Reserves

With a reserve you may meet a reverse—without flinching or sacrificing your assets.

A bank account built up by an individual or a business is similar to the cash reserve accumulated from year to year by a banking institution. Adopt this principle. Cash reserves mean not only safety but are the sinews from which success is built.

In any branch of banking service consult a Bank of Toronto branch manager.

THE BANK OF TORONTO

FEVERSHAM—C. H. Smith, Manager.
MARKDALE—W. L. Young, Manager.

Better the Man with His Eye to the Sky than the Man with His Ear to the Ground

ALL through its long, successful history, General Motors of Canada has had its eye to the horizon . . . listening not for what followed, but looking always toward the thing ahead.

And General Motors has seen many of its visions realized. . . .

It has seen a great industry grow up in Canada to supply the Canadian family with a means of transportation to meet its needs and resources, to answer the desire for style, dependability, luxury.

It has seen, in the Canadian Fisher Body plants, the perpetuation of Canadian ideals of craftsmanship.

It has seen, in the General Motors Research laboratories, the development of countless advances and refinements on which much of modern motoring comfort depends.

It has seen, on the General Motors Proving Grounds, the proof of principles which are now accepted factors in automobile design and construction.

It has seen the triumph of co-operative purchasing and manufacturing methods with their resultant economies to be shared with the buyers of General Motors cars.

And the eyes of General Motors are still to the horizon . . . still seeking new ways to improve General Motors cars and to place the cars within reach of ever-widening circles of Canadian buyers.
