The Detroit News of Feb. 20 contains an excellent photo of Dr. R. J. Baskerville. The News says; "He was yesterday commissioned first lieutenant and assistant surgeon in Detroit's new military organization by Gov. Warner. He has been one of the most active promoters of the company and much of its success is due to his efforts."

At the shareholders' meeting of Durham Cement Company, held in Toronto last week, a warm time was experienced, but the old directorate appear to have come out on top all along the line. It is said that the manager of this concern gets a salary of $6000 and that another $4000 was paid him last year for travelling and other expenses. If salaries like this are going the concern did well to pay a 5 per cent. dividend last year.

Robert McKinley, a laborer 48 years of age, who lived on lot 15, concession 7, Essa, met a tragic death, when he succumbed to exposure on the road within half a mile of his own home. McKinley, accompanied by his 15-year-old son, had been in Thornton on Monday evening and left for home on foot about 11 o'clock. Thornton is about 4½ miles east of McKinley's home, and as the road was heavy the unfortunate man and his son made slow progress. About 2 a. m. on Tuesday morning, within half-a mile of home, the father became exhausted and lay down on the road. The boy secured some straw and tried to make his father comfortable while he went home for help When he returned with his elder brother nearly an hour later the father was in a semi-conscious condition with his feet, nose and ears frozen. He was carried into a shanty close at hand and neighbors were summoned, but he succumbed about an hour later. McKinley had evidently been drinking and had two bottles of liquor when he left Thornton. He is survived by a wife and seven children.

Incidents of the North Country.

Frank Phillips, son of Mr. Martin Phillips of the Collingwood gravel, is spending the winter on railway construction in the far north, and writes some interesting letters home to his parents. From these we learn that his nearest post office is McDougall's Chute, which is 120 miles from James Bay and across the height of land. He is employed overseeing a dynamite gang, and carrying the company's mail. In January he took a trip to James Bay and back with a dog team and toboggan. Coming back he had as baggage, for fifty miles, the frozen corpse of a man which was being shipped out to the railway. The trip occupied five days. He also tells of a dynamite accident that buried fourteen Italians under tons of rock, and 2 weeks afterward pieces of the dismembered bodies were still being taken from the rock cut and put in boxes. A couple of of weeks ago he, in company with another man, went on a moose hunt to Nighthawk Lake and secured one very large moose.

Frank says the cold up there is very severe. On Feb. 13 the thermometer registered 58 below zero, but the snow is not extra deep.

Trade and commerce is fast making the trail to Hudson's Bay and in a few years all this new country will hum with sawmills and the woodman's axe. Frank is evidently trying to make it hum as much as possible even now.

Samuel Turner Dead.

Mr. Samuel Turner died Friday evening at the home of his son, Charles, near Eugenia, at the age of 83 years. Mr. Turner was a native of Lincolnshire, England, and came to this country about forty years ago, and lived for some years in the vicinity of Toronto. Twenty-two years ago he moved to Paisley where he lived for ten years, then came to Flesherton where he lived for some years. Three years ago he took a paralytic stroke and has since been a helpless invalid. The deceased gentleman was twice married, the first time in England to a Miss Holmes, by whom he raised his family. The second marriage was to a Miss Gilchrist of Gamebridge, Ont. To this marriage there was no issue, and the widow survives him. The family consists of four sons and two daughters—George of Heathcote, Charles and Solomon of this township, Job of Paisley, Mrs. McKenzie Duncan, Artemesia, and Mrs. George Cryer of Illinois. All the family were present at the funeral on Monday, with the exception of Mrs. Cryer. The remains were interred in Salem cemetery.

Married

Foester—McKinnon—At the manse, Flesherton, on Wednesday, Feb. 19, Mr. Harry Foester of Eugenia, blacksmith, to miss Christene, daughter of Mrs. Hugh McKinnon, Flesherton. The young couple have taken up their abode at Eugenia.

G. P. Armstrong, a railway man in the employ of the C. P. R., had about as close a call as it is possible to have without crossing the line. He was engaged in the snow plow at Utopia on Friday last when the plow left the track opposite the station and ripped up the platform and smashed the front of the station. When the plow left the track Armstrong dived from the cupola into the snow and alighted on his head. After the snow plow had got through smashing things the men missed Armstrong and finally discovered his boot sticking out of a snowbank. They dug Armstrong out and found him unconscious. Had he gone a few inches deeper into the snow he would undoubtedly have escaped discovery in time to save his life. The snowplow was adly wrecked.—Alliston Herald.

A year ago last October the repair shop of D. Redfern on Baker street, was broken into and a large quantity of knives, mouth organs and other small wares carried off. Suspicion rested on a couple of young lads well known to the police but no evidence could be secured to fasten the charge of theft against them, no action was taken to bring them to justice. Recently one of the lads named Edward Wessels came under the influence of the Salvation Army and confessed his guilt and in in doing so implicated his companions, Alfonso, Fogarty, and William Temple. Fogarty, however, though present at the time of the burglary, took took no part in the affair, but shook his chums and went home before the job was finished. Temple appears to have been the ringleader in the crime and when brought before the police magistrate on Tuesday he pleaded guilty to the charge and was remanded until yesterday when all three were allowed to go under suspended sentence.—O. S. Times.

Not a Miracle But Medical Science

Dr. T. A. Slocum, Limited,
Toronto, Ont.

Gentlemen:—

"Some time ago I began to lose flesh and failed every day until I had to quit work. My physicians and all my friends said I had contracted consumption. I failed from 165 pounds down to 119. I was advised to go to the Rockies or to the coast. I went to both places under heavy expense. I continued to fail, and was advised by the doctors to come home as nothing more could be done for me. Hope seemed to have left me.

"I tried **Psychine** and since starting its use I have gained from 119 to 141 pounds. I have used $10.00 worth of the medicine. I am a well man and I cannot say too much in praise of **Psychine.** The strongest recommendation would be weak in view of the fact that I believe it has saved my life. It is without doubt the best remedy for run-down conditions and weak lungs.

"I sincerely hope and trust that you will continue your good work of saving run down people and consumptive from the grave. Wishing you and **Psychine** continued success, I remain, one of **Psychine's** best friends."

ALEX. McRAE,
Sault Ste. Marie, Ont.

Almost every mail brings us letters like the above. **Psychine** will repeat this record in every case. It is the greatest medicine known. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.

Newly finished general store to rent—up to-date in every particular—rent low and great opportunity. W.A. Armstrong.
