CHEVROLET

First to get away!

YOU'LL find the smooth Chevrolet always in the front of the traffic line. At the sound of the whistle or the sight of the word "Go", the smooth Chevrolet is first to get away.

Chevrolet will run rings around large, cumbersome cars — weaving in and out of traffic with an ease that is almost uncanny. Chevrolet may be turned completely around in the width of an ordinary road. It can be parked with ease in a surprisingly small space. It will gather speed on hills where bigger, costlier cars slow down. And always the Chevrolet driver knows that, pulsating quietly beneath the hood, is abundant power that will not fail him in an emergency, while Chevrolet, above any cars in its class, possesses the smoothness that makes driving — either fast or slow — a source of pleasure and satisfaction.

The Smoothest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada.

Let your Chevrolet dealer arrange a demonstration and terms of purchase under the GMAC Deferred Payment Plan.
