Mr. Rob. Richardson, of the suburbs, recently saw a flock of wild geese numbering fifteen or sixteen. They had alighted in a field to pasture on some choice fall wheat. As he approached they all stood erect facing him, and in a moment took to their heels, or rather wings, flying off to more distant pastures.

At the April meeting of the Women's Missionary Auxiliary, Mrs. W. Boyd was elected to attend the Conference Branch Meeting in Elm Street Methodist Church, end of Toronto, the latter May, with Mrs. Nicholson as alternate. Miss Florence Thurston attends from the Mission Band.

The oil drillers at Kimberley ceased work a week ago Monday, and claim that the cessation was caused by a breakdown, but appear to be reticent in talking about it. One of the gentlemen in conversation with The Advance admitted that the prospect for oil was exceedingly good. He said the drill was 100 feet in the oil bearing shale and 600 feet from the surface. The drillers are apparently not taking the public into their confidence.

Our mail carriers have been experiencing a tough time during the past week. For six miles east of the village only wheels could be run; east of that only sleighs could get along. The Feversham stage did half the distance on runners and the other half on wheels on Monday Kimberley and Vandeleur were in a like trouble. West of the station the road is also high with snow, but in the vicinity of the town the snow and ice have about disappeared. Cold weather has delayed the advent of spring, but perhaps it was better so

A pleasing feature of J. & W. Boyd's millinery opening was the presence of the band on Thursday evening. Prof. Tucker brought out the band fifteen strong and lined up in front of the store, springing a complete surprise on the citizens of the town, as well as on Mr. Boyd. After playing several selections on the street they were invited into the store where they continued the concert. Mr. Boyd invited the boys up to examine the display of millinery and to get their expert opinions on it. Miss McBean and her efficient staff of assistants and other good looking young women tried on a number of hats which were duly admired by the unmarried portion of the band—the married ones asked the price. We are not in a position to state which were admired most, the hats or the young ladies.

Auction Sales.

An auction sale of farm stock and implements, the property of W. J. Conkey, will be held at Priceville on Monday, April 20, 1908, at 1 o'clock p. m. The pump business will also be offered for sale unless disposed of before. D. McPhail, auctioneer.

Flesherton Will Celebrate

At a largely attended meeting of citizens in the town hall Monday evening it was unanimously decided to celebrate the First of July in a manner befitting our reputation of past years. Strong committees were appointed to look after the affair, and a spirit of unanimity prevailed which augurs well for the day. The celebration will probably include a monster trades procession, horse racing, football, and a first class concert in the evening. Fuller announcements will be forthcoming shortly. There are nearly $400 in cash on hand at the presnet moment for this big event. Geo. Mitchell is president and J. A. Boyd secretary

Two masked robbers compelled Louis Rotenburg to stand with his hands raised over his head against a wall in his saloon in Chicago lately, and then stole from a drawer $1,300 which belonged to a brewing company. They immediately ran from the saloon, overlooking pay checks amounting to $2,500.

The moon's shadow which falls on the earth during an eclipse of the sun is about 50 miles in diameter.

As a result of a wager, Ed. H Galloway of New York City, an athlete, lost his life recently in Butler Creek, Arizona, in the presence of hundreds of spectators, who had gathered to watch his attempt to ride the dam in a rowboat. The rower went over the falls and was thrown into the rapids, where he made a brave fight for life, but he was swallowed up in the raging torrent.

The ways of the law are past finding out. Now, here is a case that was tried at the Spring Assizes in Walkerton about three weeks ago. It was an action for damages for slander, brought by a man named Whittling of Saugeen township against another Saugeen man, Robert Flemming by name, for saying things about his wife. The jury allowed the plaintiff $700 in the way of damages. Mr. Klein, the defendant's counsel, took exception to the amount of the verdict and now Judge Anglin holds that all he was entitled to was $1.

It is to be regretted in many ways that the small gristmills of the country are passing away. Combinations of capital have made the big mills to almost control the trade. These sell their flour and feed stuffs in competition with the local places. The resulss are that the farmer must pay higher prices for his bran and shorts, while obtaining no better grade of flour. It kills a lucrative local business to build up a company of wealthy men, not always desirable. With this state of affairs the farmer has everything to lose and nothing to gain. Adulteration is more possible and its detection more difficult. Were the farmer to purchase his own feeding grains and have them ground at his local mill, he would be receiving better value for his money. Thus the passing of the old mill works against the farmer's true interests —Ex.

Mr. Arthur Tennison, 88 London Street, Toronto, writes enthusiastically of the merits of Psychine for all stomach troubles.

"For seven years I have had indigestion and dyspepsia. I tried scores of remedies. My room resembled a drug store with nostrums which I had bought. Eventually I used Psychine, and every dose brought permanent relief."

All throat, lung and stomach troubles quickly cured by Psychine. It is the prescription of a great specialist. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.
