A Good Liniment

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by W. E. Richardson.

MAXWELL

The annual supper of the Women's Institute here was held on Wednesday, October 24, in the Methodist hall and was a very enjoyable event. The ladies, as is their custom, had a bountiful spread, which the married women shared with their husbands and the young ladies shared with their best friends and the company, about one hundred and twenty in number, had an enjoyable time at the festive board as well as during the after part of the evening when a first class program was given.

President Mrs. Wm. Wright the chair and gave an excellent address on the progress of Institute work in Canada.

Secretary Miss Lizze Guy also gave a very interesting paper on the need of higher education for women to make good homes.

Rev's Ballantyne and Stanley, and Dr. Bond were present and addressed the audience in a very pleasing manner. The musical part of the program was of the best.

Select Your Medicine with Care.

In debility and weakness medicine should be mild and far reaching. Many pills and purgatives are too harsh, and drastic instead of curative. Excessive action is always followed by depression, and knowing this, Dr. Hamilton devised his pills of Mandrake and Butternut so as to mildly increase liver and kidney activity, flush out the elementary canal, tone and regulate the bowles. Thus do Dr. Hamilton's Pills eliminate poisons from the body, restore clearness to the skin, bring strength and that sweet restorer of health—sleep. Best medicine on earth, 25c per box at all dealers.

Biliousness and Constipation

For years I was troubled with biliousness and constipation which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by W. E. Don't Use Greasy Liniments.

A century ago they were popular. To-day people want something easy to apply, certain in results, and above all a clean liniment. When Nerviline is applied aches and pains disappear as the pores absorb its soothing healing properties. Nerviline penetrates to the core of the pain, eases instantly, and leaves no oily bad smelling memory behind. Good to take in, equal to rub on, and five times more powerful in destroying pain than any oily liniment. Don't fail to get a large 25c bottle.

On Tuesday evening, October 29, Rev. A. P. Stanley and Mrs. Stanley entertained the Methodist choir of Maxwell at their home where an enjoyable evening was spent.

Mr. Hugh Young and wife had a family gathering on Thanksgiving.

Mr. George Grummett so'd a bunch of cattle, hogs and lambs a short time ago which will bring him in the neighborhood of $350 and besides he has sold a number of his thoroughbred lambs for a high price to private individuals. We think we can boast of having in this neighborhood some of the finest horses, cattle, sheep and hogs to be found in Osprey. Besides we have some very fine barns with straw sheds attached which are hard to be beaten and some very cosy farm houses.

Mr. Will Wright, superintendant of the Maxwell Presbyterian Sunday School took charge of our Sunday School here last Sabbath in the absence of our superintendent who was visiting the Presbyterian and Methodist Sunday School at Badgerow.

Owing to the exceptionally high and ever increasing price of grain and the scarcity of feed many farmers in this part of the country are going out of raising hogs for the present. In fact we have heard of a number of cases where young pigs have been sold for a mere trifle. Farmers declare there is more money in selling the grain than in feeding it to hogs. This is a most unique situation and the sequel is bound to be a big shortage of stock in this country next summer.—Beeton World.
