### W. K. Flesher Dead.

Word was received here Monday of the death of W. K. Flesher which occurred in England about two weeks ago. He was born in London in 1825. The deceased gentleman came to Canada with his wife over sixty years ago and settled at Bolton, where he followed the calling of carpenter and joiner. In the later 50's he came to Artemesia and took up land at what was known as Towler's corners, laying out some of his property into village lots. This later was given the name of Flesherton, but the postoffice here was previously known as Artemesia and was kept by deceased for a short time. This village therefore, perpetuates the name of the deceased gentleman. Mr. Flesher was a public spirited man with an abnormal amount of energy backed by a good stock of Common sense, and previous to confederation served four years in parliament for South Grey, but was defeated after confederation became established. He was reeve of Artemesia township for several years and served as warden. For the past twenty years or more he has made his home in England with occasional visits to Canada. It is about twelve years since he last visited us. He was then apparently almost as vigorous as ever but white haired. His aged widow makes her home with her only daughter, Mrs. (Dr.) T. S. Sproule, M. P., Markdale. One son, Harry, died in Flesherton a few years ago, and another son, John, we believe is in New Zealand or Australia. The deceased was the owner of considerable property in Flesherton, which has been practically tied up for many years. The relatives here have not as yet received any details and do not know full particulars.

### Great Danger In Headaches

It's often dangerous to consider headache a trifling ailment. If the head aches, the stomach is out of order and some serious disease may be impending. To tone up the stomach, to give it healthy action, nothing in modern medicines is so successful as Dr. Hamilton's Pills The concentrated vegetable extracts in Dr. Hamiltons Pills have a quieting, healthful effect on the stomach and remove all disorders. Your headaches will be cured and they won't return, if you use Dr. Hamilton's Pills. Sold everywhere.

Hotel keepers McLean and Coughlin, of Stayner, were each fined $20 and costs for supplying liquor to a minor.

On Friday night last a surprise party of about forty guests arrived at the home of Charley Best, gravel road, loaded down with presents of granite ware of every description from the least to the greatest, and with baskets well filled with the very best of all kinds of cooking. They enjoyed themselves thoroughly with games and music until the small hours when all returned home having first assured the hostess that they spent a most enjoyable evening.

John Henderson has sued John Liefso, of Brant, for $30, the price which he places on the watch he lost in the Saugeen river a few months ago. It will be remembered that Mr. Henderson and Mr. Robertson on their way down the river in a canoe ran into a wire fence, which Mr. Liefso had strung across the river, and in the mix up Henderson lost his watch Mr. Liefso, we understand, claims that the township is liable.—Telescope.

For any of the ordinary diseases of the skin Chamberlain's Salve is excellent. It not only allays the itching and smarting but effects a cure. For sale by W. E. Richardson.

Twelfth Line Tecumseth cor. to Alliston Herald:—This neighborhood is very much amused over an incident that is reported to have happened a few nights ago A young bachelor living on the line went out driving with his girl. During the drive the young lady became drowsy and reclining her head on the manly bosom of her beau fell fast asleep. The situation was so comfortable for him that he soon followed suit. A neighbor discovered the happy pair fast asleep in the buggy in the early morning and quietly led the horse into a shed and tied him. When the young folks awoke they were greatly surprised to find their horse tied and at once realized that a good Samaratin had come their way while they were enjoying pleasant dreams.

On October first, 1907, a new postal law went into effect in India, giving that country the lowest postage rate in the world. The delivery system is also claimed to be remarkably prompt and effective The weight that will be carried for 2 cents is 10 talahs, or 4 ounces, and 2 cents for each additional 4 ounces or fraction thereof. The parcel rates are 4 cents for 13 ounces up to 11 pounds. Inland, including Ceylon and Portugese India, letters weighing 1 tolah, 1 cent, and if more than 1 tolah and not more 4 ounces, 2 cents. Every additional 4 ounces or fraction thereof, 2 cents. Parcel postage, inland, not exceeding 16 ounces, 4 sents.

The immigration into Canada for the year ending June, 1907, was 4.69 per cent. of our population, taking the census of 1901 as a basis. This is an increase of more than 33 per cent, over the previous year. Of 239,626 immigrants coming to Canada in the year endind May 30, 1907, 56 088 came from the United States, 115,061 from the British isles, and 68,777 from other countries.

Some of our readers will remember a robe exhibited here and at Holstein by Mr. John Smith. It was made from a curley cowhide, a cross between a Galloway and a Jersey, and was offered by Mr. Smith at Holstein for $18.00. He subsequently sold it to a traveller for $20 00. Last week the same robe was sold in Toronto for $160 00.—Chronicle.

### La Grippe Coming Again

Europe is now in its grasp, and in a short time America will be over run with this awful epidemic. Get ready, use preventive measures. Build up a surplus of vigor by Ferrozone, and inhale Catarrhozone three times each day. Nothing destroys the grippe germ like Catarrhozone. It cures the cold, breaks up the fever, relieves the headache and destroys every vestige of catarrh and sore throat. For Bronchitis, Grippe and winter ills Catarrhozone is best. Sold by all dealers 25c and $1.00.

Talk about being poor! Why for half an hour last Wednesday we were as happy as Rockfeller. In that half hour we handled $6,000. Yes! six thousand dollars Who would not be in the printing business. It began to look as if things were coming our way and that we would soon be on Easy Street. We didn't do a thing with that money but cut it up and hand it back to manager Pow. He told us money was made to pass around and we—had to pass it. It was only a new supply of Traders Bank bills—fine new crisp ones, that arrived at the local branch in large sheets, and to to relieve the continued tightness of the money market, we were called upon to use our cutting press to hurry them into circulation. After the process was over, we offered to deliver the suit case, but our offer was declined with thanks. If we could even have had some of the greenbacks stick to our cutter, but they simply wouldn't. Such is our luck always.—Grand Valley Star.

The consumption of beer in Great Britain has declined steadily from 32.29 gallons per head of the population in 1900 to 27.81 last year.
