Industrial Home Notes

(By an Inmate)

Seeding here, as in many other places, will be very backward this season, yet, we should not allow our faith to waver in the Divine promise of seed and harvest time.

John Tisdale, referred to a few weeks ago as having been examined by Dr. Burt, eye, ear and nose specialist, was transferred to the General and Marine hospital, Owen Sound, about the first of the present month. Shortly after his arrival there an operation was performed which, however, did not prove altogether satisfactory as the seat of the disease could not be reached with safety by the operating physicians. It is doubtful whether another operation will be attempted, his age and the weak condition of his heart being very much against him in so critical an operation. He underwent a similar operation about twenty-four years ago in the Toronto General Hospital which undoubtedly saved the sight of his right eye but within the last year or two a relapse has taken place taking the form of an inward growth and it is doubtful whether it can now be successfully removed owing to the causes above mentioned. We feel to deeply sympathise with friend John in his affliction, he being a most desirable companion, quiet and agreeable, always ready and willing to render assistance to any needy comrade as far as he was able, is a good living, God serving christian and a model inmate. We understand his friends pay for his maintenance while in the hospital but the county bears the expense of the operation. Although we scarcely entertain hopes of his complete recovery, yet we sincerely trust that when he returns to us he will be greatly improved and spared a few more years without the intense suffering he has hitherto so patiently borne.

Since last writing two more inmates have been received to fill two of the vacancies of departed ones; one is a new comer the other is a former inmate re-admitted. Mrs. McIntosh of Derby was admitted in the early part of the month. For one of her age (72) she is remarkably alert, a good needle-woman, speaks and sings Gaelic to the veins of nicety, which would be a source of unspeakable pleasure to the ears of poor old Mrs. McLean, were she yet alive to hear her. Our old and estimable friend, J.L. Cameron, was readmitted ou the 4th. Friend John was discharged at his own request about a month previous to his readmission hoping to do for himself a while longer. Had he remained here until the cold weather was entirely over he may have done better, but unfortunately the inclemency of the weather proved too much for his delicate constitution and rendered him unable to get into any light employment, hence his return. We feel sorry for John, he is now in his 73rd year and although still a smart man his constitution is undermined and his days for hard labor are past. Light and easy situations are hasd to obtain without influence. The spirit is willing but the flesh is weak, old comrade.

Ever since your cor has been an inmate he has kept a book in which he records the names of all admitted, from whence they came, their age, etc. On looking over the lists a few days ago he discovered that (should his test be correct,) Osprey is the only municipality in the county that has not as yet sent an inmate to this institution. This speaks volumes for Osprey and we trust that its record may be maintained.

Our Divine Service on Sunday of last week was conducted by Mr. Montgomery of Orange Valley, Mr. Harness filling the afternoon appointment at Harkaway Mr. Mr. Montgomery is an intelligent young man, (a school teacher, we understand) and bids fair to become a pulpit orator. His subject based on Isa., 511- with several quotations from the new testament bearing on the same subject was ably handled and we shall be glad to hear him occasionally in th future. Yesterday your cor. was prevented by his old enemy, rheumatism, from being present at Divine service but was informed that the service room was filled to its full sitting capacity and that the subject delivered by Mr. Harness, based on 1 Tim. 6, 7-8 was a most vigorous one.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy, Mrs. Edward Philips of Barclay, Md., writes: "I wish to tell you that I recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadfuul cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. E. Richardson.

Hatherton

Well, Mr. Editor, you will be thinking that we have been snowed under at not hearing from us for so long. We have had a little snow and frost which has hindered the farmers considerably with their seeding.

Mr. Dan McAuly of Dundalk has taken the contract of building Mr. John Loughed's barn and Mr. James Winter's straw shed, and are busily framing the timber.

Mrs. Northmore of Toronto was visiting her sister, Mrs. Beeley, a short time ago.

Mr. George and Jessie Grummet and Mrs. James Arnott attended the funeral of their brother, Dan, of Blantyre, who has been a sufferer from kidney disease. We extend our sympathy to the bereaved widow and friends in their trouble.

The Evening Lights, a religious sect, intend holding services in the school house on Sunday afternoons. Forty and one religons and only one way.

Mr. A. C. Down from Somerset, Bermuda, representative of the Sun Life Assurance Company of Canada, en route for Regina, Sask. accompanied by Miss Ella Karstedt of Flesherton, visited with his cousins, Mr. and Mrs. Harry Down. We are glad to learn that the temperance element is very strong in Bermuda, Mr. Down having held an office in the I.O.G.T.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results For sale by W. E. Richarpson.

