Industrial Home Notes

(By an Inmate)

7 a.m., 20th May, snow falling, make a note of it.

John Tisdale, referred to in last week's items, underwent another and more successful operation in the Owen Sound Hospital on Wednesday last. We understand that no cutting was necessary, the disease proving to be in accordance with Dr. Ego's prognostication, an abscess, the pus being extracted through the nostrils. John underwent the operation nicely and when seen by Mr. Harness on Thursday was resting quietly and in a fair way to recovery unless a more serious relapse occurs, but we hope for the best.

The angel of death again visited the home claiming as its victim Christopher Vanetta about 11.30 p.m. on Thursday last. His death did not cause surprise, as for the past two years he has been subject to temporary spells of weakness, each one of which was thought would be his last but being possessed of a remarkably tough vitality he struggled along until finally taking to his bed two weeks ago he gradually sank until he quietly passed away. He claimed to be in his 89th year but having no records he probably was not more than 84 or 85 years old. The Rev. J. S. I. Wilson read the burial service over the remains in the service room after which undertaker Chapman transferred them to the Markdale cemetery for interment. The deceased was admitted to the home in August 1904.

There have been five deaths in the home since the 1st April viz., April 3 men and 1 woman, May 1 man.

On account of rheumatism Mrs. S. Carson was obliged to abandon her position on the staff here on Wednesday last. We understand her place is to be filled today but by whom we have not yet heard.

Miss Ruby Stone of Stone's Line spent from Sunday till Monday morning with her sister, Miss Robinson, of the staff.

Owing to the large attendance at the funeral of the late Mr. Wm. Shields of Markdale suburbs which took place yesterday afternoon, the attendance at our divine service from outside was sparse. Mr. Harness delivered an appealing discourse from Roman's 14-10. Miss Ruby Stone very acceptably supplied the place of organist. Your cor. with another old comrade attended service at Christ's church in the forenoon for the first time this season and listened to an excellent and appropriate Pentecostal sermon preached by the pastor, Rev. Mr. Robinson.

We were glad to notice in last week's issue of the Advance that our estimable friend, Mr. Geo. Holman, Grand Rapids, Mich, was so far recovered from his illness as to be again able to wield his facile pen, in right good style too.

One or two male inmates anticipate taking their departure from the home this week. Your scribe intends making application for three months leave of bsence during the warm weather.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse Many trained nurses use this salve with best results For ale by W. E. Richarpson.

Our Port Arthur Letter

"Northwest the star of empire takes its way." So writes the Khan in the daily Star of recent date—a phrase pregnant with meaning at the present date. And amid the wondrous reports of fabulous discoveries of wealth stumbled upon by our hardy pioneers in the way of forest and mine, perhaps the most surprising to the average Canadian are the realization of the agricultural possibilities of our northern possessions. It requires no phenomenal memory to recall the time when the shores of Georgian Bay, lakes Huron and Superior, were considered the boundary line of arable Ontario, all beyond being left to the trapper, lumberman and Indian. It is not hard to recall a statement made in parliament by one of the wise men, that the country north of the lakes was only fit to produce Christmas trees and woodchucks. It is not necessary to spend seven years in the region to discover the mistaken idea so long entertained. While it is true that a large part of the land is not farm land, it is just as true that a very considerable portion of Thunder Bay district convenient to the twin cities of Port Arthur and Fort William (and the same description, I am creditably informed, will hold good regarding other localities) is remarkably fertile, and where systematic farming has been introduced is proving highly satisfactory. There are certain sections adjacent to the towns, such as Slate River and Whitefish valleys, where several townships together present as fertile and inviting fields for the farmer as any points with which I am acquainted, abundantly supplied with the purest water, most of the streams well stocked with fish, while small game is plentiful and a fair supply of deer, moose and caribou. Wild small fruits, including strawberries, grow in abundance, which seems to indicate the possibilities in the fruit line. While fruit growing is still in its infancy, those who have tried it—one of whom, Mr. J. L. Meikle, wholesale merchant of Port Arthur, informs me he has found it a succes.

