"TRUTH BEFORE FAVOR." — "PRINCIPLES NOT MEN."

VOL XXIv, NO 1270 | Flesherton, Ont. Thursday May 10 1906 | W. H. THURSTON, EDITOR PROPRIETOR

The Aftermath.

After the Christmas sales, which were extraordinarily large this year, we find left in stock a fine line of goods which we think everyone will concede is

Just the Thing for Wedding Presents.

These are the choicest of goods—no cheap trash. Come and see them anyway.

Alarm Clocks

To wake you up these dark mornings, and all kinds of Clocks at all kinds of prices.

Waterman Fountain Pens,

Fancy Ink Stands, etc., for sale.

W. A. Armstrong

Industrial Home Notes

(By an Inmate)

The grain seeding on this place was finished last week. Corn and vegetables now only remain to wind up the spring work. Mr. Harness has planted a number of small fruit cuttings, such as black, amber, red currants and gooseberries, and we understand that he has a quantity of apple, pear, and plum trees to plant out which will not only beautify the place, but will, in a few years hence, materially assist in curtailing the expenses of the institution. Mr. H. is a successful agriculturist and fruit grower, and we are of opinion that he could even grow yams and bananas if he set about it, but we think some of the old fellows would rather see him growing tobacco.

Alexander Anderson of Priceville was admitted on May 2 for three months as a pay inmate. The old gentleman is a very quiet, respectable old man, well known in Priceville and vicinity, where he has resided for the most part of the last 23 years. He is 77 years of age and, though very fleshy, is nevertheless troubled with some inward complaint which badly impedes his breathing and compels him at night to take repose in a posture nearer to sitting than lying down. In conversation with the old gentleman he informed me that for many years he has maintained himself by the occupation of stable man, but has not tasted a drop of liquor for more than seventeen years. He has been a widower since 1871, and has an unmarried son living on a good farm in Chingacousy which was formerly the property of the old gentleman's brother. About three weeks ago the old man wrote the son proposing to go and spend a while with him, but the son wrote back saying he did not want him to go. The poor old man feels very badly about it and says he never thought his son would prove so ungrateful to him in his old age. The old man says he has little money, and as far it goes he will pay his own way here; when it is done, and should his health not be improved, he will very reluctantly be obliged to become chargeable to the county. It is no disgrace to you, comrade, and you have our sympathy.

We are glad to report that the matron is able to be around again, although she looks as though she has had a severe illness, yet she is getting along nicely.

Our divine service on Sunday last was not so largely attended as usual, nevertheless a fair number of ladies was present. Mr. Harness delivered an impromptu address from the 1st Psalm, pointing out the danger of the ball room, boxing exhibitions, and similar sports in leading astray the young men and women who are to become the future mainstay and pillars of this fair and prosperous Canada of ours, and earnestly appealing to parents to discourage in their children as far as possible the inclination to participate in any sport or pastime which would contaminate their youthful lives and sow the seeds of ungodliness in their hearts. Mr. Erskine presided at the organ and Mrs. Erskine lead the singing, which was and always is spirited and soul-stirring when these talented people direct the song service. A solo and two choruses were very effectively rendered by Mr. and Mrs. Erskine and Mr. Barnes.

Not if as Rich as Rockfeller.

If you had all the wealth of Rockefeller, the Standard Oil Magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for cholic and diarhoea, both for children and adults. It never fails and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by W. E. Richardson, and H. L. Douglass.

Vandeleur

Everybody is very busy, your scribe included. Seeding is progressing without any delays, the weather being all that could be desired. Growth is somewhat retarded by the cold.

Local option coming into force the first of the month has made no change in our little hamlet as we had no bar to close. It is quite surprising how indignant some hotelkeepers are. The bar has held sway for a long time, surely the temperance people are entitled to their inning sometime.

The S.O.T. division meets on Friday night. A program of interest is being prepared. A full attendance is desired.

The fishing season is here and the small boy haunts the river with his fishing tackle, but the finny tribe seem shy, perhaps owing to the cold weather.

Miss Reid of Markdale spent Sunday at Mr. Pritchard's.

Mr. Herb. Baker of Collingwood visited his brother recently.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J.B. Massey, of 4322 Clinton St., Minneapolis, was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlains Pain Balm. One application relieved the pain and made sleep and rest possible, and less than one bottle effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by W.E. Richardson and H.L. Douglass.

Ceylon

R Cook has had a new Frost wire fence erected on three sides of his lot opposite the postoffice, H. Ridley, who is agent for the company, did the job.

A sad event occurred at Orangeville on Saturday, when Harry Johnston, formerly of the C.P.R. staff here, was caught between two cars and fatally crushed.

Mrs. John A. Black of Durham, formerly of this place, died on Sunday. Her remains and those of her infant son are being conveyed to their last resting place at the Rocky Saugeen cemetery to-day (Tuesday). Mrs. Black was highly respected in this neighborhood.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by W.E. Richardson and H. L. Douglass.

Priceville

The dry weather of April made the soil in good condition for seeding and many farmers sowed large areas, but the weather keeps too cold for the seed to germinate properly.

A. Ostrander, Proton town line, finished seeding 60 acres on April 30.

During the last week many persons in town and surrounding country have been and some still are laid up with la grippe or colds. Some houses have three or four in their beds at the same time. The sick and those injured by accidents keep Dr. Dixon moving.

