MY STAND AS U.F.O. CANDIDATE FOR SOUTH GREY

Direct representation for Agriculture.

That plank is broad enough to draw the support of our urban brother, for the condition of Agriculture affects directly and immediately the condition of our urban centres.

A co-operative form of Government enabling members to vote on the merits of each question, to keep faith with their riding rather than a leader of a party; and to elect and control the Cabinet.

I stand for the O.T.A., the rigid enforcement of it and for the strengthening of it as time goes on.

Cheaper hydro for farmers and small centres and a farmer on the Hydro Commission.

Cutting in half the fee for Automobile licenses and increasing the tax on gasoline.

Cheaper credit for long term loans. Lower freight rates.

Education to prepare people to live country life. Part year courses based on the needs of rural life for country boys and girls.

Rigid economy in public business.

Advancement of all good social laws.

Respect for the will of the people. Dethronement of autocracy, replacing it by democratic practice.

Co-operation and the grading of farm products.

I condemn the gerrymandering of constituencies—taking 10 seats away from rural Ontario and giving these to the large centres. The suppression of representation by leaving vacant 7 seats in the Legislature for a whole session.

I condemn the spending of the people's money on an Agricultural Inquiry Committee to get information any farmer could have given and then, having secured it at great expense, to disregard it entirely.

I stand for the closest possible harony and understanding between the member and his constituency — the people are the master, the member the servant, sent to represent and carry out the people's will.

Yours very truly,
—F. R. OLIVER.
