"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used the preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa. This remedy is for sale by W. E. Richardson.

Maxwell and McIntyre football clubs played a challenge match at Dundalk recently for $5 per side.

The Dundalk paper described the game as follows: Although the teams were very evenly matched and each side played to win, the game was devoid of roughness. The play was too close for any combination work and indvidual play prevailed. McIntyre kicked down the field and appeared to have the advantage in the first half, the ball being near the Maxwell goal the bulk of the time but the defence was not to be drawn out and no scoring was done. Near the close of this period, however, the ball got up to the McIntyre end aud back of the goal when the referee blew his whistle for a goal kick but the play went on without a stop and C. Kerton scored for Maxwell a distance out. The goal was, of course, disallowed, and the goal keeper given his kick, relieving the situation and the half ended without result. Up to this point McIntyre had the best of it but it would be difficult to pick the winner. Early in the second period the tide seemed to turn in favor of the Maxwell boys but there was no scoring done until within about five minutes of the finish when the ball was worked into close quarters with the McIntyre goal and Maxwell was successful in making a clean shot and winning the match. McIntyre had as many opportunities to score, as Maxwell, but their right man at the right place wasn't there. A good crowd of villagers turned out to see the sport.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. To-day he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by W. E. Richardson.

Camping Donts.

There are dont's in everything, but it is better to have them by heart than to undergo the humiliation of having a guide or friend din them in your ears continually while you are in the woods. A few which should be kept in mind are given by "Recreation."

Don't go away and leave your camp fire burning. Extinguish it completely before you move on.

Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear color, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c. per box, at all dealers.

Died at Sarnia

Word was received here last week from Sarnia announcing the sudden death of Joseph Smith at that place. Deceased was a brother of Isaac and Robert Smith of this township and had been a sailor for a number of years. He was 35 years of age. He was picked up in a helpless condition at Sarnia and was only able to give his place of residence before he died. The remains were not brought home for interment.

About this time, says a newspaper paragrapher, the town man with the hoe and a personally conducted garden increases his laundry bill a dollar a week in order to raise three dollars and ninety-eight cents' worth of vegetables. And that does not take into account the original cost of planting. But the town man with the hoe is not trying to raise dollars' worth of vegetables. He is raising callouses and tan, acres of priceless satisfaction, and an appetite that the produce of two good gardens cannot satisfy