10th Line Osprey

Feed is getting very scarce and it is a familiar sight these frosty mornings to see a farmer with a team and wagon and hay rack hunting hay.

A little boy has come to the home of Mr. and Mrs. Noah Jeffreys.

Mr. Joe Irwin is erecting his sawmill.

Mrs. John Crawford of Cayley, Alta., is renewing old acquaintances in this neighborhood at present.

We understand that Mrs. Wm. Pool is in a fair way to recover from her serious illness, under the care of Dr. Bond.

Mr. Wm. Brown lost a valuable cow last week. The animal got fast in a corduroy bridge and broke her back.

Miss Laura Brownridge is visiting her sister, Mrs. Ed. Hawton.

Mrs. Hugh Fenwick visited Toronto last week and brought a little girl back with her from one of the homes, a sister of the little boy they adopted a few years ago.

Mrs. H. Alexander of Feversham visited with her aunt, Mrs. Philip Ottewell, last week.

Miss Lizzie Brackenbury is on the sick list at present with erysipelas and blood poison. We hope to soon hear of her recovery.

Relief From Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by. W. E. Richardson.

PRICEVILLE

Last Saturday morning (11th) the ground was frozen so hard that farmers could not use disc, seeder or harrows, but on Monday afternoon they complained of the heat. Several farmers have finished seeding and some have been working for a week at railway construction.

The steam shovel is doing big work in the hill and the donkey engine hauls 8 cars of earth out on the trestle work which is up to its full heigth, about 27 ft. near the river edge. A gang of men are stretching the wire fence along the right of way.

Mr. L. McArthur has erected a new windmill which pumps water for the stock from his 60 ft. well. When his plan of water-works are completed a tank in the barn will supply the stock with water in the winter time.

Mr. A. McCabe brought in a car load of young cattle last week and placed them in his pastures.

Mr. J.A. McDonald who has for a long term been precentor or leader of the musical services in the Presbyterian church in the Gaelic language was honored one evening lately by a representative gathering of the congregation at his residence when a neatly worded address was read and he was presented with a nicely upholstered arm chair and neat writing desk. J. A. was taken completely by surprise, in fact he was on his way to visit a sick neighbor when the deputation arrested him and he was brought back home. McD. in a neat little speech made a suitable reply and several hours were spent in impromptu speeches, intermingled with instrumental music by pipes and violins and vocal solos by a number of those present. Now as John A. sits in his easy chair with all the modern appliance before him for writing despatches the eloquent flow of language conveyed from his mind by his pen and the press, consisting as usual of timely admonition, newsy items, historical notes, and we hope will continue to come from time to time to the interested and appreciative public of this vicinity for years yet in the future.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a centry in which it has been in use, peoble have learned that it is the one remedy that never fails When reduced with water and sweetened it is pleasant to take. For sale by W. E. Richardson.

Eugenia

Married—At Stoughton, Sask., April 23, at the home of the bride's brother, Mr. A. E. Carr, Mr. Ben Sargent to Miss Edith Carr of Eugenia. The Rev. Mr. Pemrose performed the interesting ceremony. As the bride is so well and favorably known around Eugenia, the congratulations of a large circle of friends are extended to her and her husband, wishing them long life, prosperity and happiness

Miss Mabel Carr has gone to take a course in the Ontario business college, Belleville.

Mrs. Bell has let the contract for having her house bricked and shingled and other improvements. She will have a cosy home. Mr. Lewis of Kimberley has the wood work and the Graham Bros. the brick work.

Miss Maggie Armstrong was home from Heathcote visiting her parents on Sunday.

One of our young men has been prostrated from an over-dose of red pepper which his best girl gave him for some ailment.

Seeding is almost finished and the weather is very fine at present.

Mr. Edgar Graham gave his friends a treat of maple taffy one evening recently at the home of Mr. Jake Williams. Whilst they were eating taffy some vandal came and stole the buggy from one of the boys, compelling him to walk home with his best girl. No fun tramping a mile or two over such roads, but love only laughs at difficulties of that sort.

Good Corn Sheller For 25c

A marvel of efficacy and promptness, a remedy that does cure corns and warts. Its name is Putnam's Corn Extractor. Contains no acids, never pains, gives lasting satisfaction. Insist on "Putnam's" only. Its the best.

NOTICE—The Sydenham Mutual Fire Insurance Co. contracts to pay market value for household effects, farm stock, implements, hay and grain also losses or damage in full caused by lightning at about half the cost that other companies charge. An Institution that offers such terms deserves the patronage of all progressive farmers. A post card addressed to their agent, W. J. Bowes, Markdale, regarding terms will receive prompt attention.
