PRICEVILLE

The continued dry weather is keeping the root crop at a standstill and making pasture scarce.

The Methodist garden party on the 7th was quite a success. The attendance was not so large as on some former occasions, but the financial receipts are probably a record breaker, the gross receipts amounting to nearly $60. The ladies of the circuit still uphold their good reputation by lading an excellent tea table. We got behind the scenes for a minute and found out that one of the choice baskets—or in fact more than a basketful—was the voluntary gift of a Presbyterian lady who has the habit of cooking various kinds of food in such a manner that you are tempted to eat, even when you imagine that you have no apetite for edibles. The Presbyterian choir, Durham, lent their assistance, and made the entertainment quite attractive by their well rendered selections. Mr. Medford of Durham pleased the audience very much by his well rendered solos. The people here consider him an excellent singer. Miss Anna James sang a solo and the applause given her is evidence that she is still a favorite. Our Flesherton friends also lent a helping hand. Miss Trimble, an artist in music, gave an up to-date solo, and Mr. Elwood Genoe gave an amusing recitation. Rev. Dr. Caldwell gave a very patriotic address, his subject being the Union Jack. He showed each cross of the union and explained to the young people what they represented, and hoped that the school teachers and ministers would strive to educate the boys and girls of our country to love and honor "the flag that braved a thousand years the battle and the breeze." The Salem orchestra was present and rendered fine instrumental music. For one encore they played Yankee Doodle. About 75 per cent. of the people did not know what it was, and the boys that did know let it pass as a joke, the Haw Bros. being great favorites here. If a strange company attempted to play Yankee Doodle on a Priceville platform they would need to have their feet on the doorstep and have the wings of the morning to "git," or there would be nothing left in a few minutes but a scrap heap. Mr. Laidlaw of Inistioge gave a pleasing address, and also Mr. Woods of Corbetton created a good impression while addressing the audience. Mr. Woods was the Local Option candidate in the late election in Dufferin county.

The railway bridge and big fill will be completed this week. The steel gang have laid the rails to 30 sideroad and we expect in a few weeks to see the big engine and cars in town.

Remedy for Diarrhoea, Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used the preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa. This remedy is for sale by W. E. Richardson.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. To-day he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by W. E. Richardson.

Hay Fever Can Be Prevented.

Don't seek other climes at "Hay Fever Season" don't destroy your stomach and nerves by drugs—prevent the disease. Hay Fever is caused by germs that float about in the air and finally find lodgement in your throat and lungs. Medicine won't reach them there, but Catarrhozone will. Catarrhozone is sure death to germs. Start now to use Catarrhozone. Inhale it into the throat, lungs, nasal passages and bronchial tubes. It goes wherever the air you breathe goes, and it will prevent and cure Hay Fever. Endorsed by not less than one thousand doctors in Canada and U. S. Sent to any address for $1.00 forwarded to Polson & Co, Hartford, Conn., U. S. or Kingston, Ont.

Portlaw

Stone Settlement

(Intended for last week.)

The haymaking in this section is just about finished and though the crop is somewhat light, the weather has been ideal and the crop has been gathered in prime condition.

Mr Roy Fletcher of Owen Sound spent Sunday of last week at the parental home here. Roy is one of those energetic and sensible young men none too frequently met with and for whom we predict a successful future. Any young man who will devote his summer earnings to further education to fill some trustworthy and confidential position, and thus render himself a useful and respected member of society seldom misses the mark he so strenuously aim at. Roy is one of them.

Mrs. Harness, matron of the House of Refuge, accompanied by Miss Robinson of the "Home" staff paid a short visit to Mr. and Mrs. Henry Stone, on Tuesday last.

We are glad to notice that Mrs. R. Whittaker, sr., notwithstanding the 82 summers that have passed over her head, still retains to a remarkable degree much of the activity of former years and is able to walk around and visit her neighbors without even the aid of a walking stick. We hope she will continue in the same condition for some years yet.

Your cor. may be fairly considered as one of the oldest contributors to the columns of The Advance, his first contribution being in August 1882, extracts from letters received from his nephew, a sergent in the Royal Artillery engaged in the Egyptian war conducted by Sir Garnet Wolsley against Arabi Pasha, enumerating the affairs of Cassassin, Suakim and the brilliant battle of Tel-el-Kebir in which action the young sergeant (your scribe's nephew) had two horses shot from under him within an hour but miraculously escaped, himself. The Advance was then in its infancy under the parental control of A. R. Fawcett. From that time to the present your cor has been a frequent and fairly regular contributor.

Your correspondent tenders his congratulations to his brother veterans of the Fenian Raid who recently received their reward. Your scribe received his just a year ago.
