Owen Sound Very Thirsty

Monday's World contains the following:—Owen Sound is in the midst of a liquor sensation in which hotelkeepers, bar lessees and prominent citizens are indiscriminately mixed. The case comes off in the police court Tuesday morning. Government Dectives Holland and Heyworth visited the town and the result follows: against the Paterson House, three complaints; against the Duncan house, three complaints; against T. C. Hatton, druggist, one complaint; against Mrs. Ryan, a suburban hotel, one complaint, and one complaint each against the Pacific Hotel, Central Hotel, Comely House, City Hotel, Coulson House and Albion. The honor prize goes to the Royal Hotel, of which Joshua Warnlow is propireter. He alone will not appear compulsorily in the police court Tuesday. Fraternal interest may cause him to peep in, however. Complaints have been laid also against a number of more or less prominent citizens who are charged with purchasing liquor in unlicensed premises. Well-known merchants have got their blue papers. A leading Conservative lawyer is also included. Several complaints have been made against proprietors who have been previously convicted. There is no option of a fine for a second offence and somebody may have to go to jail.

A Methodist Minister recommends Chamberlain's cough remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

Rev. J. A. Lewis, Pastor Milaca, Minn., M.E. Church.

Chamberlain's Cough Remedy is sold by W. R. Richardson.

A. S. VanDusen Dead

Flesherton lost a very prominent citizen early Tuesday morning when Mr. A. S. VanDusen died after an illness of about two months. Mr. VanDusen was born in Picton, Prince Edward county in 1840 but at the age of twelve years his parents moved to Owen Sound. Securing a teacher's certificate, he taught in the public schools for about three years, resigning then to enter the office of Ben Allen & Co. of Owen Sound. This position he gave up later to enter into business for himself in the village of Arnot, near Chatsworth. In 1865 he was appointed bailiff, an office he filled for thirty years, or until he was appointed clerk of the Division court as well as a justice of the peace. Soon after he was appointed bailiff, he moved to Flesherton, where he resided until his death. Mr. VanDusen was a Past Master of Prince Arthur Lodge A.F. & A.M. and Treasurer of the order when he died. In religion he was a Presbyterian, being a prominent elder in the church here. In 1860, he married Miss Jimby, Owen Sound, who survives him as do also two sons, Clarence E. of Chicago and J. F. of Dundalk and one daughter, Mrs. Douglas, Collingwood and Miss Celia at home. The funeral will take place Thursday afternoon and be in charge of the Masonic order.

Good Reasons for Its Success.

The majority of catarrh remedies are useless. But one that does cure is "Catarrhozone." It clears the head of all mucous discharge. Putrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the disease is destroyed, it's results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhozone than any thing else. Two sizes, 25c and $1.00 at all dealers.

The G. T. R. has been running a cement train from Durham on Sundays, this summer, and with the consent of the Attorney General of Ontario an information was laid against the company for running a freight train from Durham on Aug. 18th, contrary to the Lord's Day Act. The case came before magistrates McInnis and Swanston at Holstein on the 23rd and 30th of October. The company was found guilty and a fine of $200 and costs imposed. J. Armstrong, crown attorney, prosecuted, and Mr. McMullen, of Mount Forest, and Mr. Pope, of Montreal, appeared for the company.

Diet not the Whole Thing.

Your table is loaded with food—digestible and wholesome, yet you never gain strength. What's the trouble? Look within, and what do you find? A lazy liver, stomach overloaded with work—useless work because the liver is not sufficiently active. Relief is quickly supplied by Dr. Hamilton's Pills. They make weak folks strong by removing the cause of the weakness. Digestion improves, constipation leaves, liver takes new life, kidneys wake up,—the whole system is enlivened by Dr. Hamilton's Pills. No better medicine for the sick or well, 25c at all dealers.

John Shute, of Holland, while hunting with a companion near Stokes' Bay, on Thanksgiving day was shot and dangerously hurt. Full particulars are not to hand, but it seems that while going through the bush, the other young man stumbled over a log and dropped his rifle which was discharged. The bullet entered Shute's hip and passed into the bowels, causing a serious wound, which may result fatally.

A fire, which for a time threatened to develop into a repetition of the disastrous conflagration of April 19th, 1904, which wiped out nearly half of the down-town wholesale district, destroyed a wholesale house at 76 Bay Street on Saturday evening, inflicting a loss of $100,000 or more on five wholesale and manufacturing firms.

The Japanese government intends to spend $75,000.000 during the next five years on railway construction and equipment. Among other items, appropriations are made for doubling 830 miles of track, and for constructing 900 locomotives, 1,000 passenger cars, and 19,000 freight cars.

A Kansas City judge decided that Jews who have always observed Saturday as a day of rest may transact business on Sunday, but that those who once adopted Sunday as their day of rest are not entitled to the privilege.

On Thursday morning Mrs. McLaughlin who resides on second street, met with a serious accident by falling down the stairs at her home. Her left leg was broken in two places and the aged lady was also badly bruised. Dr. McKay reduced the fracture and the patient is now doing nicely.—Collingwood News.

William Hanlon who was arrested in Schomberg a few weeks ago, on a warrant charging him with forgery and obtaining money by fraudulent means, was sentenced by Police Magistrate Pattulo of Orangeville to three years and six months' imprisonment in Kingston Penitentiary. Hanlon is the man who victimized the Orangeville branches of the Sterling Bank and the Bank of Commerce out of $100 and $200 respectively by passing himself off as Patrick Garrity, a prominent Caledon Township farmer.

Mr. Thomas E. Robinson, of this place, met with an accident Monday night. He was bringing some apples in from the country and was sitting on top of a milk can on the rig, when the horse stumbled and the sudden jolt threw him out upon the road on his head resulting in a badly disfigured countenance.—Norwood Enterprise.

Either run a town with a vim, or just sell out and leave. One thing must be done—run a town for all its worth, get up steam and keep it up. Do you want trade? Bid for it. Do you want business to come to your town? Encourage what you have. Do you want a prosperous town? Then never permit the jealousies to rule your actions, but work together for common prosperity and mutual benefit.

A rascally trick was perpetrated at Webbsterville on Hallowe'en. The 8th line syndicate's threshing machine and engine were brought to George Rogers' and set all ready to commence work Friday morning. During the night, however, somebody, who should be taught a lesson, if discovered, let the water out of the boiler and turned the tap to retain what was in the gauge. When the fire was started under the boiler on Friday morning the flues were badly burned and damaged before it was discovered that there was no water in the boiler.—Star.

The lower town hotel keepers, acting quite within their rights, but with questionable wisdom, have struck out against the signers of the local option petition. The first to be aimed at was baker Geo. Stinson whose distributor, Mr. Davidson, was told on Monday by one of them he need not call again, the reason being plainly given: Mr. Stinson's action in putting his name where his conscience dictated. The power of the liquor traffic is not small, but the "boycott" is a weapon that will not serve them long, and it will be unfortunate if it arouses a spirit of reprisal as it is almost sure to do.—Durham Review.

The copper market must have taken a decided advance Thanksgiving Day, at least that is the opinion of half a dozen youths who took a drive to Tara Thursday. When about five miles distant from their destination they came in contact with a herd of bovines, and one of them having attached to its neck a cow-bell, the boys thought the piece of metal would make a fitting souvenir of their trip, so proceeded to detatch it, which they did, not conscious of the farmer's watchful eye being over them. Arriving at Tara they were surprised to be confronted by the police. They were taken before the magistrate and a fine of $3.00 was imposed.—Owen Sound Times.
