Stone Settlement

Those who love the beautiful have certainly had an ample supply of it this winter, and should it take a fleet departure when it starts, floods and and damages may be expected.

Mrs. Ed. Sewel of Sluggit, Sask., spent a few days with relatives in this neighborhood. She left Markdale on Tuesday last on her return home, accompanied by her mother, Mrs. John Hazzard, who intends to make her residence there. Permanent. It may be so.

Since returning from Dyre's Bay, Mr. Garvis Hazzard has had the misfortune of losing both his horses. One died about three weeks ago from heart disease, the other, cause unknown. This is a most serious loss to Gervis, as he has a large family, on a rented farm, very poor crops last year and without means to work the farm this year, besides being thrown out of his winter's work at Dyer's Bay, by broken ribs, verifying the old saying, that misfortunes never comes singly.

Mr. Henry Stone had the misfortune to get a badly cut foot while working in the bush about two weeks ago, but glad to say he is beginning to get around again.

Mr. Charles Bellamy was around these quarters last week informing the people just what they were worth, or, as near as he could conjecture, leaving them vouchers for the same. He generally gets very inquisitive about this time of year, does Charley.

Miss Lavina Hazzard started for Wiarton on Wednesday last, where she has been re-engaged with a former employer, but on reaching Ceylon was informed that the trains were snow-bound, consequently, she postponed her departure until a more favorable oppertunity for travelling presents itself.

Mr. Thos. Irwin attended his mother's funeral last week.

We are informed that Miss Rosina Robinson is this week serving her connection with the House of Refuge staff. Miss Robinson engaged at the institution a short time after it was formely opened and has remained there ever since and gained the esteem and confidence of the managers, who on Christmas last, presented her with a lady's handsome gold watch as a slight token of their appreciation of her continuous and faithful service. We understand that indisposition was the occasion of her severance from the staff of the house.

10th Line Osprey

Intended for last week.

Mr. Robert Brownridge, Arcola, Sask., who has spent the winter months visiting friends in this part, returned to Arcola on Tuesday last.

Mr. and Mrs. Harry Horton of Collingwood spent a few days last week visiting the latter's parents at "Fairview Farm."

Mr. Joseph Irwin has sold his farm to Mrs. Isaac Hawton of the 12th line, and Mr. Irwin will reside on the farm he purchased from George Ellis last year.

Mr. Jos. Irwin has men engaged to cut him fifty thousand feet of logs on the Ellis farm and intends to have his sawmill running on the farm owned by John Pool at the corner of the tenth sideroad on the 10th line, in a short time.

The remains of the late Christopher Johnson, formerly of Collingwood, were laid to rest in Bethel cemetery on Tuesday last.

Mr Shelton Heron of Eugenia spent Sunday at the parental home.

We understand that Mr. Joseph Thompson of Rock Mills has taken the contract of drawing thirty thousand feet of logs for Joe Irwin. Quite a contract, with the snow three feet deep in the woods.

The Methodist people of Maxwell circuit have decided to renovate the parsonage next summer, fence the parsonage grounds and otherwise improve the appearance of the place.

Paralyzed by Lumbago.

Manual labor or even light exercise is impossible with lumbago. The muscles stiffen out like steel—to move means agony. Only a powerful remedy can penetrate deep enough to help. The surest relief comes from rubbing in Nerviline. It sinks into the very root of the trouble—penetrates where an oily liniment cannot go. To prevent lumbago returning, put on a Nerviline Porous Plaster which removes inflamation and strain from the muscles and acts as a guard from draughts and exposure. Nothing will so quickly cure as these remedies. All dealers sell Polson's Nerviline and Nerviline Porous Plasters. Refuse all substitutes.

East Mountain.

Mr. Alex Carruthers keeps the road open with his snow-plow, which is just the thing this winter.

Miss Tena Williams of 12th line, visited at R. McMullen's last week.

Milton Neil has Geo. Kaake of Duncan hired drawing logs.

Mr. Wallace Graham is moving to his farm on the 12th.

Miss Mary Stafford has just returned from a two week's visit at Heathcote.

Arthur Smith of Craigleith spent last week at Mr. Hugh Walton's

Another old pioneer in the person of Mr. Samuel Turner passed away last week. The funeral took place on Monday.

Miss Lizzie Stafford is visiting her sister, Mrs. Baker, of Vandeleur.

Is Your Throat Husky?

This is the first step towards Catarrh. Everything depends on your remedy. A cough mixture slips quickly over the weak spots, drops into the stomach and does little but harm digestion. It's altogether different with Catarrhozone—it cures because it gets right at the trouble. You inhale Catarrhozone, breathe in the vapor of healing balsams that restore the weak throat tissues. You'll not have colds, or coughs,—Throat Trouble and Catarrh will disappear with the use of Catarrhozone. At all dealers, 25c and $1.00. Get it today.

Cause of Stomach Troubles.

When a man has trouble with his stomach you may know that he is eating more than he should or of some article of food or drink not suited to his age or occupation, or that his bowels are habitually constipated. Take Chamberlain's Stomach and Liver Tablets to regulate the bowels and improve the digestion and see if trouble does not disappear. Ask for a free sample. Sold by W. E. Richardson.

COLLINSON BBOS.

On Monday morning, about 8 o'clock, a very disastrous fire occurred on the premises of Mr. W. H. Davis, 6th line, Nottawasaga, when his big barn was totally destroyed by fire. The fire started in a very strange way. It appears that Mr. Davis was examining some pipes that convey water to his house from a tank in the barn, and thinking that the pipes were dry, he climbed up to the tank, which was built in the hay mow, and taking a lantern with him, proceeded to ascertain how low the water was. On opening the small covering on top of the tank he thrust the lantern in, when, all of a sudden, a stream of blue flame, like ignited gas, flew from the rank up along the side of the hay, setting fire to it. Mr. Davis endeavored to put the blaze out with his hands. Being alone he jumped from the mow to get a pail to throw water on it, but it had gained too much headway. Mr. Davis succeeded in getting all his stock and horses out of the stable. His loss will be quite heavy as the barn was one of the finest in Nottawasaga, being 100 by 40, and contained 20 tons of hay, 100 bus. oats, 200 bus. barley, 50 bus. peas, and a quantity of timothy and clover seed. He also lost his farm implements. Mr. Davis only carried $900 insurance in all, and his loss is estimated at over $3,500. —Stayner Sun.

James Miller of Amabel sold an animal afflicted with lumpjaw to an Owen Sound butcher. He was let off by refunding the money and paying a fine of $5 and costs.
