Dr. Ottewell, V. S., performed an operation on a fox terrier pup the other day which is certainly worth recording. The little animal, which belonged to C. Munshaw, got something in its throat and the Dr. was called in. He made an incision and drew out a hat pin 8¾ inches long with the usual glass bead on one end. The animal measured but fourteen inches from the centre of its forehead to root of tail, so most of its interior must have been taken up by the pin, which had been swallowed head first. The terrier was as frisky as ever next day after the operation.

A pretty wedding took place in Flesherton at the Methodist parsonage on October 31st when Mr. Charles B. Boland was united by the holy bonds of matrimony to Miss May M. Douglass. The bride looked dainty in a white silk waist and grey skirt and was supported by Miss E. C. Boland, sister of the groom, who wore a white silk waist and navy blue skirt. The groom was ably supported by Mr. Cardwell Graham, of Eugenia. The bride's going away dress was a grey suit with hat to match. Rev. Dr. Caldwell performed the wedding ceremony. The young couple left for Dundalk for a short visit with friends there. We tender our best wishes to the highly esteemed young couple. On their return home they will settle on the farm belonging to and adjoining the groom's fathers.

The hunting party to which the editor of this paper was attached returned from the north on Friday last, having shot their full complement of deer in 6½ days actual hunting The hunt was made in Burpee township, Parry Sound district, at the end of steel on the James Bay railway and a construction train was utilized to bring out baggage and game from within less than half a mile of the camp. This made matters easy and pleasant. The hunt was remarkably successful, the weather being all that could be desired and game plentiful; in fact we believe it to have been almost a record breaker from every point of view. Squire Stewart of Kimberley, who is homesteading up there chaperoned the party and much of the success was owing to his intimate knowledge of the country and of wild life. The Squire will be down for the winter in a week or so. The first week of hunting this year was ideal from a hunter's standpoint, but those who did not get their number the first week would have more difficulty.
