THIN, WATERY BLOOD ALWAYS DANGEROUS

If Not Corrected Serious Results Sure to Follow.

In no trouble is delay or neglect more dangerous than in anaemia—thin, watery blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before the trouble is recognized.

But taken in time the tonic treatment through the use of Dr. Williams' Pink Pills is as certain as anything can be. Miss Teresa Heafey, Dunraven, Que., is one of the many anaemic sufferers who has found new health through the use of this medicine. She says:—I cannot express too warmly my thanks for what Dr. Williams' Pink Pills have done for me. I was suffering from a badly run-down condition. I was very nervous, had little desire for food, and would feel tired out at the least exertion. In this condition I began taking Dr. Williams' Pink Pills, and before useing them very long found my health gradually improving, and under their continued use was completely restored. For this reason I earnestly advise all weak girls to take these pills, feeling sure that they will do for others what they did for me."

Send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., and they will mail you free a useful little book on "Building Up the Blood." The pills can be obtained through any druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Soviet Granting Aluminum Rights

Moscow.—The Aluminum Company of America, in which Secretary of the Treasury Mellon is a large holder, has been awarded an exclusive concession to prospect throughout the Soviet Union, the United States Press was informed recently.

The concession ultimately will grant the American firm exclusive right to develop the Soviet Union's aluminum resources for a period of from 30 to 50 years, depending on the capital invested.

The Aluminum Company must designate by Nov., 9 sites for hydro electric projects which it will use in connection with the operations.

The wise man tries to be an economist in prosperity; he has to be one in adversity.

Speaking of farm relief — that's about as far as it seems to go.

The better the quality of the tea you use the more important it is that the container should be the very best. By careful tests it has been proven that Aluminum is the best container yet found for tea—and Red Rose Tea is packed only in Aluminum—the finest package ever used for tea. 5T

OWL-LAFFS

BY O. W. L. (Oo With Laughter)

Gladys—"Do you stil run around with that little blonde?"

Ted—"She's married now."

Gladys—"Answer my question."

What's the use? By the time a man outgrows swellhead, his waistline gets the idea.

Of course cigaretes ruin a woman's complexion. Smoke was always ruinous to paint.

Willie—"Has your father stopped whipping you since he joined the church?"

Tommy—"No, but he's stopped sayin' that it hurts him worse than it does me."

For every dollar a you save there are ten sharks lying in wait to get it away from you..

He was only a fireman's son, but he knew a good thing in hose when he saw it.

Fortunate is the man who learns a lot from a little experience.

The Test.

The world's not going wrong, not quite,
As it spins down Time's highway;
Still, it's not going wholly right
Unless it's going my way.

Who was the duck who said that the wages of sin are from a confessions magazine for a story?

Some one has suggested that raising bees will help the farmer. He might try. The farmer is accustomed to being stung by everything else he raises.

Lady—"I say, salesperson! Is this the mirror department?"

Clerk—"Yes, ma'am."

Lady—"Well, I'd like to see something odd in a mirror.."

"Clerk—"Yes, ma'am. Just take a look in this one, ma'am."

One way to reconcile yourself to bobbed hair is to look at a picture of an old-fashioned girl wearing a rat.

"There's a new vegetable song out."

"Well, let's hear it."

The Worm Will Turn.

Bug—"Oh, Mr. Worm, you're just the fellow we're looking for. Now we can get our ice cream made in a hurry!"

Prince Believes "Shew" is Correct

Take out your dictionary and see if this is right or wrong. The photograph shows (or shews) an entrance leading up to a train at the new Union Station at Toronto and above the gateway the sign: "Shew Tickets Here." This is proving quite a curiosity to the passengers using that station and providing them plenty to think about while on their train journey. It is quite noticeable in this modern age, especially after "show" is used generally. The new Union Station was officially opened by His Royal Highness the Prince of Wales, during his visit to Canada on August 8th, and His Royal Highness received transportation ticket number one with numbers two, three and four being issued to his brother, Premier Baldwin and Mrs. Baldwin, respectively. The Prince called attention to the sign above his head and agreed with the officials of the C.P.R. upon its correctness.

