### Industrial Home Notes

*(By an Inmate)*

For the third time during her short residence as an inmate of the home was Mrs. Allen, from Owen Sound, placed in solitary confinement for refractory and highly insubordinate conduct and abusive language on Saturday afternoon, where she was left until after divine service yesterday. From present appearances no indications of reform in her behavior are observable, and very likely more drastic measures will be adopted should she continue her refractory conduct. On the occasion of her solitary confinement I withheld her name, hoping there would be no repetition of her misconduct, but it has continued I feel it my duty, for the sake of the other old ladies, to make the exposure.

The managers desire to express their thanks to Mrs. Inglis of Berkeley for a large, rich fruit cake as an Easter gift to the inmates; also to Mrs. Beattie of the same place for a basket of gem cakes for the same purpose. On behalf of the inmates your correspondent duplicates the thanks and appreciation of his supervisors to those ladies for their kind and thoughtful interest in the poor old people of this institution.

Harry Harness of Owen Sound spent from Friday morning until Monday night with his parents, the governor and matron. Harry is as full of life as ever, is gliding smoothly and progressively through his apprenticeship, and almost before he can realize it he will be released from his legal bonds a full fledged plumber, brazier, etc., and, like them, enjoy the fun of going out on strike occasionally.

Miss Robinson of the staff spent Thursday night and Friday at her home on Stone's line, returning Friday night. The large amount of work to be performed by the small staff rendered Rossina's visit home a very short, but very likely a most pleasant one.

Mr. Herb. Somers, the hired man, assisted by what few of the old chaps are yet able to handle a shovel, are engaged hauling out the three years' accumulation of coal ashes from the boiler and kitchen range and making of them a road bed on the new driveway commenced last fall. I understand the ashes will be covered with a thick layer of fine gravel which is said to make a good, dry, solid road. Mr. H. will likely ornament each side of the driveway in his usual tasty manner.

Several weeks ago we read of a ghost haunting the workshops of the C P R. at Toronto Junction. Whether it be the same or not that visited the H of R. we cannot say, but the old ex-hospital sergeant declares that one night a short time ago a headless ghost dressed in black stood at the foot of his bed. He got up, left the room, went into another, returned and got into bed. The decapitated ghost, dressed in black, followed him closely and again stationed itself for some moments at the foot of his bed. The ex-H.S. says he could plainly see the place where the head ought to be, but sorry a bit of a head was there anyhow. Had Sunday morning been bright and clear the old chap may have seen the sun dancing for joy and heard the donkeys braying with delight as he used to do in ould Oireland ivry Aister Sunday morning. P. S.—He can always hear plenty of braying, of which he does a very large share himself.

Mr. Ennis of Markdale conducted divine service here yesterday. Mr. and Mrs. Erskine led the singing. The former presided at the organ with his usual masterly ability. Mr. Harness filled the appointment in the afternoon at Harkaway. On the previous Sunday morning Mr. H. took the Rev. J. S. I. Wilson's work in the Markdale church.

Old Robert Smith is at present very low. His death may be expected at any time.

### Ceylon

Mr. G. Collinson's mill is again running full blast. He has secured more than his usual supply of logs as the past winter was a favorable one for timbering.

There has also been secured a very large number of telegraph poles, nearly every available vacant lot being covered with the same.

Mrs. Milligan has removed from Flesherton and now occupies Thos. Grainger's farm.

Andrew Sproat has returned home after spending the winter in the backwoods.

Messrs. Rob and Ottewell Tucker spent Easter with their parents.

Mrs. Geo. Tucker of Glenelg and her four daughters left for their new home at Grumby on Tuesday after visiting their friends T. and J. Chislett of this place.

Mr. and Mrs. Wm. Walters of Barrie are visiting the latter's sister, Mrs. Chris. Thompson, 10th line, at present.

### It Rings In Your ear.s

That same cough is everywhere you go, deep and hollow because consumptive. First it was catarrah which could have been cured by Catarrhozone. Moral, never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhozone. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhozone is the great throat, nose and bronchial remedy to-day Thousands use it, doctors prescribe it,—why, because it does relieve quickly and cure thoroughly. Two sizes, 25c and $1.00 at all dealers.

### Hatherton

Spring is with us once more, snow almost gone and plenty of mud.

Quite a number of farmers are busily engaged in making maple syrup. This season is much better than last year.

