GENERAL MERCHANT -- PORT LAW

Farmers, Take Notice.

I have ceased working for McCormack machines, not that I had any fault with the implements, but Jackson & Hannah, of Markdale sold a McCormack six foot binder to Mr. Gideon McMullen last harvest for $125.00 on easy pays, and his old Patterson binder and they sold the old binder for $1.50, and on next year's terms they are charged to those that perhaps they get them for less than I do. Why do they sell them to Markdale farmers for less? This I can prove. I have contracted with Peter Hamilton, of Peterborough, to handle implements at Markdale and Flesherton. I will sell the binders, six foot on one pay binder $115, three pays $120; drills, one pay drill $61, 2 pays $63, three pays $65, other sizes to correspond, smaller or larger. Office at Markdale after the first of March every Saturday. Any one wanting machines or drills will find me on Saturdays. I have some second hand Drills on hand, some only one and two years, Noxon, Oshawa and Hamilton. Also agent for the Cockshutt Plow, Paris Manure Spreader and Thresher.

Doctors Change Their Methods

Years ago they fought catarrah by internal dosing. They saw this ruined the stomach and changed the ozonated air cure, better known as "Catarrhozone." This treatment is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrah and even in the worst of cases permanent cureis guaranteed. Failure with catarrh ozone is impossible. Antiseptic, healing and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c and $1.00 sizes by all dealers.

The proprietress of the Comely house, Owen Sound, was fined $80.00 and costs last week for dispensing illegal liquid refreshments.

Wellington county appears to have a gang of firebugs of a specially bad kind. Two recent fires it is thought were kindled to cover extensive thefts of flour and grain.

The recent heavy windstorm did considerable damage in Owen Sound. The John Harrison company had two smokestacks blown down. The Sun cement company and Keenan Bros. also had smokestacks damaged, while there were numberless minor damages.

Rev. M. Bricker, pastor of the Mennonite church, Shrigley, was married on the 5th inst., to Miss Agnes Schell, of Proton. The ceremony was performed by Rev. Kitching, at the home of the bride's parents, Mr. and Mrs. Geo. Schell.

Mr. Campbell of Duntroon hotel was fined $50 and costs for selling liquor a few days ago and had another charge preferred against him on which we learn he was also fined. We understand he admitted both.—Bulletin.

Alexander McLean, whose death we mentioned last week was one of the pioneer settlers of Artemesia township, near Priceville. He was 78 years of age. Deceased is survived by a widow and grown up family. A sister of the deceased, Mrs. David Henderson, left Shelburne on Saturday last for her home in Calgary and a daughter of the deceased, Mrs. McMillan, wife of Contractor McMillan of the Grand Trunk Pacific, who had been visiting her parents, left for home at Gladstone a few days ago. Three sons are living in the west and another daughter in Montana. R. L. Mortimer, Shelburne is a niece.

A pretty house wedding took place at the residence of Mr. and Mrs. Jas. Johnston, Shrigley, on Wednesday, March 13th, when their second daughter, May, was united in marriage to Robt. Scilley of Osprey. The ceremony was performed by Rev. Mr. Ryan of Dundalk. The wedding march was played by Miss Winters, as the bride, who was given away by her father entered the parlor, prettily gowned in cream silk trimmed with over lace and pleated chiffon and bows of ribbon. She was supported by Miss Scilly, cousin of the groom who was similarly dressed. The bride's travelling dress was of blue ladies cloth with hat to match. The groom was assisted by Harry Johnston, brother of the bride. The happy couple left on the evening train for Toronto and Hespeler where they will spend their honeymoon.

A plan for drawing trade to a town that has been successfully worked at several points might be adopted to advantage in this town. The plan is as follows — An agreement was reached between all the merchants whereby they offered special sales on certain days, each merchant selecting some special line of goods upon which they made a lower rate than usual. Thus one dry goods house would sell gloves at a special price, while another would reduce the price on skates. Every line of business was represented and care was taken that no conflicts should occur. Prizes were then offered to the farmer bringing in the best load of grain or the handsomest baby and the bargain day was extensively advertised in the surrounding country, the names of the merchants and their special sales being in all cases stated. The farmers responded in a most gratifying manner and the merchants were well pleased with the plan. The idea has already been carried out in several towns.

SCORED ANOTHER WONDERFUL VICTORY

One More Added to the Long List of Cures Effected by Psychine.

This young lady, who lives in Brownsville, near Woodstock, Ont., tells her own story in a few effective words of how she obtained deliverance from the terrible grip of weakness and disease.

I have to thank Psychine for my present health. Two years ago I was going into a decline. I could hardly drag myself across the floor. I could not sweep the carpet.

If I went for a drive I had to lie down when I came back. If I went for a mile on two on my wheel I was too weak to lift it through the gateway, and last time I came in from having a spin I dropped utterly helpless from fatigue. My father would give me no peace until I procured Psychine, knowing it was excellent for decline or weakness. I must say the results are wonderful, and people remarked my improvement. Instead of a little, pale, hollow cheeked, listless, melancholy girl, I am to-day full of life, ready for a sleigh-ride, a skating match, or an evening party with anyone, and a few months ago I could not struggle to church, 40 roads from my home. I have never had the slightest cause to fear any return of the disease.

ELLA MURIEL WOOD,
Brownsville, Ont.

Thousands of women are using PSYCHINE, because they know from experience that in it they have a safe friend and deliverer. Psychine is a wonderful tonic, purifying the blood, driving out disease germs, gives a ravenous appetite, aids digestion and assimilation of food, and is a positive and absolute cure for disease of throat, chest, lungs, stomach and other organs. It quickly builds up the entire system, making sick people well and weak people strong.
