Rev. Dr. Caldwell took suddenly ill on Saturday and was obliged to call in assistance for his Sunday work. Mr. Harness of Markdale took the morning service. At the evening service Rev Ivison Wilson of Markdale was greeted by a full church, and preached a strong sermon from 1st. Cor. 1-21. This was Mr. Wilson's first visit to us since his removal from Flesherton three years ago and his many old friends were delighted to hear him once more. Dr. Caldwell, we are glad to state, had so far improved on Sunday that he was able to listen to both sermons.

Our old friend, Mr. Wm. Strain of Great Falls, Mont., writes The Advance a short letter informing us of the birth of a granddaughter, quoting from the Goldfield News, which says: "H. B. Lind, the well-known mine operator, is rejoicing over the advent of a baby daughter to his family, the child having been born to Mr. Lind in San Francisco on Sunday, Feb. 16." Mrs. Lind is the eldest daughter of Mr. and Mrs. Strain, and resides at Goldfield. Mr. Strain says three other members of the family are also living there—Fred, Sara and Clara—all well, but owing to labor troubles the last four or five months there is considerable annoyance in the town. "I get The Advance regularly, for which I look with great anxiety. I see nearly every issue contains the news of one or more passing through the change we are accustomed to call death."

About 100 ratepayers availed themselves of the invitation to meet Artemesia Council on Saturday last and discuss the matter of wire fencing for the highways and prevention of winter blockades. After nearly two hours of discussion the meeting broke up without having done anything definite. They found themselves unable to advise the Council in any form. Three resolutions of advice were all voted down, and the Council were left about as much in the dark with regard to the wishes of the electorate as they were before the meeting. The variety of opinion was something extraordinary. Some thought wire fencing should be bonused, others thought it should not; some thought the bonus should be taxed up to the properties fenced, others thought the meeting was not representative and that a vote should be taken before anything was done in the matter. Others again thought fences would not be built even with the bonus unless farmers were forced to build them. This, of course, could not be done. In the face of all these very diverse opinions the meeting dispersed without arriving at any definite conclusion.

Does Your Side Ache.

When the first symptoms appear, rub with Nerviline—rub it in deeply. It penetrates to the muscles and cords that are sore—takes away stiffness—removes all strain and inflamation. If the condition is chronic, put a Nerviline Porous Plaster on the affected spot. This draws out any virus or neuralgic irritation, restores the tissue to their wonted healthiness, permanently cures any weakness or tendency to pain. Nerviline Plasters absorb all the deleterious secretions through the relaxed pores and when used along with Nerviline itself, every muscular pain or ache must go.

Band Concert

The band concert held in the town hall Tuesday evening was a splendid success, the hall being well filled with an appreciative audience The chairman was Rev. L. F. Kipp, who introduced the program in a few well-chosen words. The band gave several selections during the evening that were much enjoyed. Prof. Tucker gave two choice cornet solos and Mr. A. S. Thurston made his first appearance before an audience as a slide trombone soloist in "The Holy City." Several piano duets were given by Mrs. Blackburn and Miss Minnie Munshaw. Mrs. Blackburn and Miss Christene Richardson sang a very pleasing duet. Miss Zilla Trimble sweetly sang "Love Me and the World is Mine" A duet, "When ye gang awa', Jamie," by Miss Irene Wilson and Master Elmer Wright, has been heard before, but was vociferously applauded, and justly. Mrs. Blackburn sang "Last Night" in her usual pleasing manner. Among the outside talent was Mr. Clare Trelford of Markdale, who sang several selections and was well received. He has a pleasing voice and will be gladly heard here again, should he favor us. His accompanist was Mr. Joe Kelley, also of Markdale On behalf of the management we must especially thank these two gentlemen who came to the assistance of the committee at only a few hours notice. Mr. Doc Fairey of Maxwell made a pleasing variety with a number of comic songs that were encored to the echo. He was accompanied by Miss Brownridge. Prof. Tucker has reason to feel proud of the organization that he has brought up from practically green timber during the past few months. Those who are competent to judge say that it is little short of marvellous the manner in which the boys play, considering the short time since the band was re-organized with nearly all new talent. The citizens also have reason to feel proud of their organization May it long flourish

"Gentlemen,—I have pleasure in stating that I have used $18.00 worth of **Psychine**, and as a result was cured of very serious throat and lung trouble.

My case was a most difficult one, and the doctors had practically said that I could not get well. I tried **Psychine**, and it did me so much good that I continued its use until I had taken $18.00 worth, with the result that I am now a new man physically. I have gained thirty-five pounds.

"It is with the greatest confidence that I recommend **Psychine** to all who are afflicted with throat or lung trouble.

Yours truly, C. A. PINKHAM.
