### THE WHEAT YIELD

Several Carrick farmers who have threshed their wheat crops are well pleased with the results. One farmer who had twenty acres of wheat, two acres of which, was badly drowned out, reports that he threshed 650 bushels of wheat this year. And there are scores of farms in Carrick which will have a heavier yield than this. The oats are occupying attention this week, and by the end of the week the bulk of the harvest will be in the stook. The 1925 harvest in this section is a very bountiful one. —Mildmay Gazette.

### LITTLE DIFFERENCE

Dixon Rutherford, manager of the B.H. Bull & Sons farm at Brampton, where the provincial plowing match was held last year, states that in inspecting the crops he finds that there is no difference between the crops grown on lands where the high-cut classes were held and those where the jointer classes were held. It seemed, however as if the jointer-plowed land worked down a little more easily in the spring, and that in the case of the high cut land the corn crop required more cultivation for weed eradication.

### INTERESTING ANNOUNCEMENT

Word comes from Montreal that that great family and farm paper The Family Herald and Weekly Star has been enabled to reduce its subscription price to One Dollar a year. This certainly will be interesting news in every Canadian home where the Family Herald is known and to many who will avail themselves of the offer. At Two Dollars a year The Family Herald and Weekly Star was generally admitted to be good value in fact, big value, but when reduced to One Dollar a year it will certainly be the marvel of the newspaper world.

Canada is proud of that great Weekly, and has every reason to be so, as it has no superior and few equals in the world to-day. The Publishers announce that notwithstanding the change in price every feature will not only be maintained but improvements will follow. The Publishers are fortunate in being in a financial position to do this, and Canadian homes will have the advantage. When the new rate is made known it certainly will bring a rush of subscribers to the Family Herald. One Dollar is a small amount for such a great paper.

## PROTON STATION
