Rev. L. W. Thom's valuable driving colt "Togo" got himself into a fix on Friday last. from which it was rather difficult to extricate him. He attempted to jump a wire fence into the garden but lit on top of it and could get neither backward or forward. It took the united efforts of three persons to release him, and before this was accomplished his hind legs were pretty badly scratched. He will not be injured permanently. The result was bad enough but might have been worse.

The Woman's Institute recently presented Mrs. Albert Stewart, of the suburbs, with the following address of sympathy in the loss of her sister, Miss Nettie Perigo, of Feversham: "The members of the Women's Institute universally desire to extend to you their sincere sympathy in your recent bereavement. When one's heart is filled with grief and lonelinessit is sometimes hard to discern the silver lining to so dark a cloud as this one which now seems to overshadow you. May you have the consolation which can come from God alone and realize that "He doeth all things well."

She is not dead, the child of our affection—
But gone unto that school
Where she no longer needs our poor protection,
And Christ himself doth rule."

Among the excursionists on the Niagara trip last week was H. E. Willet and wife. Although their ticket was good to return, thus far the railway has failed to bring them back. This gentleman was manager of Douglass' drug store for a couple of years and later started what he called a school of telegraphy, securing four or five boys as pupils at forty dollars per term. Some of these had completed their terms, but at least one had not, although his tuition fee was fully paid up. No other pupils being forthcoming Mr. Willett evidently decided to seek other pastures and so embraced the opportunity of a cheap trip to the border. There are said to be a large number of villagers who mourn his departure. An attachment has been placed on a small amount of furniture which he left behind in charge of R. J. Sproule. This will not bring more than $25. The indebtedness, it is said, amounts to between three and four hundred dollars, and village business men are left for over $200, in sums running from $2 to $36. Willet was an affable, good natured sort, and while here handled the Foresters funds and at one time was a member of the Methodist church board but was dismissed from the latter a year ago. It is needless to say that no farewells were said by the departing couple.

How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two day's time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by W. E. Richtrdson and H. L. Douglass.
