Rev. S. D. Gaudin, wife and three children, left for their far-away home, Cross Lake, 460 miles due north of Winnipeg, on Saturday last. Mr. Gaudin's mother, who is 82 years, accompanied them. J. H. Love, while digging a drain on the C. P. R. property at the station last week found evidence of the work of beavers five feet below the surface. He has several pieces of limbs showing their handiwork. It must have been very many years since these animals did the work, as no stream has been in the vicinity within the memory of man, although at some time it evidently was a watercourse.

For some years, Miss Josie Richardson has been organist in the Baptist church and Sunday School besides being very active to all the work there. On Wednesday evening last, a few of the church met at the parsonage and presented her with an ebony toilet set and brass boudoir clock. A few words of appreciation then were spoken by the pastor and Richard Allen, the S. S. Supt., to which Miss Richardson replied very fittingly. Miss Richardson left for Montreal on Thusday morning and sailed for England on Saturday.

A noise as of a heavy explosion startled the citizens one evening last week. On inquiry the following explanation was offered: Norris Bros. were back of their shop, occupied at something. A barrel that had contained gasoline was sitting by, and Peter, after lighting a cigarette, dropped the lighted match through a hole in the barrel top and instantly there was a terrific explosion, blowing out the stout oak barrel head and scattering it over a radius of a hundred rods. Beyond a jarring of many people's nerves, no damage was done.
