SPECIAL NOTICE.

THE GREAT AMERICAN HAIR TONIC.

Bogle's Celebrated Hyperion Fluid,

For the Growth and Preservation of the Hair, is well known to be without a rival on this Continent.—Hundreds of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair Restorative, and their doom been sealed, whilst Bogle's Hyperion Fluid, with a popularity never attained by any other article, goes on "conquering and to conquer." There is no malady that can effect the hair but can be cured by this incomparable preparation. To ladies it is invaluable, and on children's heads it lays the foundation of a good head of hair. It is now patronised by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe.

BOGLE'S AMERICAN ELECTRIC HAIR DYE, Converts Red or Grey Hair into a beautiful Black or Brown, the moment it is applied, literally dyeing the hair without staining the skin, and leaves the hair soft and glossy, without injuring its texture in the least—a decided superiority over all other Hair Dyes.

Bogle's Amole Shaving Compound

Renders that usually unpleasant operation (shaving) a decided luxury

Bogle's Hebeaiona

Removes Freckles and Tan from the face in the shortest possible time, and is acknowledged to be the very best article for Beautifying the Complexion.

To be had, wholesale and retail, of

Toronto, November 30, 1854.

OFFICE FOR MILITARY BOARDS,
20th December, 1842.

SIR,—The Committee of the Consolidated Board of General Officers having had before them the two enclosed letters from Mr JOSEPH STOVEL, (with Memorandums from the Duke of Wellington and the Deputy-Adjutant General attached thereto,) together with a pair of Trousers submitted by Mr. Stovel to exemplify the improvements which he proposes in the cut and make of that garment for the service of the Cavalry, have deemed it expedient to obtain his personal attendance, and also to see some Dragoons fitted with overalls made after this pattern, and they are, therefore, now in a position to form a decided opinion upon its merits.

The advantages of the proposed pattern over that at present established are, that it fits the body neater and better in any position; that while sitting closer at the fork, it affords a greater freedom of stride; and that the leg seam is so placed as to be less exposed to friction by the saddle or by the stirrup-leather. It is found, moreover, on reference to some of the principal Army Clothiers, who admit the proposed pattern to be an improvement, that these advantages can be obtained without entailing an additional expense upon the Colonel. The Board are, therefore, enabled to submit, for the consideration of His Grace the Commander-in-Chief, their entire approval of the proposed pattern, for which, in their opinion, Mr Stovel deserves much credit; & they have caused a pair of overalls to be prepared, of the proper quality, and of a size calculated to fit a man of 5 feet 10 inches in height, (the usual standard of sealed patterns,) which they beg to recommend to His Grace to be sealed as the established pattern, in place of that now deposited in this Office.

I have the honor, to be, &c.,
(Signed,) JS. CHS. DALBIAC.
Lieutenant-General.

JOSEPH STOVEL.
