly—That upon the election of such five Directors as aforesaid, they shall immediately proceed to elect one of their number as President of the said Company, which said President shall be elected by a majority of the said Directors.

BY-LAW NO. 1.

For regulating the annual election of Directors of the Kingston and Portland Road Company.

Passed 15th November, 1854.

WHEREAS, by an Act of the Parliament of the Province of Canada, passed in the sixteenth year of the Reign of Her Majesty, Queen Victoria, entitled, 'An Act to amend and consolidate the several Acts for the formation of Joint Stock Companies for the construction of Roads and other works in Upper Canada,' after repealing certain Acts therein mentioned, it enacts, 'That the affairs, stock, property and concerns of any Company which should or might be formed under the provisions of the said above recited Act, should for the first year be managed and conducted by five Directors, to be named in the Instrument to be registered as by the said Act required, and thereafter to be annually elected by the stockholders on the second Monday of December in each and every year, according to the Provisions of a By-Law to be passed by the Directors for that purpose.'

And whereas, it is expedient and necessary to pass a By-Law for the purpose of electing Directors of the Kingston and Portland Road Company, formed under the provisions of the said last mentioned Act.

Be it therefore enacted by the President and Directors of the Kingston and Portland Road Company, that the meeting of the Stockholders of said Company, required by said Act, be held on the second Monday in each and every year for the election of five Directors of said Company, shall be held at Davidson's Inn, in the Township of Kingston, at the hour of two o'clock in the afternoon. And it is further enacted, that the names of the several Stockholders proposed at such election for Directors, shall be set down in a book to be kept for that purpose, opposite to which the names of the several Stockholders voting at the said election shall be entered, and the votes of the several Stockholders for each Candidate shall be entered in the several columns under the names of the Candidates for whom they are given, together with the number of votes which each Stockholder shall be entitled to give, and at the close of such election the scrutineers to be appointed by a majority of the Stockholders present, shall sum up the number of votes given to each Candidate, and the Candidates who shall have received the greatest number of votes, shall be declared elected as Directors of the said Company for the year expiring on the second Monday of December following their election, and the majority of such Directors shall form a quorum.

And it is further enacted, that no Stockholders shall be entitled to vote at such annual election by proxy, but that each and every Stockholder desiring to vote at such election, shall be personally present, and declare the names of the parties for whom he intends to vote at such election.

And be it enacted, that the Directors so elected as aforesaid, shall at a meeting to be called immediately for such purpose, proceed to the election of a President, who shall be one of such Directors.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A Party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk.

Among others, the following Improvements on the system usually adopted are recommended to the attention of the Public.

A Table (No. 2) of Increasing Rates of Premium, peculiarly advantageous in cases where Assurances are effected by way of securing loans of debts, "a less immediate payment being required on a Policy for the whole term of life than in any other Office; and the holder having the option of paying a periodically increasing rate, or of having the sum assured diminished, according to an equitable scale of reduction."

"A Table (No 4) of Decreasing Rates of Premium, on a novel and remarkable plan; the Policy-holder having the option of discontinuing the payment of all further Premiums after TWENTY, FIFTEEN, TEN, and even FIVE years; and the Policy still remaining in force,—in the first case for the full amount originally assured, and in either of the three other cases, for a portion of the same according to a fixed and equitable scale endorsed upon the Policy.

All claims payable within THREE MONTHS after proof of death

No proof of Birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstance, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

THE NEW YORK TRIBUNE.

DAILY.....$6.
SEMI-WEEKLY.....$3. WEEKLY.....$2.
Always in Advance.

THE WEEKLY TRIBUNE commences its XIVth annual volume with the month of September—commences it with a circulation (115,000) larger than was ever before accorded to any general newspaper whatever. This circulation has been gradually and laboriously attained by concentrating upon THE TRIBUNE the best efforts of many editors and correspondents, and by a greater liberality of outlay in each department than was probably ever before risked on any journal. It has been attained, not by sailing smoothly in the current of Opinion before the wind and basking in the smiles of majorities, but by an earnest, fearless devotion to Truth and Progress as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success. Its thorough advocacy of Temperance and Liquor Prohibition, of Justice to the despised and downtrodden, and of the equal and inalienable Rights of the Human Race, irrespective of Sex or Creed or Colour, have from time to time repelled many sunshine friends, whose prejudices or seeming interests were thereby contravened, but have combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be henceforth a success not to impair.

The leading ideas to which THE TRIBUNE is devoted may be briefly set forth as follows; 1. FREEDOM, to do whatever is essentially right—not alone for white Americans, or Anglo-Saxons, or Caucasians even—not for one Race to determine whether they will or will not hold another Race in abject bondage—but for every Race and Nation, and every and rational human being. This Freedom is rightfully absolute in the broad domain of Opinion and involves the equal and imperative right of Political Franchises; 2. ORDER, or the necessary right of the legally indicated majority to interdict in the sphere of Action all practices which it deems demoralizing, therefore prejudicial to the common weal; 3. BENEFICENCE, or the wisdom and policy of employing the resources and credit of the community to accomplish works of general and unquestioned utility, to which individual means are inadequate or which, though eminently conducive to the public good, do not promise to reimburse by their direct income the outlay required for their construction; 4. INDUSTRIAL DEVELOPMENT, as the cornerstone of a true and benignant National Policy, counting the naturalization of a new and valuable art or product of the soil as more important than the acquisition of a fresh province or isle, and equally within the legitimate sphere of national concern and National effort; 5. PEACE, as a vital condition of true Progress, to be cherished by the most anxious, assiduous care, to proffer as readily as we are prone to require redress for every wrong, and never to be surrendered except at the call of endangered liberty. Such are the chief landmarks by which THE TRIBUNE directs its course.

But a small portion of THE TRIBUNE is allotted to what is currently distinguished as reading: but Reviews of New Books of decided interest, with choice extracts illustrating their quality, are freely given, while the great body of our paper is devoted to a lucid and careful digest of the News of the Day, with Editorial comments thereon. We have reliable Correspondents in each quarter of the globe, and nearly all the principal cities of Europe and America, and their letters will aid our readers to a clearer understanding of the
