Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlains Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal quickly. It also allays the pain and soreness, and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by H. E. Douglass and W. E. Richardson.

A few evenings ago while enjoying a meal in Mr. G. W. Day's oyster parlors, Mr. Hector Brown, of the cabin staff of the S. S. Athabasca, found in his oysters four large pearls which, when examined by Messrs. Buzza Bros., jewellers, were valued at sixty dollars. Some time ago another lucky find occurred. A small boy while playing in the Pottawatamie near the bridge found a pearl which was purchased by Mr. Rosche, optician. This stone is of exceptionable value and is claimed by a traveller and proprietor of one of the largest manufacturing jewelry establishments, to be the finest quality of pearl he has seen for a number of years. —O. S. Sun.