Mr. Will Grummet, while chopping in the bush, met with rather a serious accident. In cutting down a tree the axe slipped and cut the top of large toe and almost severed the second. He was alone in the bush, and walked over a mile when a rig overtook him and brought him home. He was taken out to Maxwell to Dr. Bond, who thought it advisable to sever the toe entirely. Will is doing as well as can be expected.

We extend our sincerest sympathy to Mr. Allison and family in their loss of a loving wife and mother, but their loss is her gain for she died trusting in her Savior who has been with her in her affliction for the past eleven years.

Mrs. Jessie Arnott is visiting friends in Toronto and attended the marriage of her cousin, Miss Ella Gourley, to Mr. Wood, which took place Mar. 26th in Toronto Junction.

Messrs. R. Kinnear and Doc Fairey visited with friends here one day last week.

Miss Bertha Winters spent a day with Miss Ross of the centre line last week.

Mr. M. Gordon of Dundalk spent a few days with his parents last week.

Mr. Albert Armstrong, the popular Massey agent, of Dundalk, has taken a number of orders for implements in our neighborhood.

We extend our best wishes to the genial host and hostess of the Park House, Flesherton, and now it depends on the temperance people to do their part in making it a success. Here's to success for Flesherton.

Hatherton Union Sunday School has purchased a second hand organ from Mr. McDuff of Dundalk, which greatly improves the musical part of the service.

### A Storehouse For Poisons.

You may not think so, but that's what you become when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowles, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mandrake and Butternut Pills, 25c at all dealers.

Mrs. D. McMullen and daughter, Miss Mildred, and son, Master Russell, of Meaford, are the guests of the former's daughter, Mrs. Jasper Stuart of this place.

We are sorry to report the sad news of the death of little Eldon Lewis, only son of Mr. and Mrs. Thos. Lewis of this place, whose death occurred at his home here on Wednesday evening of last week. Much sympathy is felt for Mr. and Mrs. Lewis, in the loss of their only son.

Mr. Chas. E. Stuart of Heathcote is spending his Easter holidays at his parental home here.

Miss Maude Smith of Toronto is spending a few weeks with friends here.

### Eugenia

Easter passed over very gently at Eugenia. The weather got very cool for a few days and silenced our Canadian band.

Married—at the Methodist parsonage, Flesherton, March 27th, by the Rev. Dr. Caldwell, Mr. Henry Fenwick of Eugenia to Mrs. Sarah Towell, relict of the late Wm. Towell of Toronto. The bride looked very pretty dressed in black net over silk with handsome silk waist trimmed with lace. The congratulations of a large circle of friends are extended to Mr. and Mrs. Fenwick, wishing them every happiness, long life and prosperity.

Miss Ruth Paul of Flesherton is spending her Easter vacation with her parents near Eugenia.

Miss Ruby Graham of Boyne Villa is visiting friends at Clarksburg.

Messrs. Duncan Williams and John Campbell of the Valley spent Easter with friends in the city.

Carlton Hiltz of Erin is visiting at Mrs. Wm. Walker's.

The wedding bells still keep ringing. Our bachelors are getting aroused over so many stepping off. Kimberley young ladies must feel a bit jealous over so many of their best young men coming to Eugenia for wives. Our Eugenia girls are treasures and Kimberley boys have found it out long ago.

Mrs. D. McMullen of Meaford is the guest of friends here.

### MAXWELL

The mission band concert held in the Methodist church, Maxwell, March 22nd was a decided success and reflects great credit on Mr. Andrews, Mrs. Kemp and Miss Field, who trained the children in their drills, dialogues, recitations and singing. A solo by little Miss Annie Guy was sweetly rendered. Solos by Mrs. Kemp, Miss Field and Miss Brownridge were highly appreciated. Recitations were given by the Misses Guy and Pallister and Mrs. Down. The church was filled with an appreciative audience.

Messrs. Doc. Fairey and R. Kinnear visited in Hatherton recently.

The next meeting of the Feversham branch of the Women's Institute will be held at the home of Mrs. Edward Linley, Maxwell, on Wednesday April 10th, at 8 p. m. Subject for discussion "Gardening." The roll will be called for those who were not present at the March meeting. Members will please bring lunch with them.

### Steel Knife In Flesh.

That's the sensation experienced by Robert Price of Hecton, Ont. He knew it was sciatica and of course used "Nerviline." As usual it cured and he says: "No liniment can excel Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through my flesh. I rubbed in lots of Nerviline and was completely cured." A regular snap for Nerviline to ease Sciatica and rheumatism. It sinks into the sore of the pain, cures it in a short order. Large 25c bottles at all dealers.
