For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable, sugar-coated.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of

Improved processes for reducing milk to the form of a powder, or compressing it into tablets, have led to an increasing use of milk in these forms. Powdered or compressed milk is not only employed for provisioning ships and for transportation to distant places, but for the use of bakers and confectioners. In France a new process for powdering milk has recently been invented. The milk is forced, under a pressure of 250 atmospheres, through a tube one tenth of a millimetre in diameter, into a closed chamber heated to 167° Fahrenheit by a current of warm air The rapid expansion of the milk on entering the chamber turns it into a cloud of vapor, the water is carried off by the current of air, and the solid parts of the milk fall in powder on the bottom.

Early last Monday morning as Mr. Reginald Tuck of Sunnidale was doing his morning chores, he noticed a full-grown lynx in Mr. J. Rogers elm grove. Mr. Tuck, accompanied by his dog immediately gave chase and succeeded in driving it out of the grove into an open field. After a hard run the animal finally treed by the dog and before he could make another dash for freedom, a couple of well directed shots by Messrs. Tuck and Rogers brought him to the ground. Mr. Lynx had been heard uttering his wild cries in the same grove on several occasions recently and a few evenings ago secured a 30lb. roast of beef from Mr. Roger's separator room.—Stayner Sun.

The Redmond vs Irwin case, which was tried at the County Assizes, held in Owen Sound last week, resulted in Irwin's acquittal. The case was of much local interest because the parties live close to this village in Proton township. They are close neighbors and some months ago, over some dispute, came to blows and in the fight Mr. Redmond's eye was so badly injured that he has unfortunately lost the sight of it. Before Magistrate McGregor James Irwin was committed to stand trial in Owen Sound. Malicious wounding was the charge on which he was tried and his plea was that he acted only in self defence. The jury's verdict was "not guilty." A. G. MacKay and W. S. Middleboro for prosecution. Lucas, Wright & McArdle for defence.—Dundalk Herald.

Complaints having been made to the Attorney-General of the non-observance of the Lord's Day Act on the Grand Trunk railway from Durham to Palmerston, that official gave his consent to the prosecution of the Grand Trunk Company on the charge of making-up and running freight trains on their Durham branch on Aug. 11. The case came up for a hearing at Holestein on Wednesday last before Chas. McInnis and John Swantson, J.P's, when the evidence of the train crew was taken and an adjournment made at the request of the solicitor for the defence, Mr. J. A. McMullen of Mount Forest, until Wednesday, Oct. 30th, John Armstrong, county crown attorney for Grey, had charge of the case for the prosecution.

Mr. W. H. Bunker of Lisle has invented a new and unique machine for the for the manufacture of straw into a stick or log like material for fuel. The product gives equal burning results to ordinary mixed wood and will burn in any wood or coal stove. The same machine will produce building material, going through a process that converts it into boards or planks, which, when laid in a wall, can be plastered over, making a very cheap, dry, warm wall. The machine is simply constructed, strong and durable and is mounted on a truck and when operated by a ten horse-power engine and two men will produce about ten cords of fuel or 7000 feet of building material per day. The expense of operating is only the wages of the two men, as the straw is of no value where the machine will be used. A company is about to be organized to handle the patent.—Alliston Herald

WHY SO WEARY?

Always Restless and Weak Isn't Natural —But it's Dangerous.

You have to work hard. This uses up lots of nerve force and tears down the body faster than it can build up.

The result is a half-dead feeling you can't shake off. Somehow you must get more vitality. The water in your blood must be turned into nutriment and building material.

This is just what happens in using Ferrozone, which renews the blood and nerves, and makes each organ do the work that nature expects of it.

Ferrozone quickly increases your weight, brings appetite and healthy color, instills a reserve of vigor into the system that defies weariness, exhaustion, debility or sickness of any kind.

The enormous strengthening power of Ferrozone is proved in the case of Mrs. Edward Hill of Orr Lake, Ont., who says.

"Two years ago I had a nervous breakdown. At night I tossed restlessly in bed, unable to get any rest from sleep. In the morning I suffered from overpowering weakness. My appetite was poor. I grew pale, thin and despondent. A slight hacking cough added to my burden.

"My doctor said to try Ferrozone, and it did me good in a few days I increased in strength, the nervous sensations disappeared, and with my appetite came back my color and good spirits. I have gained over ten pounds in weight, and as my age is 56, I consider Ferrozone is a marvel" (Signed) Mrs. Edward Hill.

REMEMBER THIS: Ferrozone is a true tonic—not an alcoholic stimulant. Fifty chocolate-coated tablets in a box for fifty cents, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Good Corn Sheller for 25c.

A marvel of efficacy and promptness, a remedy that does cure corns and warts. Its name is Putnam's Corn Extractor. Contains no acids, never pains, gives lasting satisfaction. Insist on "Putnam's" only. It's the best.

Mrs. Sinclair of Ravenna fell down stairs and died without regaining consciousness.

The C. P. R. Co. has agreed to pay Herman Bollert of East Zorra Township $1,500 for the loss sustained by the killing of a pure-bred Holstein cow and yearling calf in August. The claim was that owing to a defective gate in the railway fence the cow and calf wandered on the tracks during the night and were killed by a train. The cow was a world's champion.

A Cordial Invitation to Disease

This is an apt description of constipation. It's an unnatural condition to begin with, and it's more, because it brings about blood deterioration, interfers with digestion, renders you susceptible to infectious diseases and causes anaemia. Not so much a purgative as a natural stimulant to the bowels is what you need. You get in Dr. Hamilton's Pills which increases liver activity, restores the bowels to perfect action and positively cure constipation and its attendant evils. Insist on having only Dr. Hamilton's Pills of Mandrake and butternut, 25c per box at all dealers.

A man who enjoys his social glass should take Bu-Ju.

He needs **Bu-Ju** if he wants to enjoy health and his favorite drink for years to come. All Alcoholic drinks irritate the Kidneys. A man, who drinks regularly, is almost sure to have cloudy urine, brick dust deposits in the urine, headaches and pains in the back. In time, if neglected, serious trouble will result.

BU-JU
The Gentle Kidney Pill

is the finest remedy in the world for all Kidney and Bladder Troubles.

Neutralizes the effect of alcohol on the Kidneys. **Bu-Ju** is not a cure for drinking; but **Bu-Ju** does protect the steady drinker against Kidney Trouble.

Bu-Ju cures Rheumatism, too.

The Owen Sound Fruit Co. have shipped a carload of winter pears to a wholesale firm in South Africa. The shipment was the first to go from this district to South Africa. It is also worthy of note that the pears were packed in the new Keenan folding box—the first turned out at the new Owen Sound factory. The pears were grown in North Grey, and are said to have been secured from two orchards If this carload of pears is satisfactory, it may result in a valuable business connection being established between the fruit growers of this district and the fruit buyers of South Africa.
