The Company will not be responsible for personal Baggage unless booked and paid for as Freight.

Furniture, Glass, &c. not properly packed will be at the owner's risk, and Freight charged in bulk.

Parties wishing to have Freight or Passengers conveyed by the Company, are hereby notified that such cannot be forwarded unless previously arranged for. Much inconvenience having hitherto been felt in the mode of settlement at the end of each Season, it is desirable that a proper understanding should be entered into, in order to make it satisfactory for all Interests concerned.

Emigrants destined for the Upper Ottawa will find all necessary information at the office of A. C. Buchanan, Esqr., Chief Emigrant Agent at Quebec, which will enable them to proceed direct by this route. They may rest assured that every attention will be paid to them, as also to their Loggage. The attention of Emigrants is particularly direct to the great inducements held out by the Government to settle on the Waste Lands of the Crown in this section of the Province.

"LITTLE GIANT"

Corn and Cob, Pea and Oat Mill!

THIS MILL combines, in a remarkable manner, SIMPLICITY and POWER and may be adjusted and put into operation by any person, (no matter how ignorant he may be of machinery); while its efficiency, as a

Corn and Cob Crusher,

surpasses anything of the kind in existence, and fully warrants the unique appelation of the "Little Giant."

This crusher is adapted not only to the grinding of Ear Corn for feed, but also to the cracking of Corn, Peas, and Oats, together; in which it is unrivalled.

The economy of grinding up cobs with corn, is hardly now an open question. Full experiments have been made, and the results frequently published. It is not pretended that the cobs are rich in the element of nutrition, compared with the grain, but they have been found to yield spirit or distillation, a proof that they are far from valueless, and also answer admirably the purpose of procuring the necessary distention of the stomach, and promoting digestion.

The "Little Giant" is of two sizes, costing respectively $40 and $60. It will turn out, according to size, from ten to twenty bushels an hour and do its work most thoroughly and satisfactorily!

These Mills are to be had in all the principal Towns in Canada.
