The storm on Sunday played havoc with our good sleighing. In places the roads are badly drifted.

There is a good deal of sickness around. Mr. Jonathan Latimer has been very ill with pneumonia, Mrs. W. Purvis with bronchitis for the past week, Mr. Duckett with a severe attack of neuralgia and a bad cold, Mrs. Wilson with grippe, Mrs. Meldrum has been very sick but is some better; Mrs. Thompson, who has been ill for some time is now getting some better.

Miss Lawrence of Kimberley visited at Mr. Jake Williams' for a few days.

Mrs. J. W. Hoath of Elsinore and son, Elmer, were the guests of her parents here for a few days.

Married—At the home of the bride's parents, Mr. and Mrs Wm. Cameron, of Salem, by the Rev. Mr. Little, on New Years day, Mr. Edward Graham of "Boyne Villa," to Miss Mary Cameron. As the young people are so well and favorably known the congratulations of a large circle of friends is extended to them, all wishing them long life, prosperity, and happiness.

Mr. Ben Carruthers of the Sault paid a short visit to friends here at holiday time.

Everyone parted with Mr. McDonald with sincere regret, as during his residence at the postoffice he made many warm friends who all wish him success at Mt. Albert.

Mr. and Mrs. Win Large are now established in the pottoffico, and as they are not strangers to the people a cordial welcome is extended to them by all. May they enjoy prosperity and happiness at Eugenia.

Do Your Boots Pinch?

If so, look out for a tiny corn. Cure it before it grows big. Putnam's Painless Corn Extractor is the best. Try "Putnam's."

Miss Myrtle Thompson of Flesherton is the guest of her cousin, Miss Ella Lawrence of this place.

Mr. Geo. Knott of Thornbury, accompanied by his sister, Ella, and Miss Lyne of the same place were guests of Mr and Mrs. R. J. Stuart last week.

Lyness Fawcett and Miss Ida Sullivan of Markdale visited friends here last week.

Mrs. Jas. Laidlaw is visiting friends in Shelburne at present.

Born—On Wednesday, January 8, to Mr. and Mrs. S. McAfee, near Epping, a son.

The tea-meeting under the auspices of the Methodist church, held on Friday evening last was a great success. Tea was served in the Union Hall after which all repaired to the Methodist church where a good program was given, consisting of music by the choir, recitations, instrumental music and speeches by the pastor of the church, who ably discharged the duties of chairman, and also by the Rev. G. Lawrence of Heathcote.

Well attended meetings of the Farmer's Institute were held here on Saturday last The principal speakers were Messrs. John Campbell of Woodville and R. R. Elliott of Owen Sound and Miss Maddock, a graduate of the MacDonald Institute at Guelph. In the afternoon separate meetings were held, the men meeting in the Union hall and the women being addressed by Miss Maddock at the home of Mrs. M. R. Hammond on "the different cuts of meat, their selection and preparation." In the evening a joint meeting was held in the Union Hall, Mr. J R. Fawcett in the chair. Mr. Campbell was the first speaker and spoke on "Feeding of lambs for profit." Miss Maddock spoke on the subject of "Improving and beautifying the home." Mr. Elliott gave a short address. The program was varied by singing and instrumental music and short speeches by R. D. Carruthers. Mr. J. M. Davis, Rev. J. R. Wilkinson and the President, Mr. Geo. Badger, were given. Altogether the meetings were very instructive and the delegates' addresses were very helpful.

A number from Vandeleur attended the Institute meetings here on Saturday last.

Miss Sadie Plewes, of the Heathcote post office, is spending a few days at her home here.

We are sorry to report Miss Odessa Walter on the sick list at present, but hope she will soon be around again.

Misess Lydia and Minnie Genoe of Markdale were the guests of their uncle and aunt, Mr. and Mrs. Jas. Walker, during the past week.

Mrs. John Walker of Creemore is the guest of her son, Mr. Jas. Walker of this place.

Chamberlain's Cough Remedy Benefits a City Councilman at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me there is no doubt and it is my intention to obtain another bottle." For sale by W. E. Richardson.

Farmers' Institute

The Farmers' Institute meetings held here on Monday were well attended and the subjects proved both interesting and instructive. John Campbell, one of the speakers, is from Woodville and is one of the best known sheep raisers in Canada. R. R. Elliott, the other gentleman delegate, is from Owen Sound and understood his subjects. Miss Maddock has been here before and is a favorite speaker here. She is a deep thinker of wide experience and held the attention of her audiences throughout. The afternoon women's meeting was held in the basement of the Methodist church and the men's meeting in Clayton's hall, owing to the council meeting being held at the same time. The night meeting in the town hall was presided over by Councillor Best. Mr. Campbell spoke on "Ontario, our duty in maintaining its reputation." Mr. Campbell thinks the press of Ontario is remiss in its duty of booming Ontario and pays too much attention to the Northwest. He thinks the achievements and possibilities of Ontario are too much lost sight of in the development of the new country to the west. Miss Maddock's address "A girl's possibilities" was full of good advice for the young ladies and some of it interested the young gentlemen present, as well. Rev. L. F. Kipp gave a ten-minute address on "Hens," which was of a humorous, as well as instructive character. Rev. Mr. Little was also called on for a short address. R. R. Elliott of Owen Sound spoke on "Improving and beautifying our home surroundings." His address embraced a number of heads. It included the improvement of stock, the care of implements and cultivation of the land. He favored the granting of good prizes by agricultural societies for hand picked grain instead of paying large sums of money for circus performances which are often of a doubtful character. He said that a great change had taken place in the attitude of the world towards farmers and this was due to the work of the Ontario Agricultural College, McDonald Institute and Farmers' and Women's Institutes. The people at large are taking a greater interest in the work of the farmer. The speaker touched on a large number of aspects of farm work which are impossible to enumerate. Local talent supplied music during the evening. The meetings were pronounced a decided success.