Death again visited our village on April 26, and removed another of the early pioneers in the person of Mrs. John Simpson after one week's illness, but the summons to her was only a welcome home. Mrs. Simpson was born in Argyleshire, Scotland, in 1830. Nearly half a century ago Mr. and Mrs. Simpson moved from Galt to this village. Deceased leaves one brother, Donald McRae, and three sons, six daughters and several grandchildren. The sons are George, of the firm of Kemp & Simpson, undertakers, Vancouver; Duncan, a rancher near Calgary; and John, in Washington. The daughters are Mrs. McArthur, who lived at home and cared for her mother; Mrs. Payne of Toronto, Mrs. Wright of Buffalo, Mrs. McDonald of Washington, and Misses Minnie and Maggie of Chicago. The funeral on the 28th was largely attended and proceeded from the residence on Kincardine street to the Presbyterian church, where her pastor, J.A. Matheson, preached the funeral sermon. She was placed in the cemetery beside her husband, who preceded her four years ago.

Mrs. Roach, who has been very ill for some time, is able to be about again.

Wm. Webster of Vancouver, B.C., is visiting friends and schoolmates here.

Mrs John Campbell, North Line, fell and broke her leg above the ankle about a week ago. With good medical attendance and careful nursing we trust she will soon be well.

Mrs. Boyce and son Cyril are guests of Mrs. Roach.

S. Thurston has a selection of 12 different varieties of postal cards for you to choose from. 5c each or 6 for 25c.

Kimberley

Mr. Walter Loucks and sister Eva of Flesherton spent Sunday with friends here.

Mr. and Mrs. Jos McCullough and family of Markdale spent Sunday at the former's parental home here.

Mr. C. McNicholl of the Holiness Workers society took charge of the service in the Union church on Sunday evening last.

Miss Mabel Caesar of Markdale is the guest of her sister Miss Gertie Caesar of this place.

Miss Nellie Wickens is visiting friends in Owen Sound at present.

Mrs. J. R. Fawcett who has been in Collingwood for some time, the guest of Mr and Mrs. Herbert Fawcett, has returned to her home here.

Mr. Frank Hutchinson has gone to Bolton to visit friends there.

Rev. J. B. Wass, M. A. preached an excellent sermon in the Methodist church here on Sunday morning last. The sacrament of the Lord's supper was administered at the close of the service.

Messrs. Roy Fawcett and Wesley Hetherington of Heathcote visited friends here on Sunday.

Mr. E. Marshall of Rockvale spent Sunday with Mr. C. Stewart.

Eugenia

The fine seed time has been a boon to farmers around this locality but in some places a good rain is needed to moisten the earth where there is clay.

A severe thunder and wind storm passed over this neighborhood on Wednesday afternoon. With the exception of levelling fences no serious harm was done.

Gardening is now the order of the day; the cool weather makes vegetation rather backward for this time of the season.

Our popular mail carrier drives a spanking team and has lots of passengers, especially the young ladies. Better be careful Dave; we dont want to loose you yet for a while.

Mr. John Walker of Creemore is visiting with Mr. Beecroft of Edenvale.

Mrs. Roy and daughter Jennie, who have spent the winter in Uncle Sam's domains, have again returned to their Canadian home. They visited at Montclair, N J., also at Grass Flats, P.A. and other parts and report having a very pleasant time.

Mr. Donald MacDonald received the sad news on Wednesday last of the death of his sister, Mrs. W. J. Bartley of Markdale, and every one feels sorry at her death. It is only a few years since May McDonald, a bright and happy girl, was among us. Her early death brings a sad feeling over the community where she was so well and favorably known. Her aged mother, and sister and two brothers are in the west. The sincere sympathy of all is extended to the family so sadly bereaved.

Our highly respected citizens, Mr. and Mrs. George Latimer of Eugenia will celebrate their golden wedding on Thursday, May 10. A large circle of friends extend to them congratulations, hoping that they may be spared together to celebrate a good many returns of the day, and when their work below is finished may they hear the Master say "Well done good and faithful servants, enter into the rest prepared for you."

Mr. and Mrs. J. J. Thompson of Flesherton and Mrs. Roy were guests of Mr. and Mrs. Woodburn on Sunday.

Mr. and Mrs. James William's youngest child died on Sunday aged eleven months Great sympathy is felt for them. Mr. Williams is very ill and their only remaining child is also poorly.

Farmers' Field Meetings.

The cost of labor in fighting weed, insect and fungus pests, which like the poor are ever with us, is one of the most serious problems with which farmers have to contend. The Seed Control Act has had the effect of increasing the price paid to farmers for their pure seed and of reducing the price for their low grade seed. And even greater discrimination in prices is likely to follow. New weeds continue to be introduced. The trade in agricultural seeds has been a fruitful means for spreading them. The shipment for feeding purposes, of screenings from Western grown wheat to points in the Eastern Provinces is another source of immediate danger that should not be overlooked. The noxious nature of new weeds that are being introduced in various ways is seldom understood or their danger appreciated by farmers until they have become well established.

The Dominion and Provincial Departments of Agriculture are more than ever alive to these dangers which threaten to become a serious loss in crop production, and in the Eastern Provinces they are cooperating again this year in holding field meetings during the month of June, when weeds, insects, fungus disease and plant growth are most in evidence.

Seventy of those field meetings are being arranged by Supt. G.A. Putnam, in connection with the Farmers' Institute System of Ontario. The services of Prof. Lochead of the McDonald Agricultural College at Ste. Anne de Bellevue have been secured to conduct similar farmers' nature study meetings in the three Maritime Provinces.

Here is provided an opportunity for farmers to get at first hand, information that cannot be given or demonstrated in hall meetings during the winter.

McFARLAND & COMPANY

MARKDALE, ONTARIO

Grey County's BIGGEST and CHEAPEST STORE

Wash Goods.

Never has this store imported so largely in high class Wash Goods and we can safely say never before have such charming fabrics been displayed at such reasonable prices.
