The agricultural grounds here were the scene of an exciting football match Monday evening. The men building the cement walks in town undertook to trim the junior team of this place. There has been some little friction in town over the impounding of animals. It seems that the pound keeper appointed by the Council did not qualify by taking the declaration of office, but instead handed over the job to Mr. Harmon Radley who accepted it and also took in some animals that were brought to him. As he evidently was not properly appointed some of the owners of impounded animals are now after him and something will probably be heard from it at next Division Court.

Mr. George Lawrence of Kimberley died on Sunday last at the age of 74 years. Mr. Lawrence had been in failing health for some years, and last week took a parlytic stroke while working in his garden, where he was found unconscious, and from which he did not rally. The funeral took place yesterday (Wednesday) to Markdale cemetery. Mr. Lawrence was one of the early settlers of Euphrasia and was one of its most highly respected citizens. He was frugal, industrious, and a good neighbor. He leaves a widow and seven children to mourn the loss of a kind father. The children are James, John, Robert and Ella of Kimberley, the two latter on the homestead, Willie in the West, Noble and Maggie (Mrs. Henry Ellis), Powassan; and Harry of Trout Creek. The widow is a sister of the late Mrs. Jane Thompson of this place. The editor of this paper has all his life known Mr. Lawrence and can pay a high tribute to his memory. He was honest and upright to a degree, an industrious and hard worker, with a warm kindness of heart for his fellowmen that is all too uncommon to-day. No fellow being ever suffered an injustice at the hands of George Lawrence. He now rests after a life of hard toil.

The City Dairy Co. of Toronto has signed an agreement for the purchase of the Kinoeul farm of 740 acres, near New Lowell, for the purpose of starting a big dairy farm. It is the intention to herd about 500 cows on the place and supply Toronto with milk. The scheme is a result of the recent trouble with the milk producers' Association. In these days of enlightment it is a difficult matter to successfully conduct a monoply. The barns and stables on the farm are probably the most expensive in Ont. and cost over $20,000 to build, and the improvements contemplated this fall will make the property worth $50,000.

## Wm. CLAYTON

The farmer, if he only knew it is a little nearer the kingdom of heaven than any one else on earth. He is certain of 3 square meals a day and is the only man who can fence himself in and live in spite of the rest of mankind. A few cattle and sheep and fowl provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common, that hardly one farmer in ten takes an account of them although the ordinary business man thinks he has done well when he reaches the end of the year and finds that he has a little more than made ends meet.

The sawmill belonging to Mr. Louis Feigehen, situated on Mr. J. S. Currie's farm on the townline between Nottawasaga and Collingwood townships, was totally destroyed by fire recently. When first noticed the fire appeared to be about the boiler but in a very short time it fully enveloped the mill and was beyond control of the few people gathered. Surrounded as the mill was by piles of wood the fire spread and before being extinguished consumed upwards of two hundred cords of hardwood slabs valued at $500 and a quantity of lumber worth at least $300. The loss on the mill is about $1,700 which with that on the stock and the increase in the cost of rebuilding will make a total of $3,000 on which there is not a dollar insurance.

The game officials are on the watch for those who shoot cranes. The fine for killing these birds is from $5 to $20, under the new game law.
