THRESHING MACHINES

Simcoe Falls Foundry.

THE PROPRIETOR STILL CONTINUES to manufacture Threshing Machines of the following description: Emery's Improved International Geared Overshot Machine; Wheeler's Rack and Pinion Power, single or double. He would solicit a call from the Farmers in general, before purchasing elsewhere, to an inspection of the latest improved Badger two-horse power Threshing Machine, which he engages will give general satisfaction to the purchaser, as the labor is reduced on the horses, and can with ease thresh one-quarter more grain a day than any of the above Machines. The Subscriber obtained an extra prize on this Machine at the last Provincial Show at Kingston, Sept, 1856, for strength and durability, combined with lightness. This Machine cannot be excelled in the Province. The following gentlemen are now using this Machine of my manufacture, and I would refer purchasers to them, viz:—B Waters, Esq., Sydenham; Joseph Foster, Esq., 5th Concession, Camden; Gordon Garrison, 4th Concession, do.; Mr A. Scott, Centreville; and Mr W. Reed, Glenburnie.

Also, Circular Saws, Machines for sawing wood, of the shortest notice.

Cylinders furnished either of wood or iron.

N. B.—The proprietor will warrant all or any of the above work to be of the best material, and put together by competent workmen.

All orders promptly attended to.
