JEWELLER.

Priceville.

"The borrowed days" were rough ones.

The C. P R. engines are busy hauling cedar ties, steel rails, coal, and other material to complete the road.

Dr. J. R. Atkinson and his mother, Mrs. Butter, took the train for Vancouver, B. C., on the evening of the 27th. The people here are sorry to lose the Dr. He is a good dentist, and his kind, genial manner and good workmanship brought him a large patronage. The greedy west takes away so many of our best young men.

The frequent use of the snow plow on our public road has aided traffic considerably.

Several barns and other outbuildings were more or less damaged on the 27th by the wind during the thunder storm. The roof of Alex. McMillan's barn, on the south line, was damaged; Sam Henderson's woodshed was badly wrecked, and, further east, the purline posts in Hugh Watters' barn were lifted out of place; and then, next farm, Geo Williamson had an out building carried off its foundation. Geo. is very thankful that he escaped being in it at the time.

Mr. John McCrea, blacksmith, is very ill this week.

Dr. J. A. McLeod, who has been practising during the fall and winter season at Blind River, Ont., is visiting his mother for a few days.

The common, though peculiar, query around town last week was "Did you get a kiss?" A large number of our male citizens do not answer in the negative. Hobson of the U. S. Navy kissed all the ladies at the depot when he was leaving for the war in Cuba, and it appears he has followers among both sexes.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanoga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by W. E. Richardson.

Kimberley.

Some of the farmers here have commenced plowing.

Mrs. Weber's little daughter is on the sick list at present.

The oil drillers were successful in striking slate rock on Saturday evening last.

Mr. George Proctor and son, Ernest who are working in Meaford, spent Sunday at their home here.

Much sympathy is felt for Mr. and Mrs. Geo. Hutchinson in the loss of their infant daughter, Margaret Alfleda, whose death occurred on Saturday morning last. Interment took place at Flesherton on Sunday last.

Mr. and Mrs. Neil Boyle and family have moved on to the farm lately vacated by Mr. and Mrs Teeter. We welcome them into our midst.

Mr. Harry Sloan, who has been in Toronto for some time past, returned home on Saturday last.

Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. W. E. Richardson.

Three delegates, Rev. A. P. Stanley, Mr. Harry Down and Mr. A. N. Brownridge, attended the Sunday School and Epworth League Institute, held in the Metropolitan church, Toronto, last week. Miss Laura Brownridge and Mrs Hawton were also in attendance. All report a most pleasant and profitable convention. A report of the Institute will be given at League on the 16th inst. by Rev. A. P. Stanley and others.

A meeting of the Women's Institute will be held at the home of Mrs. Wm. Wright, 8th line, on Wednesday, April 22. The meeting to commence sharp at 7 o'clock p. m. A lunch will be served at the close of the meeting. All members invited to attend.

Don't forget the Easter song service in the Methodist church.

Miss Sadie Cameron visited with her cousin, Annie Guy, last week.

We are sorry to report that our post master, Mr. Heron, has been very ill during the past week.

Another stormy Sunday caused the evening congregation to be rather small in numbers. Mr. A. N. Brownridge ably filled the Methodist church pulpit in the absence of the pastor, who will be in his pulpit next Sunday.

EUREKA!

Yes, I Have Found it at Last.

Found What? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by W. E. Richardson.

East Mountain.

This vicinity is subject to changes the same as other parts. We lean that Mr. R. Allen has sold his farm to J. R. Fawcett of Kimberley. The Kimberley cor. will now have to leave his writing to one side. We are glad to have Rob. in the neighborhood and hope that when he does come amongst us he will bring company with him.

Mr. Robt. McMullen had a successfull wood bee last Friday.

Misses Nettie Martin and Clara Smith of Owen Sound are visiting at their homes here.

Mr. Leslie Chard and Miss Mabel Chard of Rock Mills, spent Sunday at Robt. McMullen's

Eugenia.

The stormy weather of the past week was a dull look out for spring. Old King Winter came back with a bound as if determined not to give up The poor birds that had returned to their summer haunts hid themselves, disgusted with the treatment they had received.

Sugar making is in force, but the making of maple sugar will soon be a lost art in this part of Ontario.

Harry Foester gave a dance to a large number of friends one evening the past week. All report having a good time Several of the boys are said to have had leap year proposals and are half scared to death over it, and are making preparato get out—some to the west, others to the city and various other points to escape their fate.

The Famous Pedestrian

Gentlemen:—

"I was a martyr to catarrh of the head, throat and stomach. I was so bad the doctors feared consumption. I tried many physicians and medicines. A friend suggested Psychine. I tried it and it was the only thing ever did me any good. I am now perfectly well. It is the greatest remedy the world has ever known. I do not need it for my health now but I use it as a strengthener for my walking matches. I owe much of my physical endurance to Psychine."

JAMES REYNOLDS,
Port Hope, Ont.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and tell you how wonderfully it has worked. —Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. E. Richardson.
