Old Reminiscenes

FROM THE ADVANCE OF JUNE 2, 1881. VOL. I, No. 1

On the 24th of May a fearful steamboat accident occurred on the river Thames, Canada west, in which 217 lives were lost. The boat Victoria was overcrowded, as is usual on such holidays as the 24th, and a large number of the passengers commenced rushing from one side of the boat to the other, each time the boat surged. Then there came a general crash and the boat went to pieces. We learn that a daughter of Mr. T. Leitch, tailor of this place, Miss Clara Leitch, and Mr. Leitch's son-in-law, had a very narrow escape, in consequence of which Miss Leitch has been rather ill ever since.

SAD ACCIDENT—A very sad accident occurred about 1½ miles up the Toronto and Sydenham road. A Mrs. Wallace sent her son, a young man about twenty five years of age, to the well for a pail of water. As he was a longer time than usual getting the water, the mother became alarmed, and on going to the well was horrified to find her son had fallen into it and was drowned.

The day before we came to Flesherton, Mr. John Jobe, of Euphrasia, ordered us to put down his name as a subscriber for the paper we intended to start in Flesherton. We hope therefore that the good faith exhibited then as to the success of the venture by friend Jobe will be verified.

Mr. W. F. Doll, jeweller of this place, has gone to Europe to spend the summer.

The West's Winter.

Writing to his father-in-law, O. Rands, Victoria street, W. E. Larkings, a former operator at Shelburne C. P. R. station, now at Yellow Grass, Sask., gives a little idea of the kind of winter the West is having. He says, in part: "I guess you will think we have dropped off the earth. We are still on it but about isolated as our railways are demoralized with snow and cold. It certainly has been an awful winter. It has been down to 52 below zero, and every morning finds it 35 to 40 below, and storms galore. I have had my feet, fingers and face frozen so often they are so sore I can hardly wash myself. Everything is very dull out here this winter. No cars moving on the railway. When a car of coal comes into town it is all gone in three hours, so you may know what kind of a scramble there is for coal. We have not had a regular mail train for ten days, and we don't know what is going on in the other parts of the world, as we cannot get any papers. But we are pulling along o k. Not half as bad off as the people who are forty, fifty and sixty miles from the railway. There will be lots of them away out on homesteads frozen to death this winter. There are thousands of cattle frozen already. Just south of Yellow Grass about 15 miles there are 27 head of cattle standing in a snow bank frozen solid.

A wedding was consummated near Clinton a few days ago which has an interesting circumstance attached to it. The groom it's said was engaged to another young lady than the one who became his wife. He offered $1000 to be released from his engagement. The young lady knowing she had the young man in a box, refused to accept the offer. but she said "You pay me $2000 and I'll release you, and you can go to the dickens." He paid the $2000.

DAVID ROBERTS

Farmers, Take Notice.

I have ceased working for McCormack machines, not that I had any fault with the implements, but Jackson & Hannah, of Markdale sold a McCormack six foot binder to Mr. Wilson McMullen last harvest for $125.00 on three pays, and his old Patterson binder and then sold the old binder for $1.50, and on next year's terms they are charged to those that perhaps they get them for less than I do. Why don't they sell them to Markdale farmers for the same? This I can prove. I have contracted with Peter Hamilton, of Peterborough, to sell his implements at Markdale and Flesherton. I will sell the binders, six foot on one pay $110, 2 pays $115, three pays $120; drills, one pay 12 hoe drill $61, 2 pays $63, three pays $65, and other sizes to correspond, smaller or larger. I will be at Markdale after the first of March every Saturday. Any one wanting machines or repairs will find me on Saturdays. I have some second hand Drills on hand, some only worked one and two years, Noxon, Oshawa and Peter Hamilton. Also agent for the Cockshutt Plow, Paris Manure Spreader and Clinton Thresher.

Another Mother Speaks

To the Editor of The Advance.

DEAR SIR,—Having read the article from "Mother," of Kimberley, I want to shake hands on it. She voiced the sentiments of nearly all the temperance people within driving distance of Markdale. The farming community around Markdale especially feel that Markdale voters have cast a slur on us which we just can't get over. If it's the liquor trade they are after, why sure they should have it, but surely the respectable element of the country are not bound to follow the riff-raff of the country to Markdale as long as there are other towns that respect our sentiment, in which to do business. I am a farmer's wife, living not 40 miles from Markdale and not a Fleshertonian, and yet I say the temperance people who have voted for local option in their own districts are discountenancing themselves if they go to Markdale to do business when they have local option towns right around them. I wonder are there any more of us? —AN ARTEMESIA MOTHER.

During the local option campaign in the town of Meaford, a joint stock company was formed among the temperance people, and the leading hotel in the place was purchased. From later developments, it would appear that the vendor has rued the bargain. At the time the sale was affected it was looked upon as almost certain that the by-law would carry, and no doubt, this had an effect upon the price paid for the property. The company gave Mrs. Shipman, the owner of the premises, the sum of $13,000 for the property. Mr. Legate, of Owen Sound, put through the deal, and was to receive a commission of $1,000. He, however, very generously gave this to the new syndicate, and also took two shares. There is no doubt that the place will be well conducted, and when the vote on local option comes on again the hotel cry will not have weight with the electors.—The Pioneer.

SCORED ANOTHER WONDERFUL VICTORY

One More Added to the Long List of Cures Effected by Psychine.

This young lady, who lives in Brownsville, near Woodstock, Ont., tells her own story in a few effective words of how she obtained deliverance from the terrible grip of weakness and disease.

I have to thank Psychine for my present health. Two years ago I was going into a decline. I could hardly drag myself across the floor. I could not sweep the carpet.

If I went for a drive I had to lie down when I came back. If I went for a mile on two on my wheel I was too weak to lift it through the gateway, and last time I came in from having a spin I dropped utterly helpless from fatigue. My father would give me no peace until I procured Psychine, knowing it was excellent for decline or weakness. I must say the results are wonderful, and people remarked my improvement. Instead of a little, pale, hollow checked, listless, melancholy girl, I am to-day full of life, ready for a sleigh-ride, a skating match, or an evening party with anyone, and a few months ago I could not struggle to church, 40 roads from my home. I have never had the slightest cause to fear any return of the disease.

ELLA MURIEL WOOD,
Brownsville, Ont.

Thousands of women are using PSYCHINE, because they know from experience that in it they have a safe friend and deliverer. Psychine is a wonderful tonic, purifying the blood, driving out disease germs, gives a ravenous appetite, aids digestion and assimilation of food, and is a positive and absolute cure for disease of throat, chest, lungs, stomach and other organs. It quickly builds up the entire system, making sick people well and weak people strong.