Seasons are short, but growth is phenomenally rapid, the proof of which requires only a stroll in the woods in June or July, where gaass, ferns and other wild plants show such a stature as to obstruct the view, wild grass six feet in height being nothing uncommon.

The main crops so far raised here are potatoes, oats and hay. Mainly owing to the fact that the demand for these staples so far exceeds the supply they have to be imported in large quantities. The overflow of wheat from the west keeps that cereal at the standard price, but wherever tried the yield has been fair and grade A 1.

The farm land being limited and lying in sections, to a great extent out of line of the C. P. R., has in the past escaped the notice of the main rush to the west. In the localities above mentioned a few particulars might not be without interest. 10 miles west from Port Arthur on the C. N. R. going west we reach the first stop west of Fort William, Slate River. Crossing the ferry south, over the bridge and enter Slate River proper, a part of Papoonge township, the townships of Blake, Scobie and parts of others, a veritable garden as far as soil, climate and general topography is concerned. Many farms 12 to 20 years under cultivation are assuming a considerable value and many cozy homesteads are found. Here is situated the famous 1000 acre farm of Mr. W.S. Piper on which 1000 bushels of oats were taken from a ten acre field. A days drive over the pleasant roads of Slate River valley is a rare treat. Adjoining this on the west lies the White River valley, each named after its principal stream, containing the western portion of Papoonge, with Gillies, Pearson, Marks, O'Connor and Conwell townships, embracing some of the finest farm land to be found in Ontario. O'Connor is the central township of the group and may fairly be called its garden having mostly gently rolling land, a great portion of which was burned over years ago, most of the timber being destroyed leaving the land easily cleaned and removing most of the stumps with little labor at the present day.

In this township are located some old neighbors of The Advance. A town lies between the main of C. N. R. and the Port Arthur and Duluth branch, the great Kakabeka falls being just outside its N. E. boundary. So it is well served with railways, while two good government roads intersect it, crossing in the centre and both leading to the railway. Mr. John Whittaker, formerly of Ceylon and Mr. Wm. Muir of the same locality reside on main road, while three miles north Mr. Joseph Gibson, one of Artemesia's former Councillors, occupies a half section of excellent land purchased last year from your scribe, while immediately across the road Mr. Herb. Genoe has recently secured 160 acres of No. 1 land with some improvements.

Other sections to the north and northwest are being opened up and a large amount of good land, much of it well timbered may be homesteaded. Timber consists of jack pine, spruce, tamarac and birch, while in the rougher portions valuable minerals lie buried. It has always appeared to me that to the young farmer who comes here willing to take off his coat and proceed to mixed farming, a fair competence is within easy reach.

Some of the prices current here at present and they represent nothing unusual at this season with higher tendencies at particular seasons will indicate the prospects:

Hay	$20.00 to	$22.00
Oats	.50 to	.60
Potatoes, per bag		1.50
Eggs, doz	.30 to	.40
Butter, lb	.35 to	.40

All kinds of vegetables at 25 to 50c per peck above Toronto prices.

When we consider that any head of a family can secure 160 free and preempt 160 more at 50c. per acre it seems strange that it is not better known.

Not wishing to exhaust your patience I will rest for the present. Hoping at some future time to give you a sketch of some of the points at which the cities have developed in the last six years,

I am yours,
W. M. CLARK.

Box 344, Port Arthur, Ont.

PRICEVILLE

Born—To Mr. and Mrs. Geo. Warling on the 19th, a daughter.

Mr. and Mrs. Sam Gilbert spent Sunday at Mr. Alex Carson's.

Wedding bells will be ringing in the future.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a centry in which it has been in use, people have learned that it is the one remedy that never fails When reduced with water and sweetened it is pleasant to take. For sale by W. E. Richardson.

Eugenia

A meeting to organize a football club was held in the Munshaw House, Eugenia, Saturday May 18th. The club organized will be known as the Eugenia Beavers. Correspondence from other teams is soclicited. Following is a list of officers: Pres., G. F. McDonald; Capt, Fred Jamieson; Sec., Stanley Campbell; Treas., Fred Graham; Man. Com., Edgar Graham, D. Williams, Arthur Walker.

