GENERAL MERCHANT -- FORT LAW

Farmers, Take Notice.

I have ceased working for McCormack machines, not that I had any fault with the implements, but Jackson & Hannah, of Markdale sold a McCormack six foot binder to Mr. Wilson McMullen last harvest for $125.00 on three pays, and his old Patterson binder and then sold the old binder for $1.50, and on next year's terms they are charged to those that perhaps they get them for less than I do. Why don't they sell them to Markdale farmers for the same? This I can prove. I have contracted with Peter Hamilton, of Peterborough, to sell his implements at Markdale and Flesherton. I will sell the binders, six foot on one pay $110, 2 pays $115, three pays $120; drills, one pay 12 hoe drill $61, 2 pays $63, three pays $65, and other sizes to correspond, smaller or larger. I will be at Markdale after the first of March every Saturday. Any one wanting machines or repairs will find me on Saturdays. I have some second hand Drills on hand, some only worked one and two years, Noxon, Oshawa and Peter Hamilton. Also agent for the Cockshutt Plow, Paris Manure Spreaders and Thresher.

PRICEVILLE

Last Wednesday evening, March 27th, a very happy event occurred at the home of Chas. MacIntyre of Glenelg township near Priceville when his sister, Miss Sarah MacIntyre, became the wife of Chas. D. Ferguson, a young farmer of Egremont. In spite of the rain and mud about fifty friends were present when the knot was tied by Rev. Mr. Kipp, assisted by Rev. Mr. Matheson. The bride was attended by her sister, Miss Minnie MacIntyre, of Toronto, while Dougald Ferguson supported the groom. The wedding march was played by Miss Hopper. The young couple will reside near Boothville.

After living over forty years on the South Line, near here, John McLean has sold his farm and stock and is leaving next week for Owen Sound, where he has purchased house at 31 Water street. Thursday evening his home was invaded by the neighbors of the line and friends from Priceville. During the evening Mr. Arch. McMillan read an address to the family and Fred Frook presented them with a beautiful hall-rack, as an indication of the esteem in which the family is held by the community. Mr. McLean replied very suitably, after which Mr. Arch. McLean and Rev. Mr. Kipp expressed the sorrow of the neighbors, at the removal of the family. Mr. Alex McLean was presented with a purse at the same time.

Jack Frost reigned supreme again last Monday. He silenced the frogs and gave the plow horses an extra day's rest.

Heavy freshet in the Saugeen last week, and damaged the townline bridge. Harry Morrow started for town early on Good Friday, carrying a large pailful of eggs, and when he came to the aforesaid bridge he could see the market and his destination on the other side, but he had one more river to cross and the bridge was not there. By the time he tramped 200 rods of swamp around the bend and came up street he was red in the face and fire was in his eye. He tried to inform several of us that "the town line bridge had gone to"—well, down there, but he could not see what use the old bridge would be there. Perhaps Harry knows.

The sweet product of the maple is not very abundant this year, according to reports.

Mrs. Butter is moving her large barn across the street to rear of the hotel.

R. Watters spent his Easter holidays in Toronto. His sister, Mrs. King, and baby, Gillespie, also went to the city last week to visit friends.

D. McLeod (Fireman Dan) had a successful sale last week and will return to Toronto, where he was for several years an efficient member of the fire brigade.

Stanley Ferguson, Kimberley, is spending his Easter vacation at home.

PALE AND ANXIOUS

Your Countenance Indicates the Body's Awful Struggle for health.

Impossible to work or think clearly when there is no reserve of vigor, no nourishment in the blood, no supply of nerve energy.

The life of the half-sick man is pitiful, in fact, almost criminal, when bounding strength is so quickly derived from Ferrozone.

This nutritive tonic is guaranteed to strengthen all men, women and children. Weak organs get new force, vital energy is guaranteed. Muscle and fat are added, healthy color restored, and the blood fairly tingles with new found life.

Read the evidence of Jno. Carter, of 424 King St. East, Toronto, who says: "After a severe attack of Grippe my health was almost shattered. I suffered constantly from nervousness and dyspepsia. At night I would waken with terrible palpitation and heart pains. Work became a great effort. At ten in in the morning I was so tired and weak I could hardly work another minute.

"Then came a bad attack of rheumatism, which laid me up in bed. I could scarcely lift the weight of a pound, and to stoop or bend was impossible. My druggist recommended Ferrozone, and he knew what he was talking about, for it rebuilt my strength, gave me abundant appetite, better blood, and new nerve energy. The rheumatism has disappeared. I weigh more, feel refeshed and vigorous, and am able to work ten hours a day. Ferrozone did it all."

You will be steadied, toned and strengthened for all time to come with Ferrozone. Get the genuine in 50c boxes or six for $2.50, at all dealers, or N. C. Polson and Co., Hartford, Conn., U. S. A., or Kingston, Ont.,

The other day a merchant in the town of Mitchell happened to see a farmer receiving some goods at the depot and noticed that they came from a Toronto mail order house. He noticed also that the goods were right in his line and the same as he had carried in his store for years. He immediately approached the farmer and said, "I could have sold you every article you have there for less money than you paid the Toronto house and save you the freight besides." "Then why on earth didn't you say so?" answered the farmer. "I have taken the Mitchell Advocate for years and have never seen a line about your selling these goods. The Toronto house sent advertising matter to me asking for my trade and they got it." The same thing is happening every day in many other towns.

Mr. G. T. Martin, architect, Smith's Falls, has taken out a patent for an improvement in the construction of railway coaches, an alteration which he contends will lessen the danger of cars piling upwards when a collision occurs. At present when there is a collision the front cars pile up on each other, and this causes great destruction, but with Mr. Martin's new device he will overcome this. Instead of the ends being perfectly straight he purposes having them constructed on a slight bevel, so that when the impact comes the car will be hurled to right and left and ditched instead of piled up. The principal appears to be a good one, and action will be taken at once to lay the matter before the carbuilders and railways. Mr. Martin has a nice set of drawings, showing the result under the present condition and what he contends will be the result if cars are constructed according to his patents.

Though the Township of Mono carried local option on January 7 by a vote of 479 to 240, Chief Justice Meredith quashed the by-law because the township officials made the mistake of advertising the vote on the by-law five days too soon. James Haverson, K. C., appeared for Mrs. Margaret Henderson, hotel proprietress. "I am sorry that the law leaves me no discretion," said the Chief Justice, in making the order. "I am sorry for the voters who suffer because of the negligence of their officers."
