Hammond---McMullen.

A very pretty wedding was solemnized at the home of Mr. and Mrs. Leonard Latimer, Eugenia, on Thursday evening, April fourth, when Miss Abbie McMullen, eldest daughter of Mrs. D. McMullen, Meaford, was united in marriage to Mr. Hugh R. Hammond, second son of Mr. M. R. Hammond, Kimberley.

Promptly at six o'clock, to the strains of the wedding march, rendered by Mrs. Jasper Stuart of Kimberley, sister of the bride, the wedding party entered the drawing room, the bride leaning on the arm of her brother, Mr. Russell McMullen, and took their places, after which the Rev. T. R. White of Severn Bridge, Ont., performed the cermony in the presence of the immediate friends of the contracting parties. After the ceremony and the usual congratulations the wedding party, accompanied by the guests, between thirty and forty in number, repaired to the dining room, where a dainty wedding d'jeuner was served, after which toasts were proposed to the bride and bridesmaid and were responded to by the groom and best man. The bride was attended by her sister, Miss Virgie McMullen of Toronto, while the groom was ably supported by his brother, Mr. J. E. Hammond, Commercial Master of the Meaford High School. Mr. and Mrs. Hammond will reside on their farm, "Riverside Place," north of Kimberley, and will be at home to their friends after the 25th of April. We join with their many friends in wishing them a long and prosperous voyage through life.

A Case of Neglect

To the Editor of The Advance.

A case has recently been brought to the attention of the writer by which it would appear that politicians are not the only people who need an occasional shuffling around in order to keep them from falling asleep at their posts of duty. A family has been known to reside in the southern suburbs of Flesherton for almost two years and during that time no minister of any denomination crossed their threshold. Now, Sir, this is certainly astounding to think that a family could reside almost within a stone's throw of a Methodist, Presbyterian and Baptist church, and yet not receive a visit from the pastors of these churches. The children of the above mentioned family attended one of the Sabbath Schools and one of the parents, if not both, was a frequent attendant at the same church. Notwithstanding this it, was the duty of all the ministers to call and determine for themselves to what flock the family belonged. When a town of this size expends annually in the neighborhood of $2500 in ministerial salaries, and has cases of this kind brought to their notice, there is surely something amiss. Thanking you, Mr. Editor for this space.

They All Failed.

Many have tried to devise a corn cure equal to Putnam's, but after fifty years nothing has come upon the market that so painlessly cures corns and warts. Don't experiment, use the best, and that's Putnam's."