BABY'S OWN TABLETS ALWAYS IN THE HOME

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first trial convinces her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion, colds and simple fevers, and making teething easier. Concerning them, Mrs. Saluste Pelletier, St. Dumas, Que., writes:—"I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given the greatest satisfaction and I can gladly recommend them to all mothers of little ones.." The Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Council of League Gets Bid to India

Maharaja of Kapurthaia Suggests Session at Delhi to Interest Natives

Canada Would Be Host

Geneva.—The Maharajah of Kapurthala, one of the chief reigning princes of India, would like to see a session of the League of Nations Council held in Delhi, India's capital, at some not too distant date.

He asserted the governing classes in India are doing all possible to interest their people in the aims and aspirations of the League, but that the actual physical presence of its governing body, composed of some of the leading statesmen of the world, would do more than any amount of oral propaganda to make the League's possibilities understood.

This is only one of many demands to have the League's more important bodies show themselves elsewhere than in Geneva.

Canada is reported to be planning to invite the Council to sit at Ottawa now that she is a member of it. In fact there is a projected scheme to have the whole League Assembly meet there in order to give American newspaper men and League sympathizers a ready occasion to study its workings at first hand. This project is still in abeyance..

It seems certain that one of the Council's meetings in the near future will be held in Berlin.

Peoples of the world are now filters * * * and when they receive information, sincere or otherwise, public opinion knows how to pick the truth. —Aristide Briand.

Bruce Prepares For Air Service

Australian Government Takes Steps to Facilitate Line to England

Sydney, New South Wales.—After an interview with Mr. Fellowes, head of the British airship delegation, Premier S. M. Bruce announced that the Government had decided to proceed immediately with meteoroligal investigations and other preliminary work for the establishment of an airship service between England and Australia. The Cabinet believed that this would facilitate demonstration flights.

Mr. Fellowes' report on the project said that Mr. Bruce had made a valuable contribution toward the advancement of interimperial communications. It also contained important with the experimental stage under which the two airships now being constructed in Britain would begin their trial flights in 1928, and the second outlining the later stages, which would be dependent on the success of the trials.

Quite Correct.

"I went to the theatre last night, and saw a thud and blunder drama."

"Blood and thunder drama you mean, don't you?"

"No, thud and blunder—all noise and a number of mistakes."

It is related that a certain man, who apparently didn't like Buddha, came up to him and called him a lot of very ugly names. Buddha listened quietly until his reviler had quite run out of epithets, and then said to him: "If you offer something to a man, and he refuses it, to whom, then, does it belong?" The man replied, "It belongs, I suppose, to the one who offered it." Buddha said, "The abuse and vile names you offer me, I refuse to accept."

Capt. Joseph Bernier Going to Churchill

Halifax, N.S.—Capt. Joseph Bernier, the Canadian explorer, whose exploration trips to the Arctic placed much of the "top of the world" under the Canadian flag, is in Halifax, preparatory to sailing with the first expedition of consturction outfit for Fort Churchill, the newly selected terminus of the Hudson Bay railway, and port for the western provinces of Canada on the shores of that inland sea of Hudson Bay.

Captain Bernier states that he had selected Fort Churchill as far back as 1904 as the logical terminus of any railway that was built for the object of directing commercial activities to that part of Canada. He claimed that Fort Churchill was a harbor, whereas Fort Nelson, which was originally selected by the Dominion Government as the terminus, "was only a roadstead."

Minard's Liniment for Lumbago.

Dominion's Nickel Production

The nickel production of Canada constitutes 85 per cent. of the world's output. This is derived from the Sudbury district, Ontario, supplemented to a slight extent by the nickel recovered as a by-product from the treatment of the silver-cobalt-nickel ores of the Cobalt area.

"There is no demand for brown boots, apart from sports wear," states a London bootmaker. So the outlook in ths respect is certainly black.

DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moose Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOUGHTON, 414 Morse Square, Moose Jaw, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.