Mr. Robert Purvis of Toronto is visiting friends in town this week.

Mr. John Walker of Shelburne was in town last week on business.

We are expecting some big things from the newly organized football team,

WHY SO WEARY

Always Restless and Weak Isn't Natural—But It's Dangerous.

You have to work hard. This uses up lots of nerve force and tears down the body faster than it can build up.

The result is a half-dead feeling you can't shake off. Somehow you must get more vitality. The water in your blood must be turned into nutriment and building material.

This is just what happens in using Ferrozone, which renews the blood and nerves, and makes each organ do the work that nature expects of it.

Ferrozone quickly increases your weight, brings appetite and healthy color' instills a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

The enormous strengthening power of Ferrozone is proved in the case of Mrs. Edward Hill of Orr Lake, Ont., who says:

"Two years ago I had a nervous breakdown. At night I tossed restlessly in bed, unable to get any rest from sleep. In the morning I sufferd from over-powering weakness. My appetite was poor. I grew pale, thin and despondent. A slight hacking cough also added to my burden.

"My doctor said to try Ferrozone, and it did me good in a few days. I increased in strength, the nervous sensations disappeared, and with my appetite came back my color and good spirits. I have gained over ten pounds in weight, and as my age is 56 I consider Ferrozone is a marvel." (Signed) Mrs. Edward Hill.

REMEMBER THIS: Ferrozone is a true tonic—not an alcoholic stimulant. Fifty choclate-coated tablets in a box for fifty cents, or $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

MARKDALE, ONTARIO

Grey County's BIGGEST and CHEAPEST STORE

Slaughter Sale

—OF—

Ladies' and Gents' Boots and Shoes.

THE J. D. King & Co's. plant has changed hands and their ENTIRE STOCK of Footwear was sold in Toronto by auction on Wednesday, May 8th, 1907. Our W. L. McFarland attended the sale and was fortunate in securing MANY LINES at SLAUGHTER PRICES, and on arrival of the goods (which we expect this week) they will be put on sale at prices that will move them quickly. These goods are not damaged in any way and in most lines the sale price per pair would not buy the leather that's in them. Come in and see for yourself.

$7.50 Men's Suits for $4.85

We have taken all our broken lines of Men's Suits that were selling at $6.00, 6.50, 6.75 and 7 50 and placed them by themselves, and now offer them to first comers for $4.85 a suit. Just think what a bargain these suits will be for the men who call early enough to get them. Sizes 36 to 42. Do not let this opportunity get away from you.

75c. OVERALLS for 48c.

This week we put on sale all our Grey Dinim Overalls, some with bib and others without, in medium and heavy weight cloths that were selling at 75c and 85c a pair. There's not many pairs to sell but while they last you can have your choice for per pair.....48c

15c BOYS' VARSITY CAPS for 5c.

About 50 Boys' Medium and Light Fancy Tweed Varsity Caps, worth in regular way 15 cents, to clear.....5c

$1.25 BLACK SATINE SKIRTS for 89c

57 Ladies Fine Quality Black Satine Underskirts, with deep flounce and three rows frilling, several rows cording and good full sweep, $1.25 value, sale price to clear each.....89c

7c GINGHAMS for 5c.

688 yards of fine quality Gingham in medium and small blue checks, colors fast, and would sell in regular way 7c. our price per yard.....5c.

35c LADIES BELTS for 10c

We have taken several of our broken lines in ladies Belts that were selling at 25c and 35c, and find that in many cases ther is not more than one or two left of a kind which means they must move out quickly, sale price each.....10c

New - Tin - Shop.

I desire to inform the public that I have opened a new Tinshop in the Christoe Block, Flesherton. I have purchased Mr. F. G. Karstedt's complete tinsmithing outfit and am fully prepared to do all kinds of custom work, including eave troughing, furnace work and repairing of all kinds. A full stock of homemade tin goods will be kept constantly on hand. I purpose giving satisfaction to my patrons and all my work will be done with that end in view. Give me a call—and a chance to demonstrate my fitness to serve you.

P. Norris, - - Flesherton.
