Costa Rica Banana Plantations Raided by Savage Leopards

Tigres—the local name for the great leopards of South and Central America—are causing such an excessive loss of human life and live stock on the banana plantations of Costa Rica that an active campaign is now being waged against them.

In a recent issue of the Diario de Costa Rica a fruit company inserted the following advertisement: "Hunters take notice: We will pay $62.50 for every leopard killed on the lands of our plantations at Banano in the Pacuare region. We will furnish food and lodging to the hunters during their stay."

Costa Rican leopards are extremely ferocious, and often weigh from 300 to 400 pounds. Their method of attack is to conceal themselves in the branches of trees above a road and then leap down on their passing victims. They have so terrified the residents of rural districts that visiting after dark has been suspended unless under an escort of several armed men, and with dogs to run ahead.

Poisonous serpents also form a constant menace to Costa Rican agricultural laborers. The deadly coral snake and others almost as venomous lurk in the banana plants. Being almost the color of the foliage, they are seen with difficulty. Should the laborer be bitten in the hand or foot, the usual remedy is to slash off the wounded member with his machete, and the sight of mutilated natives of the laboring class is not uncommon. Recently the fruit companies operating in Costa Rica have obtained snake bite serum from Brazil, and it is expected that by its prompt injection many lives will in the future be saved.

MADE HER BABY PLUMP AND WELL

Nothing makes a mother more grateful than a benefit conferred upon her child. Mothers everywhere who have used Baby's Own Tablets for their children speak in enthusiastic terms of them. For instance, Mrs. Zepherin Lavoie, Three Rivers, Que., writes:—"Baby's Own Tablets are a wonderful medicine for little ones. They never fail to regulate the baby's stomach and bowels, and make him plump and well. I always keep a box of the Tablets in the house and would advise all mothers to do likewise." Most of the ordinary ailments of childhood arise in the stomach and bowels, and can be quickly banished by Baby's Own Tablets. These Tablets relieve constipation and indigestion, break up colds and simple fevers, expel worms, allay teething pains and promote healthful sleep. They are guaranteed to be free from injurious drugs and are safe even for the youngest and most delicate child. The Tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

No new dances are announced this season.. The dance thing sort of got mired in Black Bottom.

The night was clear and frosty. The two tramps sat in a manger. Suddenly a gust of wind blew open the door. "Old pard," remarked the other tramp, "them thar flakes is beginning to fall."

There was a dead silence. Then the other tramp spoke: "How I wisht they was cornflakes!"

Some interesting advice on how to care for a baby, as published in a newspaper advertisement: "When the baby is done drinking, it should be unscrewed and laid in a cool place under a tap. If the baby does not thrive on fresh milk it should be boiled."

Box-office seems to be the biggest thing about the boxing business

Most of us try to put off everything except a good time. After all, there is nothing unfair about a short skirt. It gives every man an equal show. Of all the bad habits a business man can get into, the worst one is to complain about business.

Havana Bars All Litter

Havana, Cuba, is probably the only city in the world whose street cleaners appear for work wearing starched linen, neckties and gloves, and with shoes luminously polished.

Six to eight men form the crew of each garbage truck, and they work on the run, a gong being sounded when the truck approaches each residence as a signal for the garbage cans to be set out. The law requires that the cans must be returned immediately after being emptied, and woe betide the careless servant who overlooks this obligation and leaves out cans for flies to reach.

Not a scrap of paper is to be found on the streets, for sweepers are always at work. Each afternoon the trees in the parks are sprayed and after midnight great watering trucks deluge the streets with such force that all dust and dirt are washed away.

TONE UP THE BLOOD AND NERVES NOW

Dr. Williams' Pink Pills Have No Equal for This Purpose.

Anaemia, or lack of good blood, causes not only pale faces and white lips; it is the root of many pains and miseries. It is the cause of shattered nerves, headaches and backaches, and the always tired feeling from which so many women and girls suffer. To regain new health and strength the blood should be enriched through the tonic treatment with Dr. Williams' Pink Pills. This medicine has brought new health and strength to thousands of weak despondent people.

Among those who have found new health through the use of this medicine is Mrs. Gregory J. Murphy, East Ship Harbor, N. S., who says:—"I bless the day I heard of Dr Williams' Pink Pills. Before I began their use I was in a run-down and very weak condition. The least exertion would leave me breathless and tired out. Housework was a trial, and at times I felt very despondent. A friend advised me to try Dr Williams' Pink Pills and I got six boxes. I had not been taking the pills very long until I began to improve in health, and continuing their use they restored me to my former good health. I also gave the pills to my daughter, who was aenaemic and run-down, with the same good results. Now I always have the pills in the house, and would not like to be without them"

Get a box of Dr Williams' Pink Pills from your druggist to-day, or send 50 cents to The Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you post paid A little book, "Building Up the Blood," which explains the treatment, will be sent free on request.

PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.
