Cured of Rheumatism.

Mr. Wm. Henry of Chattanoga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by W. E. Richardson

Port Law.

Seeding is on, coats are off.

There is no time now for play—
We are all in a bustle,
And we're getting on a hustle,
For there's seed to be hidden right away.

Our school closed for Easter holidays on Thursday last. An interesting programme had been prepared and was enjoyed by a large number of visitors. Mr. J. A. Thompson was chairman and proved himself equal to the occasion. At the close of the program the pupils presented Miss Stafford with a neatly worded address and a beautiful jewel case as a memento of their affection and esteem. Miss Stafford, who resigned the school was entirely taken by surprise. She replied thanking the pupils for their kindness and presented each with a souvenir easter card.

The last three days of last week were gala days in Port Law, it being the occasion of Miss Osborne's millinery opening. Your scribe had not the privilege of making a personal inspection and passing expert judgement. She has plenty of roses, anyway, just as lovely! The ladies, and they are the best judges, unanimously pronounce the display as simply superb, all the latest styles being there in profusion. Miss Osborne has exquisite taste and she well merits the praise being lavished upon her product by the many admirers of her first display.

Mrs. D. Taylor of Owen Sound spent Eastertide with her brother, Mr. T. R. McKenzie.

Miss Pearl Watson is home from Toronto, where she has been visiting relatives.

Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedenatary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free W. E. Richardson.

Eugenia.

Eastertide passed over very quietly at Eugenia. Some visitors were here to spend the holiday with friends; others spent the day elsewhere. The Beaver is a grand sight at present as it tumbles over the falls to its rocky bed below. No improvements ever to be made will compensate the public for the loss of the beautiful falls so much admired by tourists from all over, who come to admire the lovely scenery around Eugenia. Old residents say they never have never seen a larger volume of water in the Beaver than this spring.

"SHOW ME" PROOF

That is what Hyomei will do in all forms of Catarrh and Troubles of The Breathing Organs.

It's not a question of Hyomei having cured some one else but will it reach your own particular case. If its cold in the the head, Catarrh, Bronchitis, Pneumonia, Croup or any affection of the breathing organs W. E. Richarnson and son say yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air from which destroys the germ life that causes oppressed breathing, Nasal Catarrh, Throat Irritation and Lung troubles. It brings to these suffering organs the balsam laden air they would get in the Pine Eucalyptus forests. The air that stamps out Bronchial troubles.

The prince of entertainers, Marshal P. Wilder, says; Hyomei is easy to use, and swift to cure. It insures against coughs and colds. It gives you pure air and kills the germ disease. It helps the voice.

Hyomei complete outfit, $1.00.

On Saturday afternoon the picker room of the Ontario Blanket Co., Clarksburg, caught fire, supposedly from something going through the picker. As there was considerable inflammable matter around it was not long in making considerable headway. The manager, Mr. M. P. Mangan, when the fire was discovered, hastened to disconnect the steam pipes in the room and in so doing received some bad burns from escaping steam. This act, however, proved to be the best thing at the right time, as the fire was thus checked in spreading till the hose could be got out. It was fortunate that, though the wind was very strong, it was in the right direction to prevent a serious spread. The fire was confined to the building, and though not as serious as might have been, did damage to about the extent of $400, which is fully covered by insurance.—Herald Reflector.

A school teacher near Mount Forest paid $4 and costs, $9.80 in all, rather than face the J. P. on a charge of overpunishing one of his pupils, a girl of 9.

Not a Miracle But Medical Science

Dr. T. A. Slocum, Limited,
Toronto, Ont.

Gentlemen:—

"Some time ago I began to lose flesh and failed every day until I had to quit work. My physicians and all my friends said I had contracted consumption. I failed from 165 pounds down to 119. I was advised to go to the Rockies or to the coast. I went to both places under heavy expense. I continued to fail, and was advised by the doctors to come home as nothing more could be done for me. Hope seemed to have left me.

"I tried Psychine and since starting its use I have gained from 119 to 141 pounds. I have used $10.00 worth of the medicine. I am a well man and I cannot say too much in praise of Psychine. The strongest recommendation would be weak in view of the fact that I believe it has saved my life. It is without doubt the best remedy for run-down conditions and weak lungs.

"I sincerely hope and trust that you will continue your good work of saving run down people and consumptive from the grave. Wishing you and Psychine continued success, I remain, one of Psychine's best friends."

ALEX. McRAE,
Sault Ste. Marie, Ont.

Almost every mail brings us letters like the above. Psychine will repeat this record in every case. It is the greatest medicine known. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.

COLLINSON BBOS.

J. P. Cowan of Dundalk trapped a musk rat in his cellar last week. We don't know whether it was out of season or not, but it was a case of self-defence. The animal came up the drain and it was living on the good things that were procurable in the cellar.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and tell you how wonderfully it has worked. —Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and eep possible. For sale by W. E. Richardson.
