Farmers, Take Notice.

I have ceased working for McCormack machines, not that I had any fault with the implements, but Jackson & Hannah, of Markdale sold a McCormack six foot binder to Mr. Wilson McMullen last harvest for $125.00 on three pays, and his old Patterson binder and then sold the old binder for $1.50, and on next year's terms they are charged to those that perhaps they get them for less than I do. Why don't they sell them to Markdale farmers for the same? This I can prove. I have contracted with Peter Hamilton, of Peterborough, to sell his implements at Markdale and Flesherton. I will sell the binders, six foot on one pay $110, 2 pays $115, three pays $120; drills, one pay 12 hoe drill $61, 2 pays $63, three pays $65, and other sizes to correspond, smaller or larger. I will be at Markdale after the first of March every Saturday. Any one wanting machines or repairs will find me on Saturdays. I have some second hand Drills on hand, some only worked one and two years, Noxon, Oshawa and Peter Hamilton. Also agent for the Cockshutt Plow, Paris Manure Spreader and on Thresher.

You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

You May Be Sick To-night

Without a moments warning pain springs upon us. At the outset it is instantly cured by Nerviline. Surprising what fifteen drops of this marvelous medicine will do. It's external action is no less certain than it's wonderful effect when taken internally. Of course Nerviline is powerful or it couldn't be so penetrating. But not irrating or caustic. There are other pain remedies, but when you use Nerviline you see the difference is this,—others relieve, but Nerviline does cure sprains, strains, swellings, earache, toothache, neuralgia, lumbago, in fact all muscular pains. Large bottles 25c at all dealers.

The Department of Education has under consideration a plan whereby public school inspectors, in addition to attending as they do now, the meetings of the trustees, will hold at least once a year a public meeting in every township under their respective jurisdictions. Ratepayers, trustees and others interested will be invited to attend to discuss the particular needs and difficulties of the localities in regard to education. This step may be an inaugural measure in an educational campaign to be carried on in the country districts of the Province. If the scheme succeeds in arousing the interest of ratepayers in this section it will have been worth trying. At the present time absolutely no interest appears to be taken, as a general thing, by the ratepayers, even the annual school meetings being so poorly attended that the trustees' reports are read to the trustees only. It is time an effort of some kind was made to interest parents in educational matters

Stolen Furs Found.

On Monday some workmen who were loading a car at the station had occasion to look under the storehouse platform for an article, and were astonished to see some fur articles tucked away there. On fishing them out it was discovered that the lot contained five ladies' fur jackets and coats, mostly persian lamb, four men's fur coats and a rain coat. The garments were all slightly worn but were valuable and cost from $500 to $800 when new. They had all been ticketed as though sent in for storage or renovation, but the tickets had all been torn off with the exception of three. In the pocket of a valuable coon coat two large envelopes were found addressed to W. J. Thompson, Winnipeg, the envelopes bearing the business stamp of a Manitoba town. These envelopes had never been mailed, though stamped, and one contained three two cent stamps. This may assist in locating the owner. The garment are now in charge of Mr. A.S. VanDusen and the Attorney Generals department has been communicated with. The articles were loose when found, in two bundles, without any wrapping or ties of any kind, and had not lain there long as the scent of camphor was still strong on them.
